34. Date you completed this questionnaire: 16 (Day) April (Month) 1967 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

On March 31, 1967 I saw the object for the first time. It was a very bright red moving in a west to east direction. It stopped and started flashing until the light went out. But later, Helen Ziegler, said she saw it before and after it disappeared. When it came back into sight she said it was still blinking and going twice as fast. No sound was heard by anyone at any sighting. Time 10:45.

On April 1, the object was moving in a east to west direction. The object stopped and started going back from where it came, but it then turned and went south & watched it until out of sight. Time: between 10:00 and 10:30.

On April 2, the object was going in a east to west direction, stopped and went back until out of sight. Time: 8:00 (object flashing at all times).

The object was not seen until April 3
(It may have been the same or similar object)
On April 3, the object was hovering the western sky. I looked at it through binoculars, just after I did, it started blinking. I saw that the object was made up of seven small red lights blinking at the same times. Then the object went toward the ground, but I did not see it land because it was behind trees. Time 9:30

On April 9, the object was hovering and blinking in the western sky, then the object went south until out of sight. Time 10:00. I have never seen it again.

OFFICIAL U.S. AIR

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

24 (Day) 3 (Month) 67 (Year)

2. Time of day: 7 (Hours) : 00 (Minutes)

(Circle One): A.M. or (P.M.)

3. Time Zone:

(Circle One): a. Eastern
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
(b. Standard)

4. Where were you when you saw the object?

[redacted] (Nearest Postal Address) Pittsburgh (City or Town) Pennsylvania (State or County)

5. How long was object in sight? (Total Duration) _____ (Hours) _____ (Minutes) 10 (Seconds)

(a. Certain)
b. Fairly certain
c. Not very sure
d. Just a guess

5.1 How was time in sight determined? actual count.

5.2 Was object in sight continuously? Yes ✓ No ____

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	(a. Bright)
b. Cloudy	b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

FORCE UFO FORM

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS *(Circle One)*:

a. None
b. A few
c. Many
d. Don't remember

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
c. No moonlight—pitch dark
d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS *(Circle One)*:

a. Clear sky
b. Hazy
c. Scattered clouds
d. Thick or heavy clouds

WEATHER *(Circle One)*:

a. Dry
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: *(Circle One)*:

a. Solid
b. ~~Transparent~~
c. Vapor
d. ~~As a light~~
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? *(Circle One)*:

a. Brighter
b. Dimmer
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

as bright as a star cluster but orange color

12. The edges of the object were:

(Circle One): a. Fuzzy or blurred
b. Like ~~a bright~~ star
c. Sharply outlined
d. Don't remember
e. Other _____

13. Did the object:

(Circle One for each question)

a. Appear to stand still at any time?	Yes	No	Don't know
b. Suddenly speed up and rush away at any time?	Yes	No	Don't know
c. Break up into parts or explode?	Yes	No	Don't know
d. Give off smoke?	Yes	No	Don't know
e. Change brightness?	Yes	No	Don't know
f. Change shape?	Yes	No	Don't know
g. Flash or flicker?	Yes	No	Don't know
h. Disappear and reappear?	Yes	No	Don't know

64

Official U.S. Air Force

14. Did the object disappear while you were watching it? If so, how?
Yes. As we watched it suddenly fell off
away at an 45° angle

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes (No) Don't know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes (No) Don't know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

a. Sound no sound

b. Color bright reddish orange

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

y details of the object w beside the drawing

Page 4

20. Do you think you can estimate the speed of the object?

(Circle One) (Yes) No

IF you answered YES, then what speed would you estimate? 15,000 mph

21. Do you think you can estimate how far away from you the object was?

(Circle One) (Yes) No

IF you answered YES, then how far away would you say it was? 1/2 in air

22. Where were you located when you saw the object? (Circle One):

a. Inside a building
b. In a car
c. (Outdoors)
d. In an airplane (type)
e. At sea
f. Other _____

23. Were you (Circle One)

a. In the business section of a city?
b. In the residential section of a city?
c. In open countryside?
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other In the suburbs

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North c. East e. South g. West
b. Northeast d. Southeast f. Southwest h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

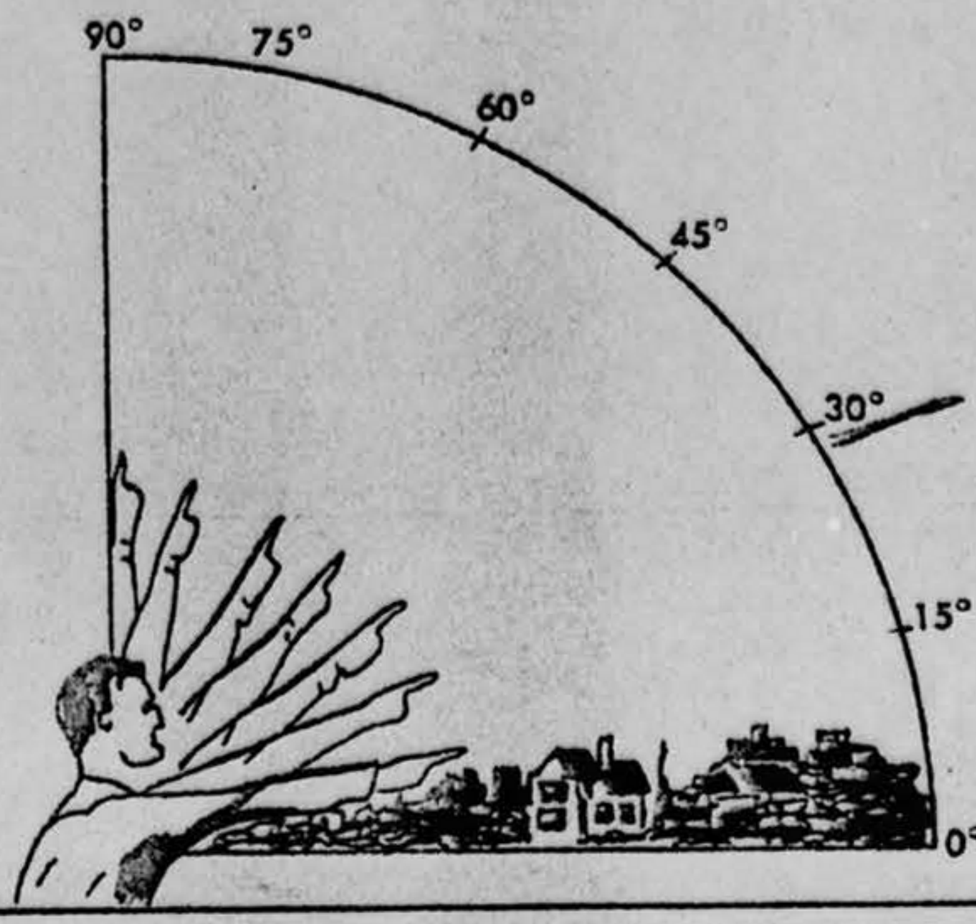
25. Did you observe the object through any of the following?

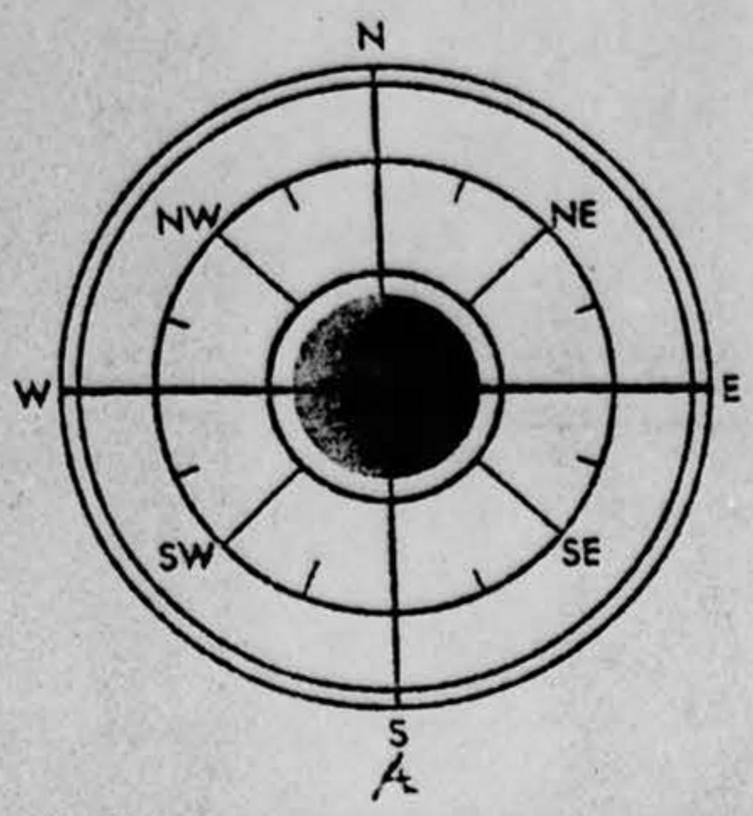
(a. Eyeglasses)	Yes	No	e. Binoculars	Yes	No
b. Sun glasses	Yes	No	f. Telescope	Yes	No
c. Windshield	Yes	No	g. Theodolite	Yes	No
d. Window glass	Yes	No	h. Other the other person saw it with the naked eye		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

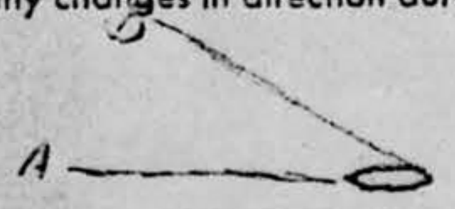
an orange painted football

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.



29. IF there was MORE THAN ONE object, then how many were there?_____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

half a second. Also me and my friend
[redacted] was coming home
on a Christmas tree farming as we went
over an alley in back of our church
so we went home and I found when
at home that I lost my glay glove so
I went back with Bernard to the
open field when all of a sudden a
red disk like a pan on its side rolled
passed the Northwest and disappeared in
four seconds the night was pretty
cloudy. Me and my friend saw it more
than that night. Other nights my friend
and [redacted] red light followed him home and
see more people saw UFO's in March of 1967
also saw two meteors one of the
meteors was 2 ft. high from ground level
is illegal to set rockets off in the
state of Pennsylvania just because they
don't want us to know nothing about UFOs
[redacted]
in state police and local police can't be bothered
with nonsence like that so I have to report it to you
please send me 2 more questionnaires so I can
report more sightings to you.

