U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

17 Jan 1967
Day Month Year

2. Time of day: 2 30
Hour Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

Frankfort, Kentucky (Franklin Co.)
Nearest Postal Address

City or Town

State or County

5. How long was object in sight? (Total Duration)

1 30
Hours Minutes Seconds

a. Certain
b. Fairly certain

c. Not very sure
d. Just a guess

5.1 How was time in sight determined? Guessing

5.2 Was object in sight continuously? Yes _____ No X

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a. Bright
b. Cloudy

Not bright, but dark.
Not cloudy, however.

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- b. A few
- c. Many
- ☒ d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- c. No moonlight - pitch dark
- ☒ d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One).

- a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light (a series of lights)
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- ☒ a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

As bright as running lights on aircraft.

12. The edges of the object were:

- (Circle One)
- ☒ a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- | | | | |
|---|--------------------------------------|-------------------------------------|------------|
| a. Appear to stand still at any time? | Yes | ☒ No | Don't know |
| b. Suddenly speed up and rush away at any time? | Yes | ☒ No | Don't know |
| c. Break up into parts or explode? | Yes | ☒ No | Don't know |
| d. Give off smoke? | Yes | ☒ No | Don't know |
| e. Change brightness? | Yes | ☒ No | Don't know |
| f. Change shape? | Yes | ☒ No | Don't know |
| g. Flash or flicker? | ☒ Yes | No | Don't know |
| h. Disappear and reappear? | Yes | ☒ No | Don't know |

14. Did the object disappear while you were watching it? If so, how?

Yes. Behind a tree in the yard. I did not see it again, but I came inside to get my husband to look at it. When we came back, it was not there.

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't Know. IF you answered YES, then tell what it moved behind: A tree.

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

- a. Sound No sound. It appeared to glide.
 b. Color Two red blinking lights and three panels of yellowish light.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

A match head would have covered approximately 10 per cent of the object.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

These five lights flashed continually in sequence from left to right.

20. Do you think you can estimate the speed of the object?

(Circle One) Yes No

IF you answered YES, then what speed would you estimate? 75 - 100 mph.

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes No

IF you answered YES, then how far away would you say it was? 1 mile.

22. Where were you located when you saw the object?
(Circle One):

- a. Inside a building
- b. In a car
- c. Outdoors
- d. In an airplane (type)
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- | | | | |
|--------------|--------------|--------------|--------------|
| a. North | c. East | e. South | g. West |
| b. Northeast | d. Southeast | f. Southwest | h. Northwest |

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|------------|-----------|----------------|-----|-----------|
| a. Eyeglasses | <u>Yes</u> | No | e. Binoculars | Yes | <u>No</u> |
| b. Sun glasses | Yes | <u>No</u> | f. Telescope | Yes | <u>No</u> |
| c. Windshield | Yes | <u>No</u> | g. Theodolite | Yes | <u>No</u> |
| d. Window glass | <u>Yes</u> | No | h. Other _____ | | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.
A cigar, if pointed on both ends.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass where you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

The broken line indicates that it was lower in the sky when I saw it the second time after I ran through the house and outside. I did not actually see it do this.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

On January 16, 1967, (in Woodford Co., Ky., in the direction of Anderson Co. On January 17 (same general vicinity). On January 18, Anderson Co. as I was moving northwest on U. S. 62.

31. Was anyone else with you at the time you saw the object? (Circle One)

Yes

No

31.1 IF you answered YES, did they see the object too? (Circle One)

Yes

No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME

Last Name

First Name

Middle Name

ADDRESS

Street

Frankfort,

City

Zone

State

Kentucky 40601

TELEPHONE NUMBER

AGE

28

SEX

F

Indicate any additional information about yourself, including any special experience, which might be pertinent.

Reasonably familiar with light patterns on night-flying aircraft.

33. When and to whom did you report that you had seen the object?

18

Day

January

Month

1967

Year

I mentioned this object as part of a verbal report to the Foreign Technology Division at Wright-Patterson AFB.

