The object hovered over the airplane lights on Crow Mt. We stopped and watched it on the north end of the overpass (state 105) over Interstate 40 just north of Athens. It came toward us. We started back to Dena's house and it pursued us. All of this time it was very bright. When we'd stop it'd stop. It followed us all the way to her house. We took Mrs. Holloway out to where we first saw it. It followed us halfway out there. On the way back to the house it started following us again. It hovered over the trees west of her house and finally disappeared.

It would get really bright and real dim when we were stopped

Sincerely,

Astro (Venus)