Signed

To Laurel News in New Jersey

[redacted]
Cuyahoga Falls, O.
April 4, 1967

U.S.A.F. Dept.
Wright Patterson Air Force Base
Dayton, Ohio

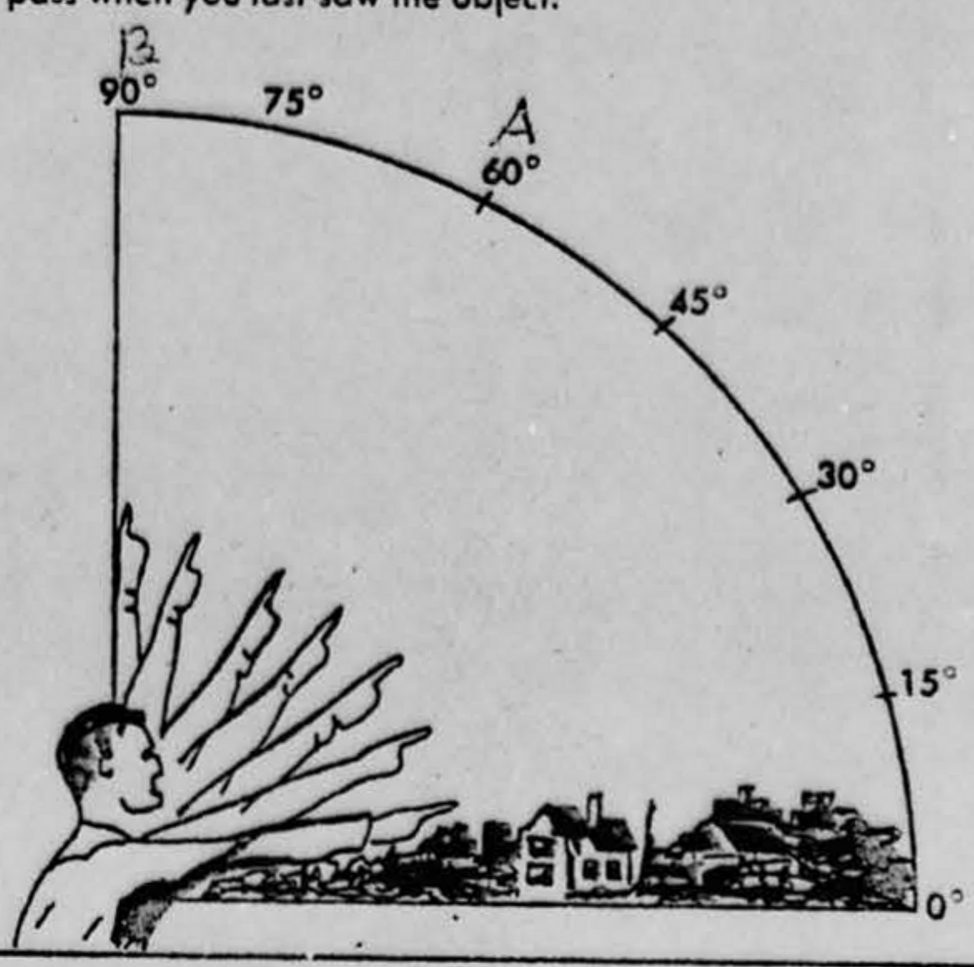
Dear Sirs,

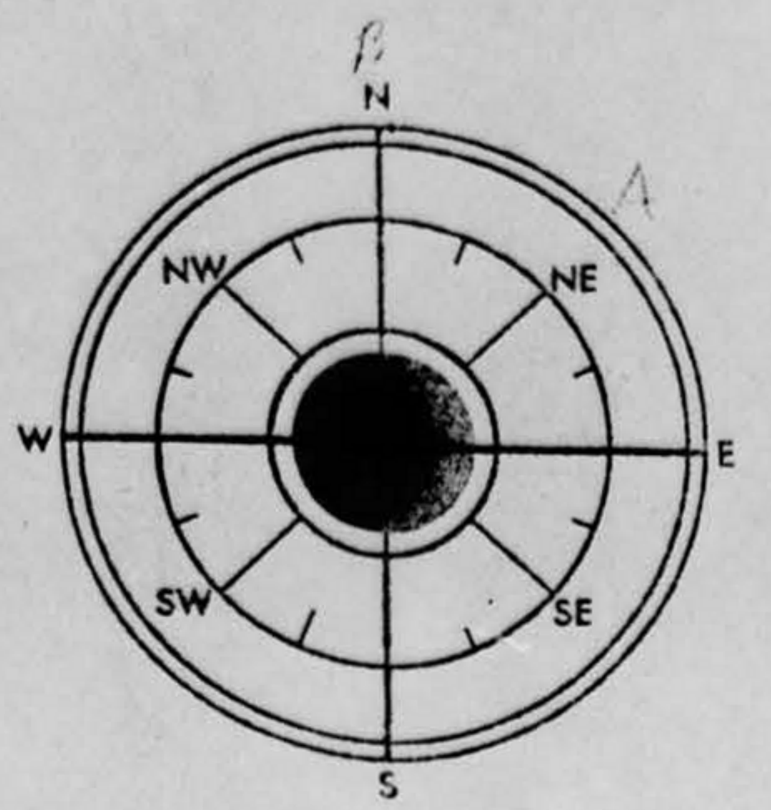
I hope you will give this sighting some consideration, even though I am 15 years old.

On March 31, 1967 between 10:45 and 11:00 EST someone called my father and said "Do you have a red light moving over your house"?. A look outside showed a light moving slowly from west to east. No noise was heard. My father, brother, and I watched it until it could not be seen. The light gave a very bright red. The light did not seem to blink, but rather it pulsated. Gradually the light got dimmer until it faded away. I waited for it to reappear but I did not see it again that night. But someone else did. The next day another person told us that she thought it was a helicopter, but she also heard no noise. She stayed out longer than I did. She says that it did reappear and when it did, it did blink. At no time did illuminate anything else in the sky. The two persons that saw the object besides myself were Richard Purnell and Helen Ziegler.

Official U.S. Air Force

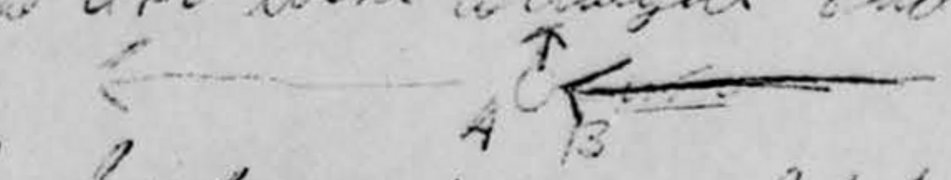
27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

The UFO went straight and then went up higher



and higher gaining altitude and then disappeared in the Clouds and not coming out of the Clouds

29. IF there was MORE THAN ONE object, then how many were there? 5 to 6 altogether
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

OFFICIAL U.S. AIR

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

05 (Day) 3 (Month) 67 (Year)

2. Time of day: 9 (Hours) 26 (Minutes)

(Circle One): A.M. or (P.M.)

3. Time Zone:

(Circle One): (a. Eastern)
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
b. Standard

4. Where were you when you saw the object?

Chestnut and Pittsburg Sts (Nearest Postal Address) | Scottdale (City or Town) | Westmoreland (State or County)

5. How long was object in sight? (Total Duration) _____ (Hours) 3 (Minutes) _____ (Seconds)

(a. Certain)
b. Fairly certain
c. Not very sure
d. Just a guess

5.1 How was time in sight determined? By Clock

5.2 Was object in sight continuously? Yes ____ No ✓

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	a. Bright
b. Cloudy	b. Cloudy Cloudy

Night

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

FTD FORM OCT 62 164 This form supersedes FTD 164, jul 61, which is obsolete.

FORCE UFO FORM

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS *(Circle One)*:

a. None
b. A few
c. Many
d. Don't remember

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
c. No moonlight—pitch dark
d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS *(Circle One)*:

a. Clear sky
b. Hazy
c. Scattered clouds
d. Thick or heavy clouds

WEATHER *(Circle One)*:

a. Dry
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: *(Circle One)*:

a. Solid
b. Transparent
c. Vapor
d. As a light
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? *(Circle One)*:

a. Brighter
b. Dimmer
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

Aluminum Foil

12. The edges of the object were:

(Circle One):

a. Fuzzy or blurred
b. Like a bright star
c. Sharply outlined
d. Don't remember
e. Other_____

13. Did the object:

(Circle One for each question)

a. Appear to stand still at any time?	Yes	No	Don't know
b. Suddenly speed up and rush away at any time?	Yes	No	Don't know
c. Break up into parts or explode?	Yes	No	Don't know
d. Give off smoke?	Yes	No	Don't know
e. Change brightness?	Yes	No	Don't know
f. Change shape?	Yes	No	Don't know
g. Flash or flicker?	Yes	No	Don't know
h. Disappear and reappear?	Yes	No	Don't know

. Air Force UFO form continued

20 Do you think you can estimate the speed of the object?

(Circle One) (Yes) No

IF you answered YES, then what speed would you estimate? 30 miles per hour

21. Do you think you can estimate how far away from you the object was?

(Circle One) (Yes) No

IF you answered YES, then how far away would you say it was? 10 miles high

22. Where were you located when you saw the object?

(Circle One):

(a. Inside a building)

b. In a car

c. Outdoors

d. In an airplane (type)

e. At sea

f. Other _____

23. Were you (Circle One)

a. In the business section of a city?

b. In the residential section of a city?