34. Date you completed this questionnaire:

3

Day

March

Month

1967

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

An object similar to the one described in this questionnaire was sighted between 6:30 and 7:00 p.m., EST, traveling from west to east over the east end of Frankfort, Kentucky, at a speed estimated by my husband to be 600 mph and an altitude (also estimated by husband) of 2,000 - 3,000 feet. We were in an automobile and had it in sight for no more than 10 seconds. However, it struck me as so similar, except that it consisted of three very bright yellow lights flashing alternately but in no recognizable sequence. I can give no other details except that it appeared to me to be closer than my husband estimated (I would guess between 1,000 and 1,500 feet) and was moving very rapidly.

16 Jan 67

FEB 28 1967

Your letter of January 26, 1967 concerning several unidentified flying object (UFO) sightings by your husband and other individuals was referred to this office for reply.

Our office has received several reports of a blue-green cloud on the morning of January 16, 1967. These other reports were from Georgia, Tennessee, and North Carolina. A detailed investigation into the matter revealed that Eglin Air Force Base, Florida was engaged in an upper atmosphere research study at the time of the sighting. A two stage Nike-Iroquois rocket which contained a vaporized barium payload was launched at approximately 5:48 a.m. CST January 16. At an altitude of approximately 100 miles, the barium payload was ejected. This produced an enormous green vapor cloud which was visible for several hundred miles. The Public Information Office at Eglin informed our office that this cloud formed an elongated pattern along the lines of the earth's magnetic field and was visible for approximately 30 minutes.

The description in the news clipping you provided is quite similar to those we have already received concerning the January 16 early morning observation. Upper atmospheric research studies this past year have been responsible for numerous UFO observations.

As for the other sightings, I can offer no comments without additional information. If you and your husband would complete the inclosed FED Form 164 on your successive night observations, an evaluation will be attempted.

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will not be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

18 Jan. 1967
Day Month Year

2. Time of day: 7 55
Hour Minutes

(Circle One): A.M. or P.M.

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

Near Fox Creek RECC Lawrenceburg Kentucky (Anderson Co.)
Nearest Postal Address City or Town State or County

5. How long was object in sight? (Total Duration)

-- 3 - 5
Hours Minutes Seconds

a. Certain

b. Fairly certain

c. Not very sure

d. Just a guess

5.1 How was time in sight determined? By duplicating our actions on a succeeding date.

5.2 Was object in sight continuously? Yes X No _____

6. What was the condition of the sky?

DAY
a. Bright
b. Cloudy

NIGHT
a. Bright
b. Cloudy

Neither bright nor cloudy.
It was quite dark.

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right

d. To your left
e. Overhead
f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS (Circle One):

- a. None
- ☒ b. A few
- c. Many
- d. Don't remember

8.2 MOON (Circle One):

- a. Bright moonlight
- b. Dull moonlight
- ☒ c. No moonlight - pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- a. Clear sky
- b. Hazy
- ☒ c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One).

- a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- a. Brighter
- b. Dimmer
- ☒ c. About the same
- d. Don't know

11.1 Compare brightness to some common object: Slightly dimmer than the red flashing light on a tower which was visible at the same time.

12. The edges of the object were:

- (Circle One)
- a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other No outline of the object was visible, but the lights on it were sharply outlined.

13. Did the object:

(Circle One for each question)

- | | | | |
|---|--------------------------------------|-------------------------------------|----------------------------------|
| a. Appear to stand still at any time? | ☒ Yes | ☐ No | ☐ Don't know |
| b. Suddenly speed up and rush away at any time? | ☒ Yes | ☐ No | ☐ Don't know |
| c. Break up into parts or explode? | ☒ Yes | ☒ No | ☐ Don't know |
| d. Give off smoke? | ☒ Yes | ☒ No | ☐ Don't know |

January 26, 1967

Foreign Technology Division
TDSD-UF
Wright-Patterson Air Force Base
Dayton, Ohio 45433

Gentlemen:

On the evening of January 18, 1967, I telephoned your office regarding several UFO sightings by my husband, a friend, and me. In the verbal report, I mentioned that I had observed strange-looking objects on three successive nights (January 16-18) and that the one I came closest to was near the Kentucky Utilities Power Plant, located between Lawrenceburg and Frankfort.

