ANCHORAGE, KENTUCKY 40223

April 18, 1967

Dear Major Quintanilla, Jr.:

Thank you for your letter of April 14 re my reported UFO Observation, as well as the official Air Force Information Form.

Since the date that I called your Headquarters in Dayton, I have seen and experienced enough phenomena to fill 10 or a dozen of these forms, and because I am a "widow" with teen-age children who must do mountains of home work each evening, I have been free to observe and travel away from the Louisville-Anchorage area nearly every evening to test the things that have been happening.

I really am sorry I ever called your office for I feel that some Air activity (by either the Air Force or local Air Guard) has increased in this vicinity and will eventually spoil and/or frighten away whatever UFO's are around.

Unfortunately, I related one or two of my experiences to a friend here who immediately informed others that I've lost my "marbles". Happily, the Director of the University of Louisville Planetarium has observed some of the same phenomena as I and is open-minded enough to agree to try a dual observation which to date I have never been able to achieve.

I hope you won't feel that I am disloyal to the U.S. Air Force, but frankly, my amateurish scientific curiosity has been terribly aroused by what has happened and I have tried to carefully annotate each and every super (supra) natural occurrence. Of one thing I am sure... whatever, whoever, from wherever these things come, they are not Russians or hostile Earthlings....for to be brutally frank, I am almost 50 years old, a chain smoker, physically deteriorating and a most unlikely specimen of the Homo Sapiens Genus. Therefore, one can, at least, reason that these "things" don't have a great deal of knowledge about typical human beings.

The only observation I would wish to reveal to you at this time is that what I have observed and experienced are not "Flying Saucers" capable of carrying humanoids...even mid-gets would have to be terribly tiny to be contained in a form the size of a beach ball (at close range). The only request I have to make of you is that you keep the Fly-fly boys away from here for the time being, so that if a contact of any sort is possible, it can be pursued in quiet and without harassment. I have been so close so often to some form of UFO that I am sure if they intended harm they could have inflicted it weeks ago. Thank you for your cooperation. Please know I have careful notes about it all which I will give you [REDACTED]

Sincerely, [REDACTED]