(c. In open countryside?)

d. Near an airfield?

e. Flying over a city?

f. Flying over open country?

g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North c. East e. South g. West

b. Northeast d. Southeast f. Southwest h. Northwest

24.2 How fast were you moving? _____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

a. Eyeglasses	Yes	No	e. Binoculars	Yes	No
b. Sun glasses	Yes	No	f. Telescope	Yes	No
c. Windshield	Yes	No	g. Theodolite	Yes	No
(d. Window glass)	(Yes)	No	h. Other _____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

A silver ball

64

Official U.S. Air Force

14. Did the object disappear while you were watching it? If so, how?

It disappeared in the clouds and didn't come out of the clouds

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): (Yes) No Don't know. IF you answered YES, then tell what it moved behind: a cloud and it didn't come out of the cloud

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): (Yes) No Don't know. IF you answered YES, then tell what in front of: a cloud and it didn't come out of the cloud

17. Tell in a few words the following things about the object:

a. Sound No it was too high

b. Color blue with a tail on it of about 1 inch

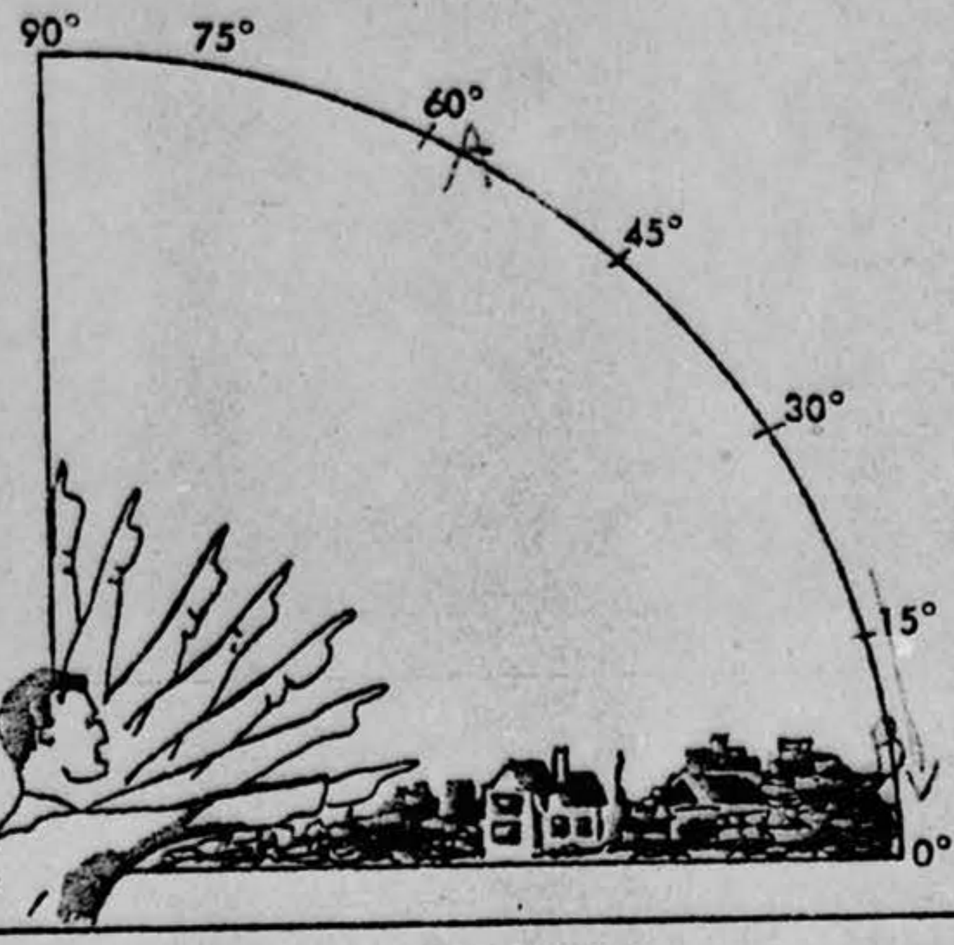
18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

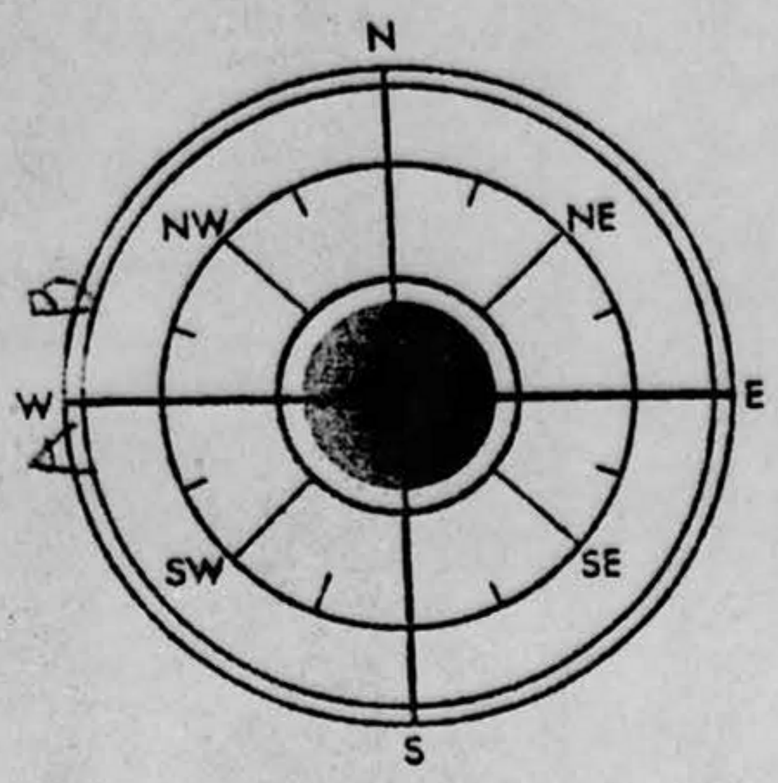
2/3 of the object

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

It had an exhaust trail

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

29. IF there was MORE THAN ONE object, then how many were there?_____
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

Three nights in a row, March 24, 25, 26. 1967.
Several times, in different locations.

31. Was anyone else with you at the time you saw the object? *(Circle One)* (Yes) No

31.1 IF you answered YES, did they see the object too? *(Circle One)* (Yes) No

31.2 Please list their names and addresses: Carol Dunn. John, David (Kid) Joseph (Husband) same as mine.

32. Please give the following information about yourself:

NAME [redacted] (Last Name) [redacted] (First Name) [redacted] (Middle Name)

For three nights between 9:00 and 10:00 getting to it's earliest at 8:00, I saw the same or similar object that looked like night identification lights on an object I could not see. The lights were blinking. I would have been convinced it was a plane, but it went at a east to west direction, stopped and went backwards once it went south and disappeared on April 1, 1967 between 9: and 10:00. The night after that it did not go south, but it did everything else at 8:00. Please investigate this object.

Sincerely

[redacted]

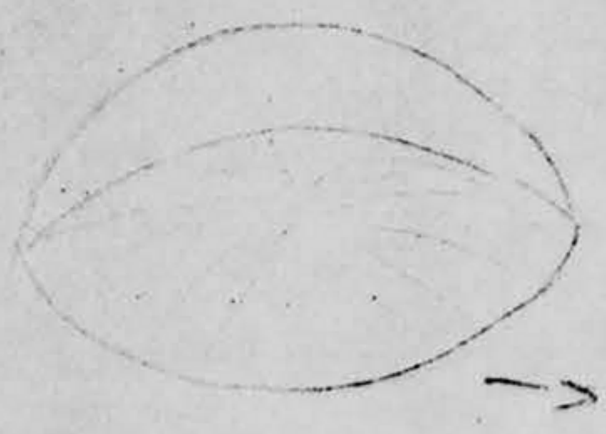
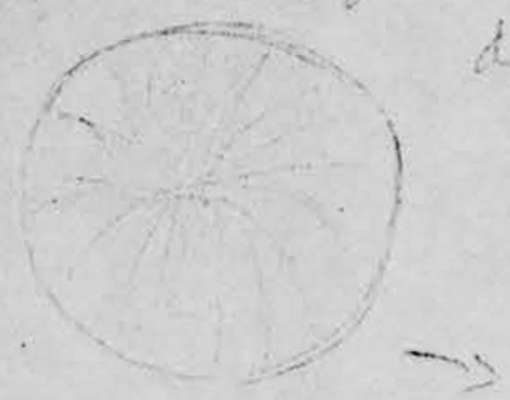
This thing seem to have been revolving or in an orbit. Therefore appeared in two different shapes. about every 20 sec





way from the tower and disappeared behind the tree big and high.

Western Skies. Friday March 24th, 1967.

Observed at 7:57 P.M. As big and bright as a large town light. Formed than a low flying aircraft and could see it like it was just above my neighbor's roof. Saw it for about 2 minutes, ran for the binoculars got right back to the window and it had already moved up and further away. to about 40° angle to my right. Still rocking up and down, back and forth. and had beautiful hues of green, blue and red. I called the State Police and gave him a discription of what I saw. However, gave him the wrong direction in which I was watching. This was at the left of the tower, and not to my left. At the time, I did not know this, but the tower I was actually seeing is the new Northern Television Tower in Bozrah. and not the one on Brothers Hill (Radio Tower.) like I thought. Therefore, partially misled the Officer by telling him I could see this U.F.O. in the vicinity of Uncasville & comming. Next back to the window, by that time, my daughter and 2 boys were also seeing this. My husband gets home from a fishing trip. He also took a look through the binoculars, and agreed that it looked like something else than a star but was not interested enough to watch any longer. Finally at

Western Sky.

Saturday, March 25, 1967.

Saw it about 7:55 p.m. about 70° angle moved up and down
about 5 minutes and started to move to my right toward the
towers. Would get big + bright would stop moving and drop and
get him. Hesitate for a while, rock back and forth then start
to the right again. Left in car with my Daughter about 8:15 p.m. took route 8:
to Lake Reed. Got brighter and much bigger appear to the
right of the towers. Turn around came back and watched
it by Hemlock Hill Course. at left of tower now. for about 5-8 minutes longer
then, like a rocket it started shooting down forming like a
long long trail in the most beautiful colors of g
blue yellow and red. Then appear as red as a flop
light, got huge and disappeared taking the li
to the left of the tower, at about 8:40 p.m. Wait
til 9:00 p.m and come home. At about 12:20 p.m. started
it again, right where it appear the first time. As big a
bright but seemed higher.

