Dear Sirs,

I saw two UFO's on Wednesday night January 25, 1966. The first one was sighted about 7:15 and it was silent and was moving at a fast pace. It headed in a westward direction and had 1 white light. I lost it and then I again saw it and it had stopped, it made a slow decent.

The second one sighted about 7:40 and made a fast decent. It had flashing lights, about 3 or 4.

I have 4 other witnesses other than myself. My name is [redacted] and I am 13. The other people were [redacted] 12, [redacted] [redacted] [redacted].

The weather was partly cloudy and I was at my church meeting.

Yours Truly,
