MEMO FOR THE RECORD

7 September 1967

Subject: UFO Sighting, 6 September 1967, Cincinnati, Ohio

Mr. [REDACTED] of 3 [REDACTED], Cincinnati 15, Ohio and his neighbors observed an unidentified flying object at 950 pm. Mr. [REDACTED] said he was intrigued at what he saw. The duration of the sighting was at least twenty minutes long, his next door neighbor observed the object while walking his dog. He and his son put binoculars and telescope on the object. The object looked like somebody reached down and put the object out. The object never changed position, it was in the west, 270 deg az and 75 deg elev. The object was perfectly stationary. The pulsating was similar to that of a lightning bug but not quite the same. Mr. [REDACTED] gave his boy and the neighbors boy a pencil and they all drew the same thing. It looked like the bottom of our space ships, with cracks in the surface, similar to that of a volcano. Mr. [REDACTED] said he didn't know if anybody was aboard but he sure would like to know what the object is. Mr. [REDACTED] feels that the people in this country are not crazy and that the Air Force has been a little pooh pooh about the sightings. Mr. [REDACTED] used to be in the Air Force. Mr. [REDACTED] is glad that the University of Colorado is doing their own independent evaluation and investigations into UFOs. Major Quintanilla said he would send him four copies of FTD Form 16⁴ so that he and his neighbors could complete them and return them in the self-addressed envelope.

a. Yes there were normal traffic indications on our radar scope. There was also some ECM due to an upcoming exercise noted in that period.

b. There was normal air traffic in the Waterloo area. No pilots reported anything unusual to the control tower in Waterloo. Traffic was not controlled by Waterloo but by Air Route Traffic Control Center (ARTCC) in Aurora, Illinois. Control tower personnel in Waterloo could not offer any explanation for this particular sighting. Personnel at ARTCC had no record of anything unusual reported to them on that date at that time.

Gentlemen:

I have been advised by the Air Force Special Investigation Agency in Cleveland to contact your office in order to report a strange sighting made by a friend and myself as we drove west on Cedar Avenue towards Cleveland from Gates Mills, on Tues. July 25. The sighting took place at approx. 11:15 P.M. and we telephoned the Lynhurst police at approx. 11:25 P.M. Although the police listened politely and said it would be reported to the proper agency, I believe it is possible that they did not take us seriously enough to do so. Both of us are very certain that what we saw was no aircraft operated by the United States, and that it can not be explained away as some kind of "natural phenomenon."

I am a Ph.D. candidate at the Case-Western Reserve Program of Philosophical Studies. My companion on that night was Mr. [REDACTED] a graduate student at Case Institute of Technology who will be graduated as a Ph.D. in Chemical Engineering this Sept.

I talked to Lt. Carr. about the sighting. He has not investigated it yet., however he is going to investigate. All information that he has is completely second hand. He has received through news media the following.

A little before 0400 1 a Mrs. [REDACTED] of Ossian woke up and saw a bright object skimming over the tree tops. She observed it for about 15 min.

Sometime befor 0400 1 a farmer from Farnsburgh named [REDACTED] saw a red tinged object that hurt his eyes when he looked at it. At about 0400 1 two police officers from Celein (one was the assist. chief of police) saw a circular object that was about a mile away. The object emitted blue rays that hurt their eyes. The object was first headed SE but then turned E. They followed it for about 2 mile till it turned NE. They continued to follow another 2 mile till their car had a flat tire and they were forced to stop.

At or about the same time a motorist [REDACTED] on the road from Celein to Strawberry saw a bright object that hurt his eyes. It seemed to go too slowly to be an airplane . He followed it for a while but finally lost it.

A little later three girls at Prairie Du Chien reported seeing a UFO to the Nuns at the School (?) they attend.

Object was observed only as bright light. Subject saw 300 ft. with yellow light bulb at a distance of approx 1 mile away. It changed color from yellow to bright white. It changed color briefly and started to approach observers position then went back to it's original position. There were no vapor or smoke trails. Observer did not state how object disappeared. although the color change from yellow to white cannot be explained. Observer saw a total of four UFO's in two days, all were similar to the above sighting.		See also 5 Nov 67

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

A YELLOW LIGHT BULB AT A DISTANCE OF
APPROXIMATELY $\frac{1}{4}$ MILE WOULD APPEAR SIMILAR TO
THE OBJECT EXCEPT FOR PERIODS OF INTENSE
BRIGHTNESS.