Because of my curiosity about the object's proximity to the power plant, I have since returned to the area of the sighting and discovered that the object we had seen hovering was located exactly one-tenth of a mile from the power lines which cross over the highway at that point.

You will notice in the clipping I am enclosing (from the January 26, 1967, Frankfort State Journal) that all witnesses, excluding the report of an object near the Shelbyville sub-station prior to the power failure there, reported the objects they saw as moving in the direction of Lawrenceburg or as being located in the sky toward Lawrenceburg.

You will notice, too, that one witness described the object she saw as looking to be "about the size of one of those big water towers". In my report, I used the same analogy to describe the object I watched near the KU plant on January 18.

Several other reports, similar to the ones I am enclosing, have come to my attention during the past week, and one of those reports is similar to both the newspaper accounts and my own report. The person described the object he saw to me as similar to "a bluish-green cloud with three 'legs' underneath and it looked kind of like a water tower." This was seen in Shelby County on January 15 at 7 a.m., and it was in the sky in the direction of Lawrenceburg.

The similarity of all of these accounts is striking, I think, and I felt that you should receive this additional information. Perhaps it will be of some help in the study being made concerning UFOs.

Sincerely,
[REDACTED]
[REDACTED]

14. Did the object disappear while you were watching it? If so, how?

It suddenly sped off, climbing gradually but rapidly, until it was beyond our visual range.

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes ☒ No ☐ Don't Know. IF you answered YES, then tell what it moved behind:

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes ☐ No ☒ Don't Know. IF you answered YES, then tell what in front of:

17. Tell in a few words the following things about the object:

a. Sound No sound at all.

b. Color The only visible part consisted of two red and two yellow lights.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

The head of a match would have easily obscured each individual light. When assuming an outline from the arrangement of lights, the object appeared to be the size of a compact car.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

☒ No

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One)

☒ Yes

No

IF you answered YES, then how far away would you say it was? 100 yards to our left and 150-175 feet up.

22. Where were you located when you saw the object?

(Circle One):

- a. Inside a building
- ☒ b. In a car
- c. Outdoors
- d. In an airplane (type)
- e. At sea
- f. Other _____

23. Were you (Circle One)

- a. In the business section of a city?
- b. In the residential section of a city?
- ☒ c. In open countryside?
- d. Near an airfield?
- e. Flying over a city?
- f. Flying over open country?
- g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

- | | | | |
|--------------|--------------|--------------|---|
| a. North | c. East | e. South | g. West |
| b. Northeast | d. Southeast | f. Southwest | ☒ h. Northwest |

24.2 How fast were you moving? 35 - 0 miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

☒ Yes

No

25. Did you observe the object through any of the following?

- | | | | | | |
|-----------------|--------------------------------------|----|--|-----|-------------------------------------|
| a. Eyeglasses | ☒ Yes | No | e. Binoculars | Yes | ☒ No |
| b. Sun glasses | Yes | No | f. Telescope | Yes | No |
| c. Windshield | ☒ Yes | No | g. Theodolite | Yes | No |
| d. Window glass | Yes | No | h. Other <u>Also with car window down.</u> | | |

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw. The arrangement of four lights reminded us instantly of a water tower with a light placed at each corner.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there? _____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

On January 16, 1967, (in Woodford Co., Ky., in the direction of Anderson Co. On January 17, (2:30 a.m., EST) in Franklin Co. over my house. On January 17 (9:15 p.m. to 11:30 p.m.) same general vicinity as January 16 sighting.