In all three instances we heard no noise what

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
c. No moonlight—pitch dark
d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS *(Circle One)*:

a. Clear sky
b. Hazy
c. Scattered clouds
d. Thick or heavy clouds

WEATHER *(Circle One)*:

a. Dry
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: *(Circle One)*:

a. Solid
b. Transparent
c. Vapor
d. As a light
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? *(Circle One)*:

a. Brighter
b. Dimmer
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

A Glowing Red Light

12. The edges of the object were:

(Circle One):

a. Fuzzy or blurred
b. Like a bright star
c. Sharply outlined
d. Don't remember
e. Other _____

13. Did the object:

(*Circle One for each question*)

a. Appear to stand still at any time?	Yes	No	Don't know
b. Suddenly speed up and rush away at any time?	Yes	No	Don't know
c. Break up into parts or explode?	Yes	No	Don't know
d. Give off smoke?	Yes	No	Don't know
e. Change brightness?	Yes	No	Don't know
f. Change shape?	Yes	No	Don't know
g. Flash or flicker?	Yes	No	Don't know
h. Disappear and reappear?	Yes	No	Don't know

UFO form continued

20. Do you think you can estimate the speed of the object?

(Circle One) Yes (No)

If you answered YES, then what speed would you estimate?_____

21. Do you think you can estimate how far away from you the object was?

(Circle One) (Yes) No

If you answered YES, then how far away would you say it was? 3-5 Miles

22. Where were you located when you saw the object?

(Circle One):

a. Inside a building
(b. In a car)
c. Outdoors
d. In an airplane (type)
e. At sea
f. Other_____

23. Were you (Circle One)

a. In the business section of a city?
b. In the residential section of a city?
c. In open countryside?
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other At A Drive-in Movie

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North c. East e. South g. West
b. Northeast d. Southeast f. Southwest h. Northwest

24.2 How fast were you moving?_____miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

a. Eyeglasses	Yes	No	e. Binoculars	Yes	No
b. Sun glasses	Yes	No	f. Telescope	Yes	No
c. Windshield	(Yes)	No	g. Theodolite	Yes	No
d. Window glass	Yes	No	h. Other_____		

I also Looked through the open window

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

AN Elongated Bowl upside-down (Ex.

64

Official U.S. Air Forc

14. Did the object disappear while you were watching it? If so, how? yes. Behind a mountain Ridge

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes (No) Don't know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): (Yes) No Don't know. IF you answered YES, then tell what in front of: Clouds

17. Tell in a few words the following things about the object:

a. Sound No Sound

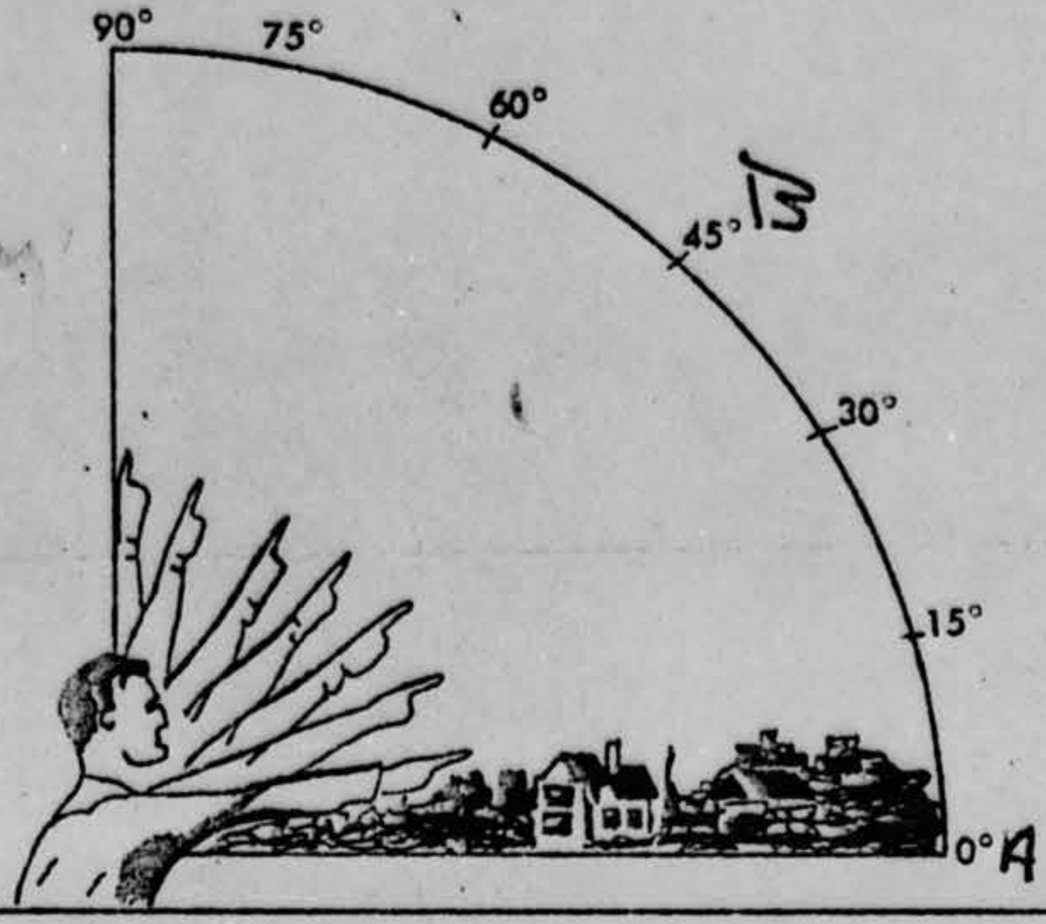
b. Color A Glowing Reddish-Orange

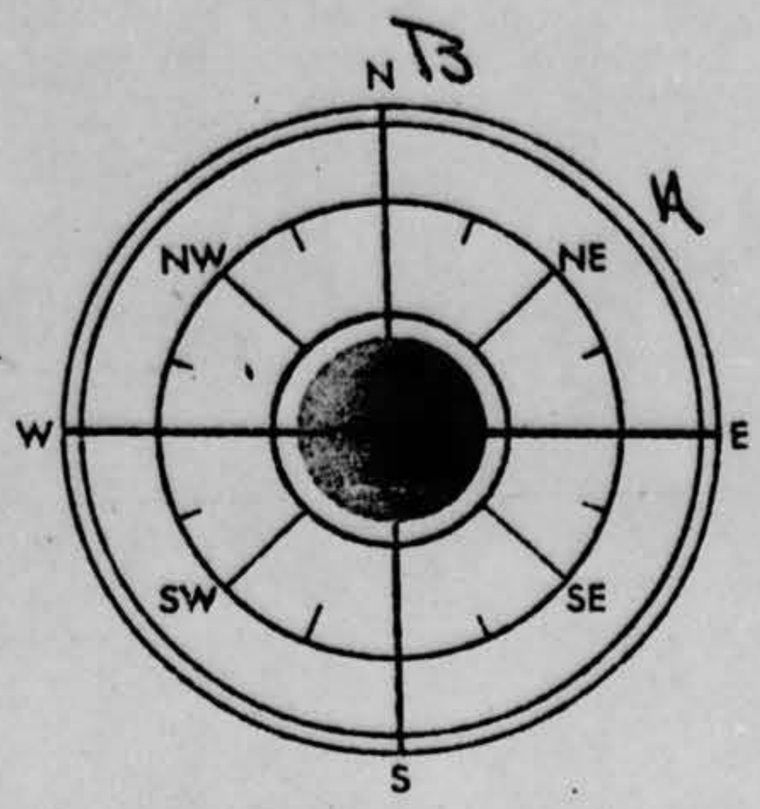
18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

About 1/4

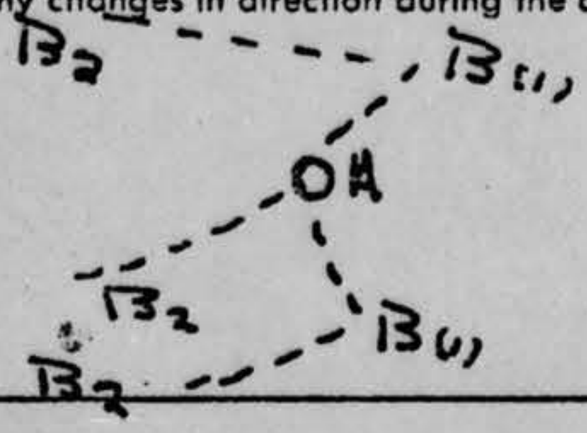
19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.

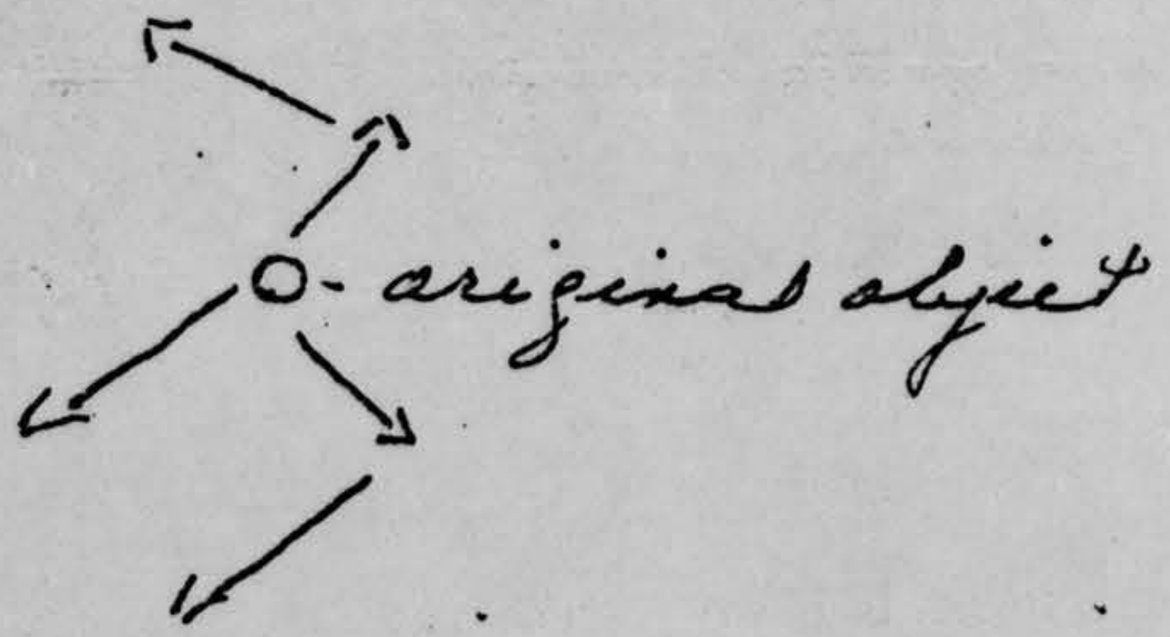




28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.



