Dear Sirs,

One night a show
was just coming on
and my brother was
looking out the window.
He too told me to
look out the window,
I saw what I thought
was a flying saucer.

At that same time
my T.V. went nuts.
I got my camera
and took a picture
of it when it was
white, I was so
excited I didn't take
a picture when it
turned red. (HE HAD BLACK
AND WHITE FILM.)

It went over my
house and started
to pick up speed.
That was the last
I saw of it.

These lights were blinking very fast, and they appeared large in my telescope. I have lived near Fort Belvoir for
 7 1/2 yrs. and never saw anything like
 this. I occasionally look at the plane. I looked
 out to the right and saw white. It might have
 been an airplane. I turned my head away on it and
 saw the lights. It was not an airplane.
 It was moving the same way as one,
 except you could see no body or no
 lights. Just 4 white rapidly changing lights.

Dear Mr. [REDACTED]

Reference your correspondence regarding an observation and photographs of an unidentified flying object (UFO), examination of your negatives reveals that each object photographed appears to be an aircraft in flight.

(1) The first photograph shows a plus-shaped image with an additional, shorter crossbar to the right of center. Microscopic examination of this image reveals several features of a helicopter in receding flight.

(a) Less dense imagery at the upper end of the vertical crossbar suggests a tail rotor.

(b) Wider imagery at the tips than at the center of the horizontal crossbar is indicative of the main rotor not being "stopped" by the camera shutter speed.

(c) Only the starboard "floatation-type" landing gear being visible because of the under left side rear angle of photography.

(d) Various statements in your letter also suggest helicopter activity. They were:

1. Numerous vertical movements.....
2. Cigar-shaped.....
3. Very slow speed.....
4. Being visible for a 15-minute period.....

(2) The second, less distinct photograph, shows an aircraft approaching camera position, moving in right-to-left direction. A low-winged configuration is visible. A darker pattern, probably smoke, can be seen trailing the aircraft. A darker area on the upper side, left end, is probably the anti-glare area in front of the windshield. All of this suggests an aircraft configured similarly to the T-39 Sabreliner used by the Air Force.

Your two negatives are inclosed.

SIRS,

I WOULD LIKE TO REPORT THE SIGHTING OF A UFO. ON THE EVENING OF MARCH 31, 1967. IT WAS A FRIDAY NIGHT AND EVERY FRIDAY-SATURDAY NIGHT I GO OUTSIDE WITH MY TELESCOPE AND BINOCULARS TO WATCH PLANETS, ETC. THIS PARTICULAR NIGHT I WAS WITH MY BROTHER AND SISTER WHO ARE BOTH 12 YRS OLD. WE WERE SITTING DOWN WHEN MY BROTHER SPOTTED A RED LIGHT COMING IN VERY LOW (AT TREE TOP LEVEL). IT MUST HAVE BEEN ABOUT ONE MILE AWAY. WE JUST TOOK IT AS ANOTHER PLANE COMING OVER, BECAUSE ABOUT EVERY 5 MINUTES A PLANE PASSES OVERHEAD. THEN ALL OF A SUDDEN WE NOTICED SOME STRANGE MOVEMENTS FROM THE CRAFT. IT STARTED GOING UP AND DOWN IN EXTRAORDINARY FASHION. THEN IT MADE A 90 DEGREE TURN (THE FIRST OF MANY). IT CAME ALMOST DIRECTLY OVER OUR HOUSE. I LOOKED AT IT WITH MY BINOCULARS AND I SAW THAT IT WAS A CIGAR-SHAPED THING WITH A RED LIGHT IN THE BACK AND IN THE BACK IT HAD A GREEN LIGHT. IT DIDN'T MAKE ANY SOUND WHATSOEVER. THEN WE SAW A JET COME OVER AND THE THING STARTED TO FOLLOW THE JET. THE JET SEEMED TO PUT ON A BURST OF SPEED

After watching it for about 20 minutes she awoke her husband. The craft was as big as a greyhound bus. One Witness only saw the object over the lake. Finally another object met the first over the lake and the two moved to the west. Other reports were noted during this time as stated by the witness; however, they only involved a bright white light. The case is being carried as unidentified in the Air Force files.

AND OBJECT GAVE UP THE SORT OF CHASE. I THEN
TOLD MY SISTER TO GO IN AND GET HER
CAMERA WHICH IS A HAWKEYE BY KODAK.
WE HAD A SPOT LIGHT SET UP AND MY BROTHER
TURNED IT ON AND I TOOK THREE PICTURES.
THE PICTURES FAILED TO COME OUT BECAUSE OF
POOR LIGHTING. BY THIS TIME THE KIDS
FROM ACROSS THE STREET CAME OVER AND
SAW THE OBJECT. I WON'T MENTION ANY NAMES
THOUGH. MY FATHER WAS OUT SHOPPING
AND MY MOTHER ~~HE~~ IS IN A WHEEL CHAIR
WITH M.S. , SO THEY COULDN'T SEE ANYTHING.
THE OBJECT MUST HAVE BEEN IN SIGHT FOR 15
MINUTES. IT WAS GOING VERY VERY SLOW,
MUCH TO SLOW FOR AN AIRPLANE, AND IT COULDN'T
HAVE BEEN A HELICOPTER BECAUSE OF
NO SOUND. THE THING WAS AT ABOUT

DEVELOPED THEM ONLY COULD GET
NEGATIVES BUT NOT PICTURES. IF YOU
