SAW A BRIGHT LIGHT ABOVE A MISTY TYPE OF SKY. IT HOVERED AND MOVED AWAY AT INCREDIBLE SPEED. IT WAS LIKE A SEARCHLIGHT BUT DID NOT HAVE A BEAM. IT HOVERED AND CAME BACK AGAIN. IT WENT ON FOR ABOUT HALF AN HOUR. SEVERAL PEOPLE SAW IT. NO SOUND WITH THE LIGHT. NO STARS IN THE SKY JUST A HAZE. THE OBJECT MOVED VERY QUICKLY AND IT WENT AT INCREDIBLE SPEED AND THEN CAME BACK AGAIN. THE OBJECT HOVERED ABOVE THE BRITISH MUSEUM FOR ABOUT 2 MINUTES AT A TIME. IT WOULD DISAPPEAR BEHIND THE BUILDINGS AND THEN COME BACK AGAIN.

"UFO" REPORT - INVERNESS-SHIRE - 25 JUL 96

1. The attached "UFO" report was received via Inverness Police. It is an unusual sighting in that the three witnesses are all policemen and the duration of the sighting spans some 40 minutes.

2. As we have already discussed, the MOD's remit in respect of "UFO" reports is to determine whether the sighting represents something of air defence interest; namely, is there evidence of a breach of the UK ADR?

3. I should be grateful for your comments on the attached. Were there any unusual radar returns which tie in with the report?

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. Witness: Section 40

2. Address of Section 40 Section 40

3. Details of sighting:

Sat 20 Jul at 1130hrs ish. pm

Out camping with 2 friends one of which also witnessed sighting.

Location: Slaidburn/Chay Ho, Lancashire

Saw four sets of white lights moving across the sky. Quite high up. The whole sighting lasted 2-3 seconds. Convinced they were not planes.

Explained our role and understood the air defence interest that we have. Explained our views of the extraterrestrial phenomenon.

Agreed to write to him to advise whether anyone else had reported what they had seen. Although I did make clear to him that we could not provide an aerial identification service.

I asked whether he wanted to have the details of UFO research organisations. He said "no I don't what to talk to any nutters thank you". In the end we agreed that I would forward details of UFO RAs to him.

2. Sighting:

Sun 7 Jul at 2230-2250 hrs

3. The above was observed by Section 40 [redacted], his wife and child. He told me that he was ex-Army and was used to observing aircraft etc and this technology was not from here.

4. He was sympathetic to the extraterrestrial hypothesis, saying that a very senior British Government scientist had told him that extraterrestrial life did exist. Section 40 [redacted] came across as a very sensible and sober character.

5. Being ex-British Army he fully understood our role. I undertook to let him know if any information came to light to explain his sighting.

REPORT OF AN UNEXPLAINED AERIAL SIGHTING

1. Received a telephone call from a Section 40 [redacted] Section 40 [redacted] She was phoning on behalf of her mother who observed a strange sighting above her house on Wed 5 Jun at 0600 hrs.

2. Her mother lives in the Tottenham area and described the sighting as a big square thing which looked like a spaceship and like a massive chimney. It was dark blue and had 3 flashing lights underneath it. It hovered there for 10 minutes and then disappeared when she went to took for it 10 minutes later.

3. I explained our Defence role and the lack of evidence to support the ET theories, and she accepted this viewpoint. I talked through with her the possibilities and said that if we received any other reports for the area or an explanation came to light we would let her know.
