 Attachments: Section 40.pdf, Section 40.pdf, Section 40.pdf

Dear Section 40

Thank you for your Freedom of Information request of 30 September 2008 asking for copies of any FOI requests, together with responses, that mention Section 40 that have not already been supplied to you.

There have been three further FOI requests mentioning Section 40 which I attach. You will note that names, addresses and other personal information have been withheld as it is not relevant to the information you have requested. Redactions made by hand are on the original responses. Those made electronically were made in answer to this request.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Yours sincerely,

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 23-07-2007-143005-004

Dear [REDACTED]

Thank you for your Freedom of Information request of 17 July 2007 asking for a copy of any letters written by Mr Nick Pope to the MoD on the subject of an alleged MoD file on the subject of crop circles. Additionally, you asked me to speculate as to why Mr Pope had stated that he had opened a file and that it had recently been located by the MoD. Finally, you asked me to reconsider my response to your Freedom of Information request reference number 16-07-2007-074214-001.

Any correspondence between a named member of the public such as Mr Pope, or indeed yourself, remains a confidential matter between the individual and the MoD and is withheld under exemption s.40 (Personal Information). I would point out, that if Mr Pope were to ask for copies of any correspondence between yourself and the MoD, the same would apply. However, a disclosure of information under FOI terms is considered a disclosure to the wider public, if you require copies of the response to specific FOI requests or recorded information held by MOD, please let me know.

It would not be appropriate for me to speculate on the motives of a member of the public in any statement that they make during the course of their private or business life. If you are curious as to the motives behind any comments he has made, I suggest that you contact Mr Pope himself.

You have asked me to review my response to Freedom of Information request 16-07-2007-074214-001 in light of comments made by Mr Pope in a recent magazine article. I can only state that the MoD has no record of a file on crop circles having been opened either prior to, during, or after, the period 1993-94.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

I am sorry I was unable to be of more assistance.

Yours sincerely,

EX/ 14 AUG 07

From: [REDACTED]
Sent: 17 July 2007 16:23
To: [REDACTED]
Subject: FOI request - reply

Dear [REDACTED]

Many thanks for your quick response to my FOI request of 15 July. I would like to expand on the request and offer the following comments and questions.

My request was based on information given in an article written by a previous incumbent of the MOD's 'UFO Desk, Nick Pope.

In his most recent column in BEYOND magazine, (Issue No 7 (July 2007), pg 13) Mr Pope writes:

> "...in an amusing postscript to this column...I was contacted a few
> months ago by someone who had made a request under the Freedom of
> Information Act asking the MoD to release itas X File on Crop Circles.
> The MoD replied saying that no file had ever been opened on the
> subject. As I'd opened it, I know this was incorrect, so I wrote to the
> MoD and set them straight. I have a good memory and was even able to
> help them by recalling the file's reference number! Happily, following
> my intervention, the file was located."

As Mr Pope is claiming direct knowledge of an MOD file he claims exists because he opened it and could recall the file number, I am now somewhat confused.

To clarify my confusion may I now request:

* That you reconsider my original FOI request about the MOD Crop Circle file, in view of Mr Pope's comments

* If you still maintain no such file exists could you offer any thoughts as to why Mr Pope claims to have opened a file and has recently informed the MOD of its existence to enable them to locate it, which he claims they now have done

* I would also like to request a copy of any letter/s written by Mr Pope to the MOD in which he refers to a crop circle file or to any files containing information about crop circles

Thanks

Regards

Dear [REDACTED]

Thank you soo much for your prompt response! I thought it was a scam just wanted to make sure. He is getting alot of publicity online, on UTube and at so called 'National Press conferences' lately. Alot of people are convinced he is for real...very frustrating to watch.

Regards,
[REDACTED]

Quoting [REDACTED]:

Dear [REDACTED]

Thank you for your Freedom of Information request dated 20 May 2008 asking whether Mr Nick Pope (UFO author) was ever a Minister at the UK Ministry of Defence.

Mr Pope was not a Minister at the Ministry of Defence.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website,

Dear [REDACTED]

Whilst it is not MoD policy to provide personal details regarding employees (which, with more junior employees, would include career details) in fairness to Mr Pope, I feel I should point out that during the period 1991-1994 he was the desk officer with responsibility for UFO matters within the MoD. The post he held during this period (and which I now hold) was a civil service post at what was known then as *Executive Officer*. This is a junior management grade.

In the context of your FOI request, *Ministers* are all members of the UK parliament, whether in the upper or lower chambers, and therefore are at the very highest level of government.

I hope this clarifies matters.

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 30-05-2008-093801-001

Dear [REDACTED]

Thank you for your Freedom of Information request of 29 May 2008 asking why information in paragraph 6 of the background briefing note to PQ0047 and PQ0048 had been redacted and for the background note to be released to you without that redaction. Additionally, you asked whether there was any correspondence between the MoD and the Defence Radiological Protection Service (DRPS) regarding the Rendlesham Incident during the period 1991-94. I assume by MoD, that you mean Sec(AS), as the DRPS was itself an integral part of the MoD. If this is incorrect, please let me know.