On Tuesday evening we were driving west on Cedar Road at approximately 30 miles an hour. I was driving, and through the windshield I noticed a peculiar light ahead of us and to my left. It first caught my attention because it was much too low to be an airport searchlight, although that is the best analogy I can offer of what I saw at that moment. I did not know until later that Mr. [redacted] had also noticed it while it was still ahead of us. As we came closer, we both realized that it was moving toward us, and as it approached we saw what looked like 4 or 5 streaks of glowing light, perfectly parallel to each other and moving parallel to the road, going east. The best description we could give of the impressions we received at that moment is that it looked somewhat like illuminated disconnected telephone wires moving through space. It wasn't until they were directly alongside of us that we could see it as 4 or 5 distinct glowing objects travelling very fast and in seemingly perfect formation.

The most peculiar aspects of what we saw were: 1. the objects were moving quite low (Mr. [redacted] estimates 30 - 50 feet); 2. they were quite close to, and parallel with, the highway we were driving on; 3. they were traveling in perfect formation, at a rather high speed (although nothing like the speed of a jet plane) and were moving in a definite

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass where you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

THE OBJECT WAS OBSERVED ONLY AS A BRIGHT
LIGHT — IT CHANGED COURSE BRIEFLY AND STARTED
TO APPROACH MY POSITION THEN VEERED BACK TO
ITS PREVIOUS COURSE.

29. IF there was MORE THAN ONE object, then how many were there? _____

Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

I HAVE NEVER BEFORE SEEN ANYTHING
THAT WAS EVEN REMOTELY SIMILAR TO
THIS OBJECT.

31. Was anyone else with you at the time you saw the object? (Circle One) ☒ Yes ☐ No

31.1 IF you answered YES, did they see the object too? (Circle One) ☒ Yes ☐ No

31.2 Please list their names and addresses:

IN 1944, AT THE AGE OF FIFTEEN, I WAS

BOTH DAYTIME AND NIGHTTIME HOURS.

33. When and to whom did you report that you had seen the object?

30 10 1967
Day Month Year

REPORT WAS MADE TO WPAFB UFO DEPARTMENT.

34. Date you completed this questionnaire:

2 11 1967
Day Month Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I OBSERVED THIS OBJECT FOUR DIFFERENT TIMES. THE FIRST OBSERVATION WAS MADE ON 29 OCTOBER, 1967, AT 8:30 P.M. - THE SECOND OBSERVATION WAS MADE ON THE SAME DATE AT MIDNIGHT. THE THIRD OBSERVATION WAS MADE ON 30 OCTOBER, 1967 AT 9:15 P.M. THE FOURTH OBSERVATION WAS ON 30 OCTOBER, 1967, AT 10:00 P.M. AND IS THE OBSERVATION DESCRIBED IN THIS REPORT.

THE OBJECT WAS OBSERVED IN THE MOST INCREDIBLE MANNER DURING THE SECOND SIGHTING (MIDNIGHT ON 29 OCTOBER, 1967). THE FIRST OBSERVATION MADE ME QUITE CURIOUS SO I SPENT SEVERAL PERIODS OF 30 MINUTES OR THEREABOUTS STANDING IN MY SIDE YARD IN AN EFFORT TO OBTAIN ANOTHER LOOK AT THIS OBJECT AND PERHAPS IDENTIFY IT. AT MIDNIGHT I WAS LOOKING TO THE WEST WHEN INSTANTLY AND SUDDENLY A BRIGHT YELLOW LIGHT APPEARED APPROXIMATELY TEN DEGREES TO THE RIGHT OF THE SPOT AT WHICH I WAS LOOKING. THE LIGHT APPEARED ABOVE (SLIGHTLY) AND BEYOND A LARGE SOLITARY TREE WHICH STANDS APPROXIMATELY 800 FEET (OVER)

AWAY FROM MY YARD. THE OBJECT WAS AT LESS THAN 15 DEGREES ELEVATION. IT REMAINED ABSOLUTELY STATIONARY FOR A PERIOD WHICH I WOULD ESTIMATE AT FIVE OR SIX SECONDS AND THEN GLIDED AWAY TO THE NORTH (SLIGHTLY NE) AT PERHAPS 200 MPH. (THE OBJECT REMAINED IN SIGHT ON ALL FOUR OCCASIONS UNTIL IT DISAPPEARED OVER THE HORIZON A LITTLE NORTH OF NORTHWEST. AT NO TIME DID THE OBJECT EMIT ANY SOUND OF ANY KIND. IT NEVER APPEARED TO FLICKER, GO ON AND OFF, NOR DID IT CHANGE SPEEDS. IT APPEARED ONLY AS A VERY BRIGHT LIGHT WHICH, DURING THE FIRST AND FOURTH OBSERVATIONS ESPECIALLY, BECAME INTENSELY BRIGHT. THESE BRIGHTEST PERIODS LASTED FOR APPROXIMATELY TWO OR THREE SECONDS EACH AND OCCURRED THREE OR FOUR TIMES DURING EACH OBSERVATION.