29. IF there was MORE THAN ONE object, then how many were there? 3
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.



UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

Yes - Palm Beach, Florida
Approximately 1 Day of 1961

31. Was anyone else with you at the time you saw the object? *(Circle One)* Yes No

31.1 IF you answered YES, did they see the object too? *(Circle One)* Yes No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME [redacted] [redacted] [redacted]
Last Name First Name Middle Name

ADDRESS [redacted] Road Charlotte [redacted] N. C.
Street City Zone State

TELEPHONE NUMBER [redacted] AGE 26 SEX F

Indicate any additional information about yourself, including any special experience, which might be pertinent.

I have no special experience but am interested in this type thing - have a habit of looking towards the sky.

33. When and to whom did you report that you had seen the object?

27 Day 3 Month 67 Year

Douglas Airport Control Tower

learned out fact.. There was no noise what-so-ever.

I have checked with the control tower at Douglas Airport here and there are clouds or an overcast at 8,000 feet with visibility of 7 miles. I was told by the tower that a similar occurance was reported last night, 3-26-67, about the same time and was seen in Charlotte by four people. Also the same night a report came from Fort Bragg, N.C. about the same object. Evidentally this was a meteriate or something of the sort.

If at all possible I would like a reply to this report.

Thank You--

34. Date you completed this questionnaire: 27 Day / 3 Month / 67 Year

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explonation of your sighting.

This object looked like a yellow light bulb which was brighter than and bigger than surrounding stars. The color caught my eye at first. After several seconds it seemed to explode into three objects with the other two objects red and green. The green object fell like the back end of a rocket. The red object went up and for a few moments the yellow object appeared to stay stationary then drop a few degrees then move forward and then went out. The green object fell downward, flickered and then burned out. The red object moved upward, zig zagged and

OFFICIAL U.S. AIR

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

27 (Day) 3 (Month) 67 (Year)

2. Time of day: 8 (Hours) 30 (Minutes)

(Circle One): A.M. or (P.M.)

3. Time Zone:

(Circle One): (a. Eastern)
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
(b. Standard)

4. Where were you when you saw the object?

[redacted]ead Charlotte North Carolina

Near ... Postal Address — City or Town — State or County

5. How long was object in sight? (Total Duration) _____ (Hours) 3 (Minutes) _____ (Seconds)

a. Certain
(b. Fairly certain)
c. Not very sure
d. Just a guess

5.1 How was time in sight determined? Approximated estimation

5.2 Was object in sight continuously? Yes _____ No ↘

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	a. Bright
b. Cloudy	(b. Cloudy) partially

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One):
a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

FORM FTD OCT 62 164 This form supersedes FTD 164, jul 61, which is obsolete.

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS *(Circle One)*:

a. None
b. A few
c. Many
d. Don't remember

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
c. No moonlight – pitch dark
d. Don't remember

9. What were the weather conditions at the time you saw the object?

Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

See item 19

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

Once a period of 3 months N.C. State Patrol have had about 25 or 30 reports from different individuals at different times personally, and Lights

31. Was anyone else with you at the time you saw the object? (Circle One) Yes No

31.1 IF you answered YES, did they see the object too? (Circle One) Yes No

31.2 Please list their names and addresses:

5 highschool kids who reported to N.C. State Police and to Navy Base. In Patrol Britton's opinion they are the most respectable and trustworth kid around the area.

32. Please give the following information about yourself:

NAME _____ _____ _____
Last Name First Name Middle Name

ADDRESS _____ _____ _____ _____
Street City Zone State

TELEPHONE NUMBER _____ AGE _____ SEX _____

* Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

_____ _____ _____
Day Month Year

34. Date you completed this questionnaire: 28 (Day) March (Month) 67 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

This was reported jointly by
N.C. State Patrolman Britton (Tel No. 995-3956)
Beaufort N.C. And Lt. J.S. Cuttitta
Exec Officer Navy Facility Cape Hatteras,
Buxton N.C. Auto Vonn 555-3746

The 5 U.S. Children reported their observation to N.C. State police who in turn contacted Navy station, which contacted me. They both have also seen this object over the past two months. It has been reported to Langley AFB, which promised to send some one down to investigate however to our knowledge no one has shown any interest. They would very much like someone to come down and investigate or give explanation

Called into FTD Officer at 2200 hrs
28 Mar 67

14. Did the object disappear while you were watching it? If so, how? 1 Moved away fast
2 Flashed until light went out
3 Went down to ground (but did not see land)

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No Don't Know. IF you answered YES, then tell what it moved behind: trees as it went down

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes (No) Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

a. Sound No sound

b. Color Very bright red

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head? All of the object

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails.

Place an arrow beside the drawing to show the direction the object was moving.

E

AUG 14 1967

to Sylvania

Proposed reply to letter from [redacted] Aug 2, 67 (Sightings Mar 29 & May 10,67

Dear Mr [redacted]

Reference your recent letter in which you reported your unidentified observations of March 29 and May 10, 1967.

With the information submitted, it would be extremely difficult to offer much of an explanation. Essential data such as flight characteristics, maneuvers, etc., are quite important in a comprehensive evaluation. If you had reported your observation to your nearest military installation at the time, an evaluation would have been possible. The local UFO investigator is in a far better position to conduct an on-the-spot investigation. Your nearest military installation is:

910 Troop Carrier Group
Youngstown Municipal Airport
Vienna, Ohio 44472
phone: area code 216; 374-1551 ext 258

The information on your unidentified observations will be added to our present data base.

The inclosed information on Project Blue Book may be of interest to you. Thank you for reporting your observation to the AirForce.

3 Mar & 10 May

AUG 18 1967

Dear Mr. [redacted]

With respect to your unidentified observation of March 29 and May 10, 1967, it would be extremely difficult to offer much of an explanation from the information submitted. Essential data, such as flight characteristics, maneuvers, etc. are important to a comprehensive evaluation. Your information will be added to our data base.

Had you reported your observation to the nearest Air Force base at the time, an evaluation would have been possible. Your nearest Air Force installation is:

910 Troop Carrier Group
Youngstown Municipal Airport
Vienna, Ohio 44472
Phone: Area Code 216, 374-1551, Ext. 258

The attached information on Project Blue Book may be of interest to you.

Thank you for reporting your observation.

Sincerely,

BARNETT B. YOUNG

RESEARCH ON
UFO'S AND
ASTRONOMY

[redacted] S
Salem, O
August 2

roject Bluebook"
right-Patterson Air Force Base
ayton, Ohio

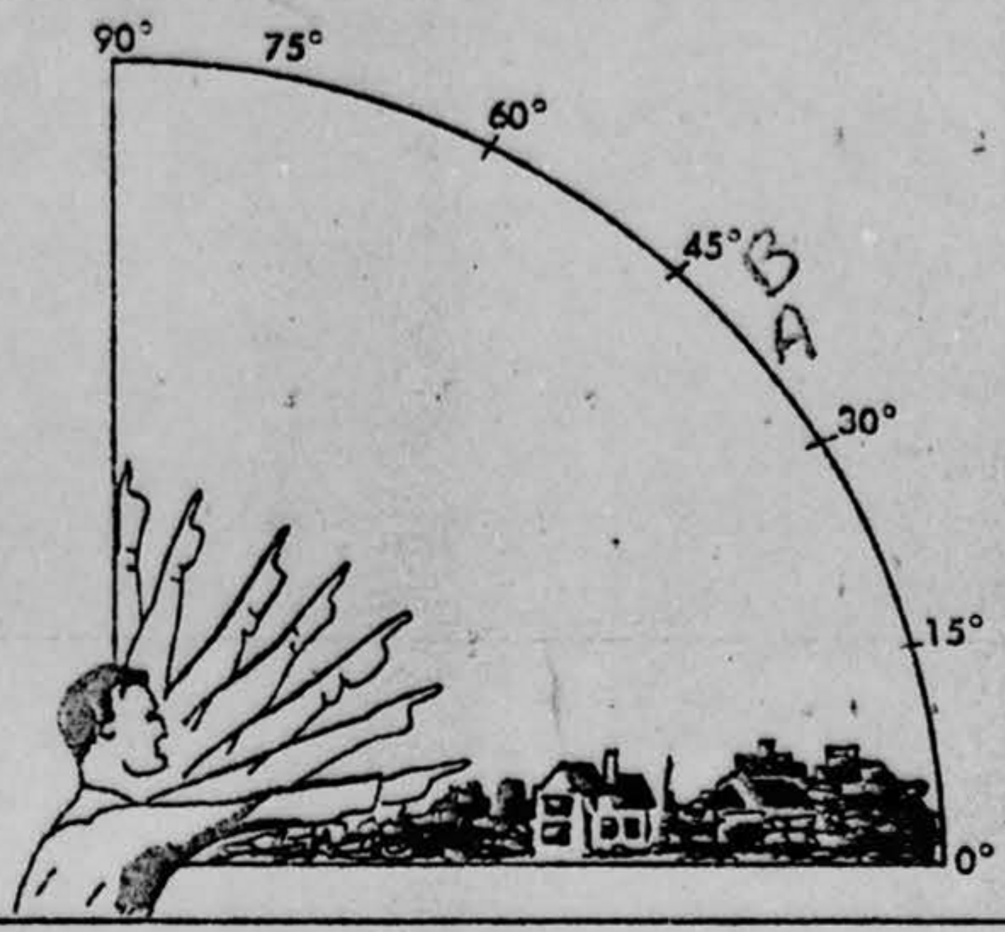
Dear sirs; I would like to report seeing a UFO on March 29, 1967. Since t
ave seen two or three more. Below is a form describing two of the ones I have
he logest. One was on March 29 and the other one was on May 10

