28 November 66

12/1/66

Dear Blue Book,

My mother saw a U. F. O. but feels
she is ridiculous about writing to you
because she never believed in them.

It was on November 28, 1966 a Monday. The time of day was about 5:15 P.M. E.S.T. (Hk) It appeared approximately 200 yards above my mother. The duration was about one minute. Its color was white and lit up all over, It did not pulsate or make any sound. It was always level with the ground. The size was ~~of~~ that of an oil truck (the kind that make some deliveries), Its shape was ~~of~~ that of a stretched out egg. The estimated speed was about 5-10 miles per hour. The weather was so: Soupy cloud cover, chilly and rainy. No airplanes were allowed to take off from the Philadelphia or land. airport. My mother's emotional state before the sighting was sad and (very) dreary. My mother wishes no publicity. Her name and address is [REDACTED] Circle Media Penna. The sighting was on Rosebally Road, Nether Providence, Township near Media. If you would like to know the name of the ^{other} small road near the sighting; she

could find it out for you.

Sincerely yours

My friend
~~at his apartment~~
my mother

P.S. Please ~~write~~ what you think
of it.

P.S.

at dusk. all lit - white.

The car in front of me made a sudden right turn up the side street to follow it. He didn't have his turn signal on - but when this UFO appeared he quickly turned off in the direction "it" was proceeding. I am sure he saw it too, but I didn't turn as I was leaning down to watch it out my ~~left~~ right hand window. It was definitely not a plane - or like anything I ever saw before. - B.B.