I MIGHT ADD THAT OBSERVATIONS #1 AND #2 WERE MADE ON A BRIGHT AND CLOUDLESS NIGHT. ALSO, THE FACT THAT THE OBJECT WAS NOISELESS IS SOMETHING OF WHICH I AM ABSOLUTELY CERTAIN INASMUCH AS MY YARD IS SITUATED ALMOST $\frac{1}{4}$ MILE BACK A LANE AND IS VERY QUIET. THE SOUNDS OF BOTH JET AND PROPELLER DRIVEN

(SEE ATTACHED PAGE)

PAGE 9

AIRCRAFT ARE CLEARLY AUDIBLE FOR LONG DISTANCES IN MY YARD SINCE THERE ARE PRACTICALLY NO COMPETITIVE SOUNDS AND THE AREA IS OPEN.

I AM UNABLE TO GIVE ANY INFORMATION ON THE CONFIGURATION OF THIS OBJECT DUE TO THE FACT THAT THE ENTIRE OBJECT WAS BRIGHTLY LIGHTED. IT HAD NO NAVIGATION LIGHTS — JUST THE BRIGHT ILLUMINOSITY OF THE OBJECT ITSELF. ON TWO OCCASIONS DURING OBSERVATION #4 IT CHANGED COLOR, GOING FROM BRIGHT YELLOW TO BRIGHT WHITE.

IN 1944 I OBSERVED A WEATHER PHENOMENON KNOWN AS "BALL LIGHTNING". THIS OBJECT BORE NO RESEMBLANCE TO "BALL LIGHTNING". IT WAS NOT AN AIRCRAFT OF ANY TYPE. IT WAS NOT A METEORITE. IT WAS NOT A CELESTIAL BODY.

I DON'T KNOW WHAT THIS OBJECT WAS BUT IT APPEARED AS A VERY BRIGHT LIGHT WHICH SEEMED TO GLIDE ALONG — SILENTLY. IT WAS NOTHING EVEN REMOTELY SIMILAR TO ANYTHING WHICH I HAD EVER SEEN BEFORE.

(OVER)

PAGE 10

I will SAY THAT IT WAS AN EERIE AND SOMEWHAT FRIGHTENING SIGHT. IN FACT, IT FRIGHTENED MY WIFE INTO TEARS.

I WOULD APPRECIATE IT IF YOU CAN OFFER SOME CREDIBLE AND REASONABLE EXPLANATION REGARDING WHAT THIS OBJECT MIGHT HAVE BEEN. I AM NOT A "FLYING SAUCER" NOT BUT I MUST ADMIT THAT I CAN'T HELP WONDERING WHAT IN HELL I SAW.

When I HAVE AN OPPORTUNITY I WILL CONTINUE TO LOOK FOR THIS OBJECT. (ALL FOUR OBSERVATIONS WERE FLYING THE SAME COURSE—FROM SW TO NE; NW BEING THE POINT AT WHICH THE OBJECT DISAPPEARED OVER THE HORIZON.) PERHAPS IF I CONTINUE TO SCAN SW I MIGHT SEE IT AGAIN—THIS TIME I'LL TRY TO PHOTOGRAPH THE OBJECT WITH A CAMERA WHICH I HAVE LOADED AND READY. I'LL NOTIFY WFAFB IF I SECURE A PHOTOGRAPH.

THANK YOU.

VERY TRULY YOURS,

Only Officer

All of this took place within a few seconds, but I have tried to describe as best as I can how it appeared at each successive stage--that is, at the points at which it was ahead of us, along side of us, and passed us. Looking back through the rear window, we were no longer able to see it. The area alongside of the highway over which it was flying was somewhat open and desolate. We did not detect any sounds from the objects, and there were no other cars on the road at that moment. We stopped at a gas station a few minutes later and telephoned the police.

I am reporting this to you in case you have received other reports on that evening and may find this information useful. I believe I have told you all I can remember, but if you should want to contact me I will be at the above address until Friday, July 28. This thing was strange, but
it was too far away to see any shape.
it did not get close enough to land.
it was not moving ~~down~~ to the earth,
but seemed to be going very slowly away
up in sky.

It started going up, then when it
got up so far it stopped moving up, but
instead moved westward.

also when it stopped moving upward
and before moving westward it hovered in
one place a long while then moved to the
southwest.