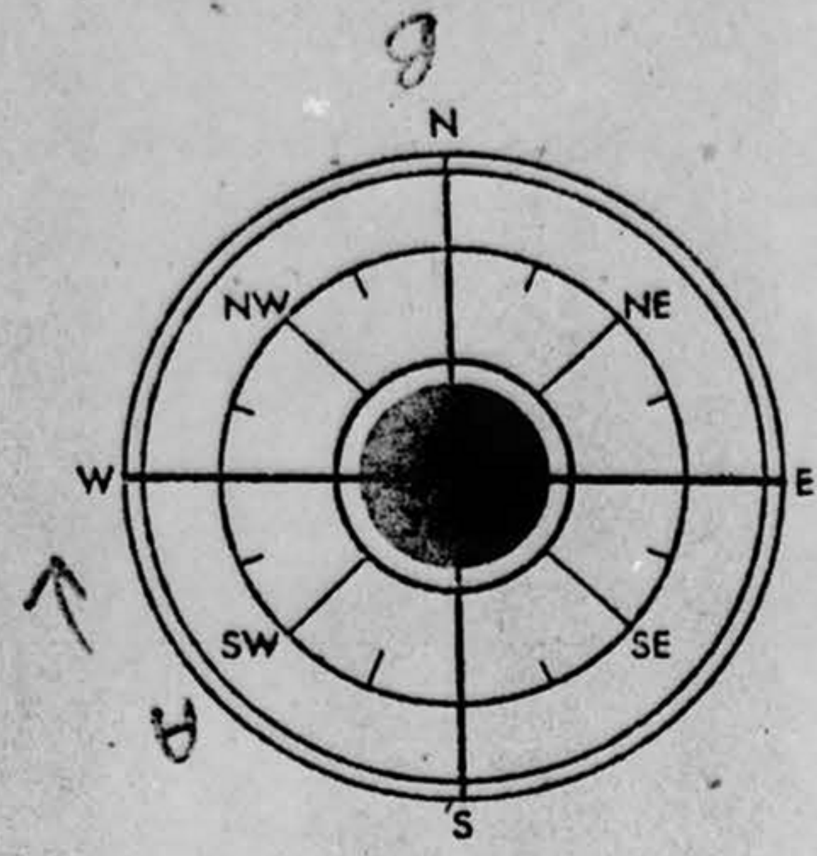
O March 29
. Discription of the object:
(1) Shape-Oval
(2) Size-Approximately the size of a quarter, but thicker.
(3) Color-Silver-white
(4) Number at the time-One
(5) Tail, trail, or exhaust-None
(6) Sound-None
(7) Unusal features-None
. Discription of coarse of object:
(1) I was riding in the car with brother looked up and there it was.
(2) Angle of elevation and azmith-Angle 45 degrees (approx), Azmith-350° (a
(3) Discription of flight path-Moving east at about 7 times faster then a je
slight tilt forward in direction of travel.
(4) How object disappeared-Went behind a building.
(5) Lenght of time in veiw-Three and one half minutes
. Manner of observation:
(1) Ground-Visual
(2) No optical aids used
. Location of observer-In car looking northwest.
. Observer-Robert M. Smith 370 N. Lundy Saem, Ohio

O May 10
. Discription of the object:
(1) Shape- Straw hat shaped
(2) Size-The size of a nickle
(3) Color-Grayish-white with blinking lights that changed colors from red to
orange to blue-white.
(4) Number at the time-One
(5) Tail, trail, or exhaut-None
(6) Sound-None
(7) Unusal features-Shape and color, no UFO I read about is a grayish-white.
. Discription of coarse of object:
(1) I was out back with friend looking at stars through telescope when we lo
up and saw it.
(2) Angle of elevation and azmith-Elevation 65 degrees (approx), Azmith 45 de
northeast.
(3) Discription of flight path-Heading east by northeast going about five ti
speed of jet.
(4) Howed it disappeared-Went behind trees
(5) Lenght of time in veiw-Three minutes (approx)
Manner of observation
(1) Ground-Breif glimse through telescope.
(2) Telescope
Location-Backyard
Observer- [redacted]
And so concludes fact, if you have any information on UFO'S please
one. Thank you gentlemen for reading this letter.

Official U.S. Air Force

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

A'-B' is motion towards me. motion was almost entirely horizontal

29. IF there was MORE THAN ONE object, then how many were there? 4
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

They would occasionly pair off and move in different horizontal directions. Sometimes towards me.

UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location.

NO

31. Was anyone else with you at the time you saw the object? *(Circle One)* Yes (No)

31.1 IF you answered YES, did they see the object too? *(Circle One)* Yes No

31.2 Please list their names and addresses:

32. Please give the following information about yourself:

NAME [redacted] (Last Name) [redacted] (First Name) [redacted] (Middle Name)

ADDRESS [redacted] Ave. (Street) Crooksville (City) ✓ (Zone) Ohio (State)

TELEPHONE NUMBER [redacted] AGE 19 SEX M

Indicate any additional information about yourself, including any special experience, which might be pertinent.

I believe in flying saucers and therefore may be prejudiced. I have never seen a U.F.O. before.

33. When and to whom did you report that you had seen the object?

29 (Day) 3 (Month) 67 (Year) To my mother.

Air Force UFO form continued

far away to make out a shape. they moved at a moderate speed neither slow nor fast. they, at times, seemed to blink at each other as if in some code.

Thank you for your time.

Official U.S. Air Force UFO fo

34. Date you completed this questionnaire: 3 (Day) 4 (Month) 67 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I have talked to four other people who saw similar objects on that night at the same time but they were not with me. I also saw these objects on 3/30/67 and 3/31/67. I am not given to hallucinations and was very much surprised to see these objects. I had the uneasy feeling, while watching these objects, that I was being watched myself.

The objects usually moved in pairs and two of them came close enough to town (Crookville) that I could see the shape. But they were usually too

OFFICIAL U.S. AIR

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

29 (Day) 3 (Month) 67 (Year)

2. Time of day: 11 (Hours) 10 (Minutes)

(Circle One): A.M. or (P.M.)

3. Time Zone:

(Circle One): (a. Eastern) b. Central c. Mountain d. Pacific e. Other _____

(Circle One): a. Daylight Saving (b. Standard)

4. Where were you when you saw the object?

[redacted] Ave. (Nearest Postal Address) Crooksville (City or Town) Ohio (State or County)

5. How long was object in sight? (Total Duration) 1 (Hours) 10 (Minutes) — (Seconds)

a. Certain
(b. Fairly certain)
c. Not very sure
d. Just a guess

5.1 How was time in sight determined? Time first seen AND time last seen

5.2 Was object in sight continuously? Yes ____ No ✓

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	(a. Bright)
b. Cloudy	b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

FORM FTD OCT 62 164 This form supersedes FTD 164, jul 61, which is obsolete.

ORCE UFO FORM

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS *(Circle One)*:

a. None
b. A few
(c. Many)
d. Don't remember

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
(c. No moonlight—pitch dark)
d. Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS *(Circle One)*:

(a. Clear sky)
b. Hazy
c. Scattered clouds
d. Thick or heavy clouds

WEATHER *(Circle One)*:

(a. Dry)
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: *(Circle One)*:

a. Solid
b. Transparent
c. Vapor
(d. As a light)
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? *(Circle One)*:

a. Brighter
(b. Dimmer)
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

Flashlight at 40-50 yds.

12. The edges of the object were:

(Circle One):
a. Fuzzy or blurred
(b. Like a bright star)
c. Sharply outlined
d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

a. Appear to stand still at any time?	(Yes)	No	Don't know
b. Suddenly speed up and rush away at any time?	Yes	(No)	Don't know
c. Break up into parts or explode?	Yes	(No)	Don't know
d. Give off smoke?	Yes	(No)	Don't know
e. Change brightness?	(Yes)	No	Don't know
f. Change shape?	Yes	(No)	Don't know
g. Flash or flicker?	(Yes)	No	Don't know
h. Disappear and reappear?	(Yes)	No	Don't know

. Air Force UFO form continued

20. Do you think you can estimate the speed of the object?

(Circle One) Yes (No)

If you answered YES, then what speed would you estimate?_____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes (No)

If you answered YES, then how far away would you say it was?_____

22. Where were you located when you saw the object? (Circle One):

a. Inside a building
b. In a car
(c. Outdoors)
d. In an airplane (type)
e. At sea
f. Other_____

23. Were you (Circle One)

a. In the business section of a city?
(b. In the residential section of a city?)
c. In open countryside?
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other_____

24. If you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? (Circle One)

a. North c. East e. South g. West
b. Northeast d. Southeast f. Southwest h. Northwest

24.2 How fast were you moving?_____ miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

a. Eyeglasses	(Yes)	No	e. Binoculars	Yes	(No)
b. Sun glasses	Yes	(No)	f. Telescope	Yes	(No)
c. Windshield	Yes	(No)	g. Theodolite	Yes	(No)
d. Window glass	Yes	(No)	h. Other_____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

Two Angular saucers placed on each other (see 19) would be the best example I could give.

20. Do you think you can estimate the speed of the object?

(Circle One) Yes (No)

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes (No)

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object? *(Circle One):*

a. Inside a building
b. In a car
(c. Outdoors)
d. In an airplane (type)
e. At sea
f. Other _____

23. Were you *(Circle One)*

a. In the business section of a city?
b. In the residential section of a city?
(c. In open countryside?)
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? *(Circle One)*

a. North
b. Northeast
c. East
d. Southeast
e. South
f. Southwest
g. West
h. Northwest

24.2 How fast were you moving? _____miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

25. Did you observe the object through any of the following?

a. Eyeglasses	(Yes)	No	e. Binoculars	(Yes)	No
b. Sun glasses	Yes	No	f. Telescope	Yes	No
c. Windshield	Yes	No	g. Theodolite	Yes	No
d. Window glass	Yes	No	h. Other _____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

The object looked like a plane with one red night flying light on at first, o then times it looked like a radio tower beacon beacon light in the sky.