31. Was anyone else with you at the time you saw the object? (Circle One) ☒ Yes ☐ No

31.1 IF you answered YES, did they see the object too? (Circle One) ☒ Yes ☐ No

31.2 Please list their names and addresses:

Gerald L. Greenlief (husband)

32. Please give the following information about yourself:

NAME
 Last Name First Name Middle Name

ADDRESS Frankfort, Kentucky 40601
 Street City Zone State

TELEPHONE NUMBER AGE 28 SEX F

Indicate any additional information about yourself, including any special experience, which might be pertinent.

I am reasonably familiar with conventional aircraft when viewed after dark.

33. When and to whom did you report that you had seen the object?

18 January 1967
 Day Month Year

In an oral report to the Foreign Technology Division at Wright-Patterson AFB, I mentioned this incident. No detailed report was filed.

34. Date you completed this questionnaire:

3

Day

March

Month

1967

Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

My husband and I were in the area of the sighting described herein as a result of an incident which occurred the previous evening, when a friend and I watched some unusual-acting lights for almost three hours. (That report was filed by me by telephone, January 18, 1967.) Upon studying detailed maps of the county in which we were located and also the county in the direction of the strange lights, we were able to approximate the location. Near the point from which my friend and I had viewed the lights, we also observed subsequently that the red light on the Fox Creek Rural Electric Cooperative tower is visible (a distance of approximately ten miles), which gave us a good idea as to the location of the erratic lights we had seen.

For this reason, my husband and I drove to that area. It was at this time that we were amazed to see not only the light on the tower but the peculiar arrangement of lights described in this report.

These lights were above the treetops 100 yards or so from the highway. Upon seeing them, my husband slowed the car. I rolled down the window to get a better look and to see if there was any noise. Proceeding past the object, we pulled into a driveway or some type of road to turn around and go back to the object so that we would be on the same side of the road as it was. While waiting for an on-coming car to pass so that we could pull onto the highway again, the object suddenly sped off, ascending gradually and moving out of sight within 5 seconds or so. Just before it went out of sight, I noticed that the four lights now appeared to be arranged almost in a straight line rather than two under the other two as they were when we first watched it. The one red light was still blinking furiously.

I might add that had we not known the area and had we not been looking for some clue to the previous night's sighting, the object would most probably not have attracted our attention, as it did not move at all until we were waiting for the other car to pass so we could go back for another look.

- c. No moonlight - pitch dark
- d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS (Circle One):

- ☒ a. Clear sky
- b. Hazy
- c. Scattered clouds
- d. Thick or heavy clouds

WEATHER (Circle One):

- ☒ a. Dry
- b. Fog, mist, or light rain
- c. Moderate or heavy rain
- d. Snow
- e. Don't remember

10. The object appeared: (Circle One).

- a. Solid
- b. Transparent
- c. Vapor
- ☒ d. As a light
- e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? (Circle One):

- ☒ a. Brighter
- b. Dimmer
- c. About the same
- d. Don't know

11.1 Compare brightness to some common object:

slowly pulsed on & off - red/yellow-green

12. The edges of the object were:

- (Circle one)
- ☒ a. Fuzzy or blurred
 - b. Like a bright star
 - c. Sharply outlined
 - d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

- a. Appear to stand still at any time?
- b. Suddenly speed up and rush away at any time?
- c. Break up into parts or explode?
- d. Give off smoke?
- e. Change brightness?
- f. Change shape?
- g. Flash or flicker?
- h. Disappear and reappear?

☒ Yes	No	Don't know
☒ Yes	☒ No	Don't know
☒ Yes	☒ No	Don't know
☒ Yes	☒ No	Don't know
☒ Yes	☒ No	Don't know
☒ Yes	☒ No	Don't know
☒ Yes	No	Don't know

14. Did the object disappear while you were watching it? If so, how?

disappear 5 to 6 seconds at a time

15. Did the object move behind something at any time, particularly a cloud?

(Circle One):

☒ Yes

☐ No

☐ Don't Know.

