Project Blue Book
Wright-Patterson A.F.B.
Dayton, Ohio

Dear Sirs;

I am writing for information on U.F.O.'s. I am really interested in U.F.O.'s and believe in them. I hope you can send what information on U.F.O.'s.

I have seen a few of them including one this evening. They are all the same. They are star like, turning red, blue, and white.

(These are from a distance) There is no sound and they travel at a best rate of speed.

This is on the Pine Ridge Indian Reservation, Pine Ridge, S.D.
On Back

So. Dak., is the south-western
part of the state.

There seems to be a lot of
them in the springtime and the
summer. They usually about five
miles west of Pine Ridge ^(~~five~~ at mile). This
area is isolated (most completely)
and hilly and flat! A lot of
people see them, but it is hard-
ly mentioned.

I got the idea from a paper
book entitled, Letters to
the Air Force on 11/10/57, by
Bill Chatter, copyright 1957.

I don't drink or smoke any-
thing and I am 16 and in the
10th grade.

I know that the army and the
Air Force have some that work
and some that don't and that is the
one you show to the public and
tell them that they don't work.

I hope you will answer this
letter soon and be frank
with me.

II

I know something about them
and I know its not much gas.

P.S. Please be Hopefully yours
frankie and I ~~_____~~
want that, no other ~~_____~~
"beat around the
bush." P.S. Some are about a
mile away and it
was bouncing and
it was a bright blue-
ish white.

5322 Sightings
of

UFO'S

May 13, 69

Sighted southwest
of Pine Ridge, So. Dak.

Descriptions of U.F.O.
Star like twinkled, white
and blue. •

Traveling at high rate
of speed, going from
north to south. Dis-
appeared in about a min-
ute. Always above the
the surface about 1 in.
and is about the size
of a pin head or small-
er. ~~From~~ From a distance.

Saving for Project
Blue Book.