64

Official U.S. Air Forc

14. Did the object disappear while you were watching it? If so, how? It appeared to fade out of view. It also went far away and disappeared in the distance

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes No (Don't know.) IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes No (Don't know.) IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

a. Sound NONE

b. Color white

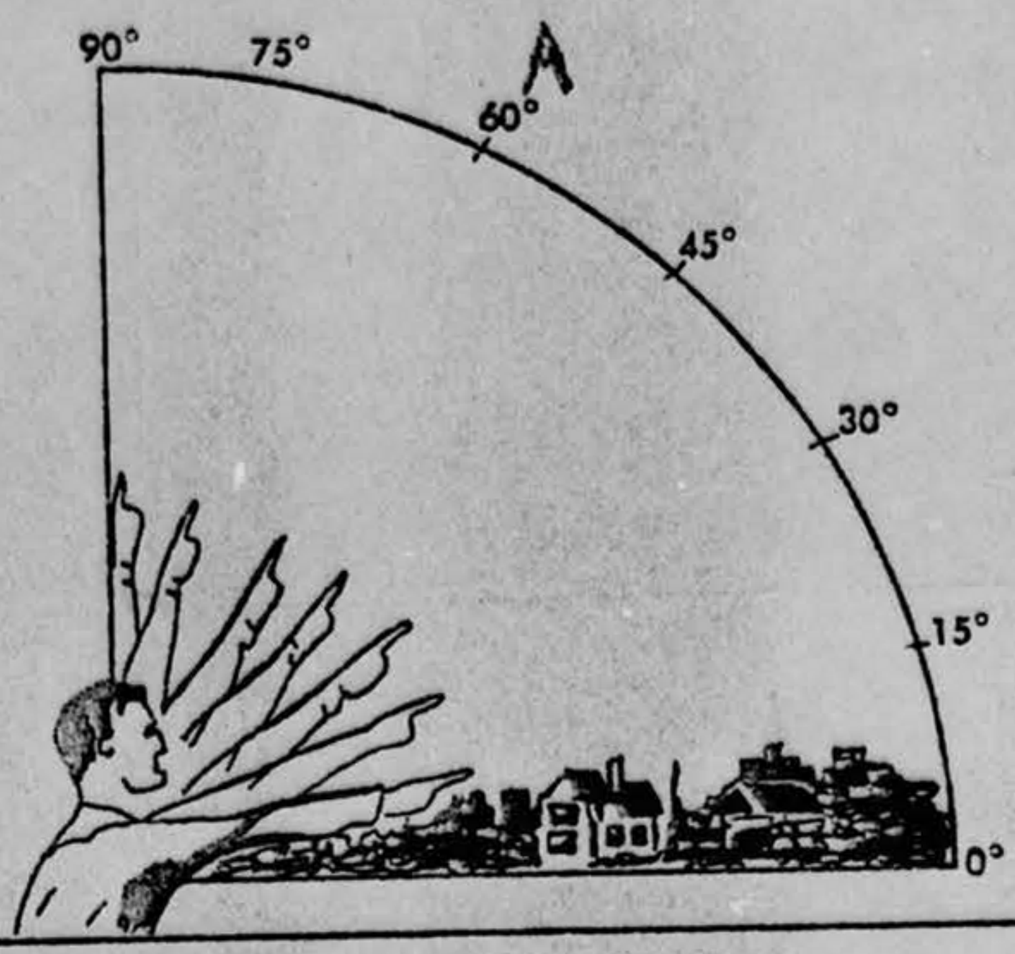
18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

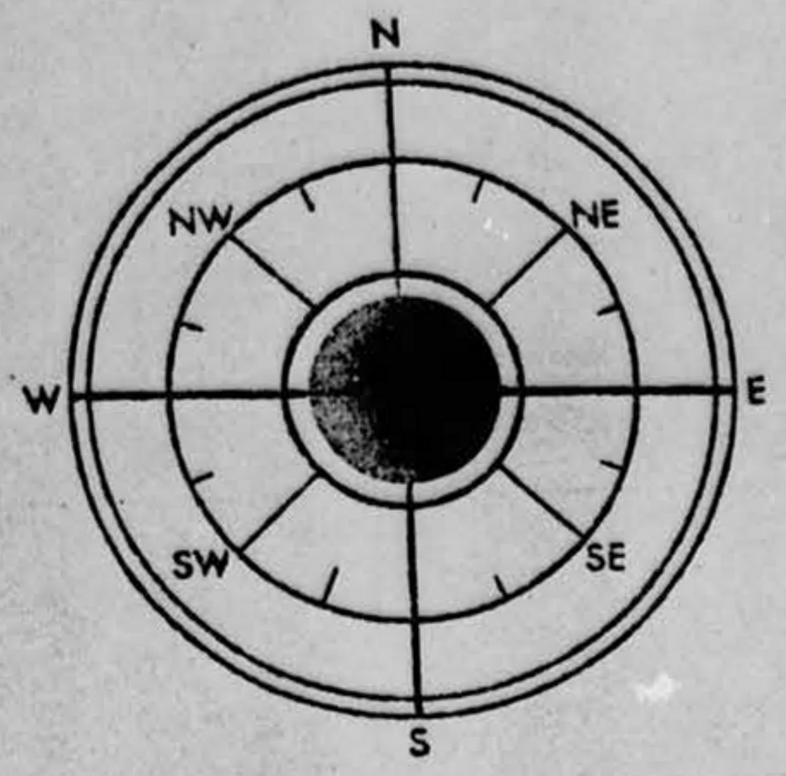
(All of it)

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place on arrow beside the drawing to show the direction the object was moving.

(there were four objects)

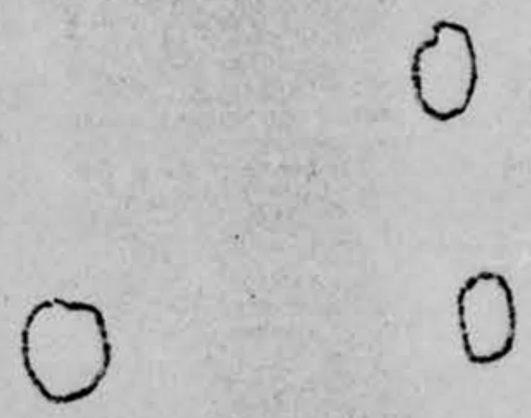
27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass when you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course. No Movement

29. IF there was MORE THAN ONE object, then how many were there? 3
Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.



UFO form continued

30. Have you ever seen this, or a similar object before. If so give date or dates and location. NO

31. Was anyone else with you at the time you saw the object? *(Circle One)* (Yes) No

31.1 IF you answered YES, did they see the object too? *(Circle One)* (Yes) No

31.2 Please list their names and addresses:

Arnold 11 Rudd Ct Glen Ridge NJ

32. Please give the following information about yourself:

NAME [redacted] [redacted] [redacted]
Last Name First Name Middle Name

ADDRESS [redacted] Glen Ridge 070?? N.J
Street City ~~Zone~~ State

TELEPHONE NUMBER [redacted] AGE 12 SEX Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

30 March 1967
Day Month Year

Official U.S. Air Force UFO for

34. Date you completed this questionnaire: 30 (Day) MARCH (Month) 1967 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

IT CAME SMALL with colors
AND then it got LARGER AND
BLURRED

outside U.S. 30 March '67

U.S. AIR FORCE TECHNICAL INFORMATION

This questionnaire has been prepared so that you can give the U.S. Air Force as much information as possible concerning the unidentified aerial phenomenon that you have observed. Please try to answer as many questions as you possibly can. The information that you give will be used for research purposes. Your name will *not* be used in connection with any statements, conclusions, or publications without your permission. We request this personal information so that if it is deemed necessary, we may contact you for further details.

1. When did you see the object?

30 (Day) March (Month) 1967 (Year)

2. Time of day: 8 (Hour) 15 (Minutes)

(Circle One): A.M. or (P.M.)

3. Time Zone:

(Circle One): a. (Eastern)
b. Central
c. Mountain
d. Pacific
e. Other _____

(Circle One): a. Daylight Saving
(b.) Standard

4. Where were you when you saw the object?

[redacted] (Nearest Postal Address) Kitchener (City or Town) Ontario (State or County)

5. How long was object in sight? (Total Duration) _____ (Hours) _____ (Minutes) 20-30 (Seconds)

a. Certain
(b.) Fairly certain
c. Not very sure
(d.) Just a guess

5.1 How was time in sight determined? By guessing

5.2 Was object in sight continuously? Yes ✓ No ____

6. What was the condition of the sky?

DAY	NIGHT
a. Bright	(a.) Bright
b. Cloudy	b. Cloudy

7. IF you saw the object during DAYLIGHT, where was the SUN located as you looked at the object?

(Circle One): a. In front of you
b. In back of you
c. To your right
d. To your left
e. Overhead
f. Don't remember

8. IF you saw the object at NIGHT, what did you notice concerning the STARS and MOON?

8.1 STARS *(Circle One)*:

a. None
b. A few
(c.) Many
d. Don't remember

8.2 MOON *(Circle One)*:

a. Bright moonlight
b. Dull moonlight
c. No moonlight – pitch dark
(d.) Don't remember

9. What were the weather conditions at the time you saw the object?

CLOUDS *(Circle One)*:

(a.) Clear sky
b. Hazy
c. Scattered clouds
d. Thick or heavy clouds

WEATHER *(Circle One)*:

(a.) Dry
b. Fog, mist, or light rain
c. Moderate or heavy rain
d. Snow
e. Don't remember

10. The object appeared: *(Circle One)*:

a. Solid
b. Transparent
c. Vapor
(d.) As a light
e. Don't remember

11. If it appeared as a light, was it brighter than the brightest stars? *(Circle One)*:

a. Brighter
(b.) Dimmer
c. About the same
d. Don't know

11.1 Compare brightness to some common object:

Duller white than this paper

12. The edges of the object were:

(Circle One): a. Fuzzy or blurred
b. Like a bright star
(c.) Sharply outlined
d. Don't remember

e. Other _____

13. Did the object:

(Circle One for each question)

a. Appear to stand still at any time?	Yes	(No)	Don't know
b. Suddenly speed up and rush away at any time?	Yes	(No)	Don't know
c. Break up into parts or explode?	Yes	(No)	Don't know
d. Give off smoke?	Yes	(No)	Don't know
e. Change brightness?	Yes	(No)	Don't know
f. Change shape?	Yes	(No)	Don't know
g. Flash or flicker?	Yes	(No)	Don't know
h. Disappear and reappear?	Yes	(No)	Don't know

14. Did the object disappear while you were watching it? If so, how?

Yes. Lost sight probably because it left. Was still over treetops when last seen

15. Did the object move behind something at any time, particularly a cloud?

(Circle One): Yes (No) Don't Know. IF you answered YES, then tell what it moved behind: _____

16. Did the object move in front of something at any time, particularly a cloud?

(Circle One): Yes (No) Don't Know. IF you answered YES, then tell what in front of: _____

17. Tell in a few words the following things about the object:

a. Sound None.

b. Color A dull white at all times.