IF you answered YES, then tell what

it moved behind:

appeared to go behind a hill on
Horizon

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One):

☐ Yes

☒ No

☐ Don't Know.

IF you answered YES, then tell what

in front of:

17. Tell in a few words the following things about the object:

a. Sound

NO

b. Color

Red, with moving lights around it yellow-green w/ lights

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

$\frac{1}{2}$ - 1 size of match head

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

none - shape, elongated
more of just light visible
no definite shape reported.

20. Do you think you can estimate the speed of the object?

(Circle One)

Yes

☒ No

very fast.

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One)

Yes

No

3 to 5 miles

IF you answered YES, then how far away would you say it was? *less than 10 miles*

22. Where were you located when you saw the object?

(Circle One):

a. Inside a building

☒ b. In a car

☒ c. Outdoors

d. In an airplane (type)

e. At sea

f. Other _____

23. Were you (Circle One)

a. In the business section of a city?

b. In the residential section of a city?

☒ c. In open countryside?

d. Near an airfield? - *LEXINGTON*

e. Flying over a city? *15 miles away*

f. Flying over open country?

g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North

☒ c. East

e. South

☒ g. West

b. Northeast

d. Southeast

f. Southwest

h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One)

☒ Yes

No

*several sightings
Highway 60*

25. Did you observe the object through any of the following?

a. Eyeglasses

☒ Yes

No

e. Binoculars

☒ Yes

No

b. Sun glasses

Yes

No

f. Telescope

Yes

No

c. Windshield

Yes

No

g. Theodolite

Yes

No

d. Window glass

☒ Yes

No

h. Other *without glass*

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

*similar to tower with red flashing light
except it moved very rapidly*

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you first saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you last saw it. Place an "A" on the compass when you first saw it. Place a "B" on the compass where you last saw the object.

28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

movement up/down and left/right
very erratic and on slope up/left/ or down/right

29. IF there was MORE THAN ONE object, then how many were there? yes
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

yellow-green at random and moved.

at one time one yellow/green object moved
away from main body.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

17 + 18 Jan 67 Somers, however,
had to observe from little different location.

31. Was anyone else with you at the time you saw the object? (Circle One) ☒ Yes ☐ No

31.1 IF you answered YES, did they see the object too? (Circle One) ☒ Yes ☐ No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME [REDACTED] [REDACTED] [REDACTED] MRS.
Last Name First Name Middle Name
ADDRESS [REDACTED] CHICK ASAW TRAIL FRANKFORT, KENTUCKY
Street City Zone State
TELEPHONE NUMBER [REDACTED] AGE 28 SEX FEMALE

Indicate any additional information about yourself, including any special experience, which might be pertinent.

House wife - none.
lives in suburb of Frankfort, Ky.

33. When and to whom did you report that you had seen the object?

19 January 1967
Day Month Year

telephone call 0100 EST
19 Jan 67

Capt John W. Hueston Duty Officer FTD.

34. Date you completed this questionnaire:

19 January 1967
 Day Month Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

saw last 1900 EST 1/18 Jan 67 until 2230/18 Jan
 went out on county road. McKee cross road,
 0.4 miles west of Hwy 60. trying to get closer to
 object. could not see object because of trees etc.
 went out Milvill road and saw object.
 Had object lined up with fence post and
 object appeared to move slowly. Glen Creek
 road - near Kentucky River, went back
 toward Versailles/Lourenburg Kentucky
 and saw veresoke on bridge and saw object between
 Kentucky Utilities + Coop Electric on Hwy 62
 saw object 150 to 200 feet above tree tops - 2 red lights
 with 2 yellow lights underneath, & one red light
 going on/off slowly. When car pulled off on
 side road object suddenly moved extremely
 rapidly - out of sight in about 5 seconds,
 moving up and away from 300 ft ~~out of~~
 distance. no noise - some static on
 radio.

Has seen object many times past 3 days,
 as have other people in Frankfort area,
 power failure in Henry county 16 Jan 67 - 54 minutes.
