REPORT OF UNIDENTIFIED FLYING OBJECTS

1. A brief description of the object(s):

a. Shape

Oval

b. Size (Compare with known objects)

Appeared to be size of an airplane

c. Color

bright white

d. Number

one

e. Formation (if more than one)

N/A

f. Any discernible features or details

flashing rays

g. Tail, trail, or exhaust, including size of same compared to size of object

none

h. Sound (if heard, describe sound)

none

i. Other pertinent or unusual features: Appeared to be a good distance away and climbing.

2. Description of course of object(s)

a. What first called the attention to observer(s) to the object(s)

brightness of light

b. Angle of elevation and azimuth of object(s) when first observed

almost overhead, approx 80°

c. Angle of elevation and azimuth of object(s) upon disappearance

object seemed to climb and disappeared at approx 80° elevation

d. Description of flight path and maneuvers of object(s)

object headed north - its flight path appeared to zig-zag.

e. Manner of disappearance of object(s)

faded away

f. Length of time in sight

approx 1 minute

3. Manner of observation

a. Use one or any combination of the following items: (Ground-Visual ground-electronic, air-electronic. If electronic, specify type of radar):

ground to air (visual).

~~SECRET~~

~~SECRET~~

~~SECRET~~

3.

b. Statement as to optical aids (telescope, binoculars, and so forth) used and description thereof

none

c. If the sighting is made while airborne, give type of aircraft, identification number, altitude, heading, speed, and home station

n/a

4. Time of sighting

a. Hour and date of sighting

2120 12 Jul 68

b. Light conditions (use one of the following) Night, day,

dawn, dusk

night

5. Location of observer(s). Exact latitude and longitude of each observer, or thereof position, or position with reference to a known landmark

sighting was made in front of 5th OC Bn HQ

6. Identifying information on all observer(s)

a. Civilian

NAME

AGE

MAILING ADDRESS

OCCUPATION

b. Military

NAME

GRADE

ORGANIZATION

DUTY

EST OF REL

Randolf H. Brigg

LT.

52 Co 5th OC BN

545-3965

7. Any other unusual activity or condition meteorological, astronomical or otherwise, which might account for the sighting

disturbance and low cloud cover

8. Location of any air traffic in the area at time of sighting

none sighted

9. Position, title and comments of the preparing officer, including his preliminary analysis of the possible cause of the sighting(s). (If report received from other Air Force activity, including ACW squadron, enter information pertaining to reporting individual)

10. Existence of physical evidence, such as materials and photographs

none

11. Name, rank and title of person receiving report, and comments and actions

JOHN C. MCMILLEN, CW2, AOD

Policy Letter #2 was complied with but no contact was made. Sighting was entered on Dispatch Log for further action.

12. Air Force installation notified

COMMENTS: Possible lightning passing from cloud to cloud and appearing from the ground to be a bright oval light moving at a rapid speed. Low varying cloud thickness could give the effect of flashing rays and a zig-zag flight path.

/s/ JOHN C. MCMILLEN

Observer disregarded above possibility saying it lasted too long, was too bright, and maintained a constant configuration.