18. We wish to know the angular size. Hold a match stick at arm's length in line with a known object and note how much of the object is covered by the head of the match. If you had performed this experiment at the time of the sighting, how much of the object would have been covered by the match head?

The matchhead would cover ½ of the object.

19. Draw a picture that will show the shape of the object or objects. Label and include in your sketch any details of the object that you saw such as wings, protrusions, etc., and especially exhaust trails or vapor trails. Place an arrow beside the drawing to show the direction the object was moving.

20. Do you think you can estimate the speed of the object?

(Circle One) Yes (No)

IF you answered YES, then what speed would you estimate? _____

21. Do you think you can estimate how far away from you the object was?

(Circle One) Yes (No)

IF you answered YES, then how far away would you say it was? _____

22. Where were you located when you saw the object? *(Circle One):*

a. Inside a building
b. In a car
(c.) Outdoors
d. In an airplane (type)
e. At sea
f. Other _____

23. Were you *(Circle One)*

a. In the business section of a city?
(b.) In the residential section of a city?
c. In open countryside?
d. Near an airfield?
e. Flying over a city?
f. Flying over open country?
g. Other _____

24. IF you were MOVING IN AN AUTOMOBILE or other vehicle at the time, then complete the following questions:

24.1 What direction were you moving? *(Circle One)*

a. North
b. Northeast
c. East
d. Southeast
e. South
f. Southwest
g. West
h. Northwest

24.2 How fast were you moving? _____miles per hour.

24.3 Did you stop at any time while you were looking at the object?

(Circle One) Yes No

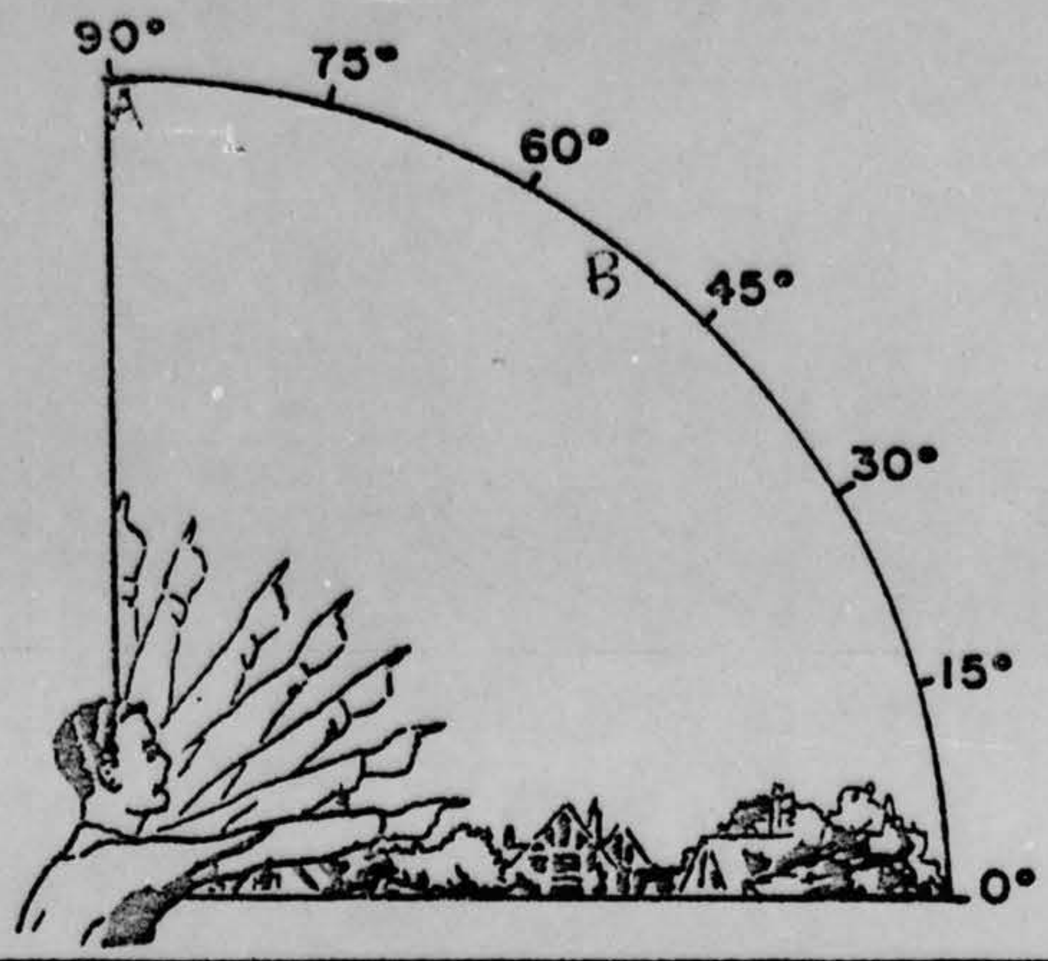
25. Did you observe the object through any of the following?

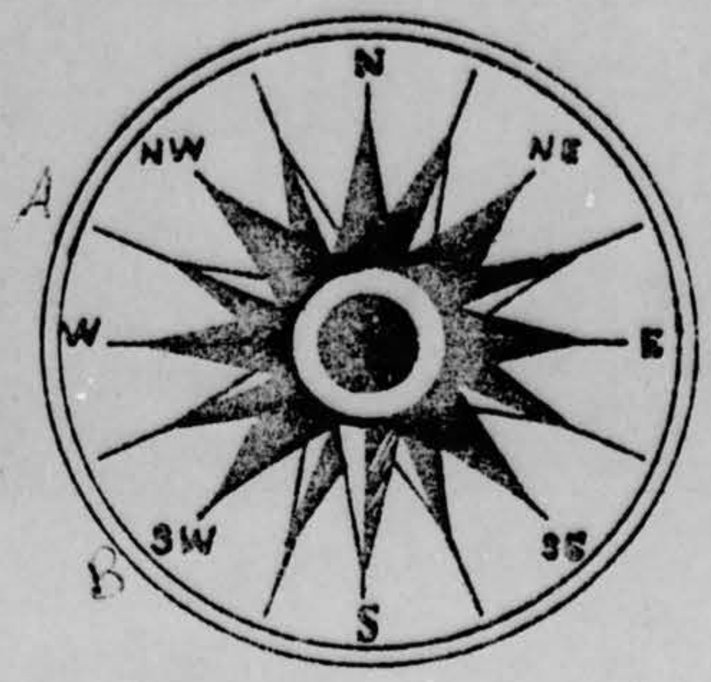
a. Eyeglasses	Yes	(No)	(e.) Binoculars	(Yes)	(No)
b. Sun glasses	Yes	(No)	f. Telescope	Yes	(No)
c. Windshield	Yes	(No)	g. Theodolite	Yes	(No)
d. Window glass	Yes	(No)	h. Other _____		

26. In order that you can give as clear a picture as possible of what you saw, describe in your own words a common object or objects which, when placed up in the sky, would give the same appearance as the object which you saw.

a baseball would probably give the same appearance.

27. In the following sketch, imagine that you are at the point shown. Place an "A" on the curved line to show how high the object was above the horizon (skyline) when you *first* saw it. Place a "B" on the same curved line to show how high the object was above the horizon (skyline) when you *last* saw it. Place an "A" on the compass when you *first* saw it. Place a "B" on the compass where you *last* saw the object.





28. Draw a picture that will show the motion that the object or objects made. Place an "A" at the beginning of the path, a "B" at the end of the path, and show any changes in direction during the course.

B ← ← ← ← O ← ← ← ← ← A

29. IF there was MORE THAN ONE object, then how many were there? _____

Draw a picture of how they were arranged, and put an arrow to show the direction that they were traveling.

30. Have you ever seen this, or a similar object before. If so give date or dates and location.
I saw a object of the same kind on Sept 9, 1966. It was following a jet vapor trail over Kitchener.

31. Was anyone else with you at the time you saw the object? (Circle One) (Yes) No

31.1 IF you answered YES, did they see the object too? (Circle One) (Yes) No

31.2 Please list their names and addresses:

[redacted]
Kitchener, Ont.
Canada

32. Please give the following information about yourself:

NAME [redacted] (Last Name) [redacted] (First Name) [redacted] (Middle Name)

ADDRESS [redacted] (Street) Kitchener (City) (Zone) Ontario (State)

TELEPHONE NUMBER [redacted] AGE 14 SEX Male

Indicate any additional information about yourself, including any special experience, which might be pertinent.

33. When and to whom did you report that you had seen the object?

_____ (Day) _____ (Month) _____ (Year)

34. Date you completed this questionnaire: 14 (Day) April (Month) 1967 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

[redacted]
Kitchener, Ont
Canada

Dear Sirs,

Please write and tell me what you think I saw. If at all possible please sent me another form.

Yours sincerely,

[redacted]
