FTD Form 164 w/envelope

March 24, 1967

Dear Sir:

Thank you for your inquiry into my UFO. I must say I am very red faced! Since reporting my UFO -?, I believe I have discovered what it was. The night I saw the object was very cloudy and foggy. About a week or so after my sighting I saw the object in the same place, red in color as it was before, only this time it was just a little cloudy and I could determine it was the moon! I watched and it changed colors as before. I feel what I saw was the bottom of the moon, very red, covered by clouds and very heavy fog.

An embarrassed UFO spotter,
[REDACTED]

Mr. [REDACTED]

Kansas City, Missouri 64131

Dear Mr. [REDACTED]

Reference your correspondence of March 24, 1967 regarding your explanation for your observation.

I wish to personally thank you for contacting this office in regards to your explanation. Don't be too concerned, because I know you are not the only individual who has viewed a normal phenomena under unusual conditions and at first believed it to be an unidentified flying object. Only a very few persons, though, ever contact us with a possible explanation. Again, many thanks for the note.

Sincerely,

HECTOR QUINTANILLA, Jr, Major, USAF
Chief, Project Blue Book
