FTD SEP 63 0-329 (TDE) Previous editions of this form may be used.

NOW IMAGINE YOU ARE AT THE CENTER OF THE COMPASS ROSE. PLACE AN "A" ON THE COMPASS TO INDICATE THE DIRECTION TO THE PHENOMENON WHEN FIRST SEEN. PLACE A "B" ON THE COMPASS TO INDICATE THE DIRECTION TO THE PHENOMENON WHEN LAST SEEN.

IN THE SKETCH BELOW, PLACE AN "A" AT THE POSITION OF THE PHENOMENON WHEN FIRST SEEN, AND A "B" AT THE POSITION OF THE PHENOMENON WHEN LAST SEEN. CONNECT THE "A" AND "B" WITH A LINE TO APPROXIMATE THE MOVEMENT OF THE PHENOMENON BETWEEN "A" AND "B". THAT IS, SCHEMATICALLY SHOW WHETHER THE MOVEMENT APPEARED TO BE STRAIGHT, CURVED OR ZIG-ZAG. REFER TO SMALLER SKETCH AS AN EXAMPLE OF HOW TO COMPLETE THE LARGER SKETCH.

Gentlemen,

Please do not think me a nut or a lunatic for writing this letter. I am 11 years old and my name is Michael Tedesco. For two years now I have been interested in UFO's, aerial phenomena, flying saucers, or whatever you want to call it. On Sunday, May 4, 1969 my sister and I witnessed a strange sighting. We were playing shadow-tag in Feinberg's Parking Lot (See diagram (A)). It was a clear night. Since I am partly interested in astronomy, I kept looking up at the stars. While coming up from the light at the end of the lot I came to a tree. Once again I took a glance in the sky—

Before I go on, I'll give you a background of what you should know.

My sister's name is ~~XXXXXXXXXX~~ Her
nick-name is ~~XXXX~~ The yard pictured is
where the tree is that we saw the
UFO above. The yard had two dogs in
it. The dogs were always barking at us.

Now — I looked up and there it was.
It looked like a meteor. ~~It~~ Only it had
a red capsule; possibly the UFO itself with
a tail. It had three red lights right behind
the capsule. The rest was yellow, like a meteor
tail. My first ~~reaction~~ reaction was, "Oh, my
God, P-d-LOOK!" She looked up in time
to see it, though it was traveling fast. Then
an odd thing happened. As soon as I pointed
to it, the dogs stopped barking. Then the
lights went out — in ~~sequence~~ sequence. Soon it
disappeared from sight. (UFO in diagram (B)). I
thought maybe it was a meteor, then I thought
about the lights. Then it thought it was
a flare somebody threw up in the air. I
took a flashlight and went looking for
anything that could have been an explanation.
I found nothing. It was 10:00 P.M. so

I went in the house. I told my other sister about what happened. She said, "Maybe there were some aliens in it. They might have seen me pointing and turned out their lights." The next day I looked in the newspaper for any reports on meteors. None.

Now it is 10:00 P.M. May 6, 1969. I am still thinking about the UFO. PLEASE file this in your files as a UFO report. If I see anymore UFO's you'll be the first to know. Thanks for your time.

DEPARTMENT OF THE AIR FORCE
WASHINGTON 20330

OFFICE OF THE SECRETARY

19 MAY 69

This replies to your letter of May 6, 1969, in which you described your sighting of an unidentified flying object (UFO).

Without additional information, we could not attempt to tell you what you saw. However, if you will complete the inclosed questionnaire and mail it in the attached envelope, our technical people at Wright-Patterson Air Force Base, Ohio, will be able to investigate further and make an evaluation.

Should you ever see another UFO, please report it as soon as possible to the nearest Air Force base. Each base in the United States has a UFO investigator. He is in a better position to make an on-the-spot investigation, which usually results in a more accurate analysis.

In the meantime, you might be able to identify your sighting by looking at the categories of objects often reported as UFO's in the Project Blue Book we are inclosing.

Sincerely,

/s/