Firstly, the information redacted from paragraph 6 of the background note was withheld under exemption s.40 (Personal Information) as it related to an official's private activities outside their duties at the MoD. This remains the case and therefore I can see no grounds for releasing the information. I should point out for future reference that I believe the relevant PQ numbers were actually 0861i and 0862i.

The DAS and DIS UFO files for this period are due for transfer to The National Archives and therefore, as provided by exemption s.22 (Information intended for future publication) of the Freedom of Information Act 2000, the MoD is not obliged to comply with this part of your request. However, I have checked with the Defence Science and Technology Laboratory, who now hold the relevant DRPS files, but they can find no correspondence between them and Sec(AS) during the period 1991-94 on the subject of Rendlesham. They were approached by a member of Sec(AS), but this was by telephone only, although they believe that a note of the conversation was made by Sec (AS).

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. EXP 26 JUN 08

Hi [REDACTED]

On 10 August 2007, you sent me a substantive response to an FOIA enquiry that I submitted on various Parliamentary Questions by Lord Hill Norton on UFOs? Please treat this as a separate follow up to that enquiry and kindly note various attachments, scanned jpeg images for your reference.

Attached there are two pages from a background note that you sent to me via post and there is a scan of a page from 'Open Skies Closed Minds' a book by Nick Pope former MoD UFO desk officer.

In the attached scan HillNortonPQs0048, one of the papers you sent there are redacted sections at paragraph 6. If you examine the first redaction, it is plain to see that this information is already in the public domain and refers to Nick Pope, as evidenced in attached scan OSCMNickPope and marked with red underline and arrow, showing it was Nick Pope who made the enquiry to the Defence Radiological Protection Service.

Here's my questions and request relevant to these papers.

In paragraph 6 of HillNortonPQs0048 (attached) there is another redaction concerning explanations offered by the Defence Radiological Protection Service.

1. a) Why was this information redacted, what exemption was applied? b) May I ask for the re-release of this background note paper without the latter redactions and that offer alternate explanations for the higher than normal radiation levels involved in the Rendlesham Forest alleged UFO of December 1980. The grounds upon which I make this request are primarily because this information concerns an event which happened nearly 30 years ago, at an American USAF air force base that has long since closed down. I cannot see what exemption currently within the use of the FOIA should prevent the release of this information, if put to a public interest test, there's a strong chance it would be released, unless you can inform of some other reason why it should not?

2. Could you please determine if there's any correspondence between the MoD and Defence Radiological Protection Service concerning radiation readings connected with the Rendlesham Forest UFO of December 1980 but from the period 1991-1994 (Nick Pope's tenure)

Section 40 please find attached another scan of the background note paper which preceded the one in question, it might help to identify and relocate these papers. (HillNortonPQs0047).

Looking forward to your reply, either by email at [REDACTED] or by post at [REDACTED]

Thanks, yours sincerely

REDACTION ON ORIGINAL DOCUMENT

30/05/2008

fr frenzy.' Someone on the recording says, 'All the battery animals have gotten quiet now.' Other witnesses remembered the natural agitation. Was this caused by the low-frequency hum of an aircraft, or, more sinister still, does it have some connection with animal mutations?

Despite some high-level pressure brought to bear by Lord Hill-Norton, who, it will be remembered, was a chief of defence staff and chairman of the NATO Military Committee, and from Sir Patrick Wall MP and Ralph Noyes, who was a former head of DSS himself, nothing concrete was done. When Hall's report became public in 1983, the media in a field day, 'URE LANDS IN SURREY' trumpeted the *Nature* of the *World* on its front page on 2 October. 'And this is official.'

There has been a steady stream of letters from the public over the years, but inevitably, fact and fiction intertwined. Rendlesham Forest became a myth. Rendlesham Forest is British Roswell — we know that something happened, but I don't know what. I believe the Ministry of Defence squandered a major opportunity by not investigating the incident in detail at the time. The trail has now gone cold: the airbase has gone, personnel have gone, even a great swathe of the forest has been cut down — on account, some say, of the massive radiation from the trees. Brenda Butler was unable to discover who had felled the trees or what had happened to them.

One aspect of Rendlesham has been consistently ignored by ufologists and yet, to me, it is the most tangible proof of something extraordinary happening there, and that is the ion readings. I contacted the Defence Radiological Protection

vice, attached to Haslar, the Institute of Naval Medicine, Gosport, Hampshire. Contrary to the claim made in *Strange But True?*, the readings were in fact ten times higher than normal.

and the military Geiger counters used were probably designed to measure much higher levels of radiation, so the scale at the lower end might have been less sensitive, making accurate readings difficult. It is also possible that the night hours were not the best time to take readings, although Hall's careful figures — 0.05 and 0.07 rather than the average of 0.06 — suggest that a great deal of precision was involved. Most ufologists have concentrated on the bizarre non-human shapes in the craft and their meeting with senior personnel. It is human nature to focus on the most dramatic and exciting aspects, and this is a snuff of contactee legend, the closest of close encounters. In comparison the actual physical proof of the radiation readings has been into relative insignificance. Yet this does not say much for the general standard of scientific research among ufologists, and as little to enhance their credibility.

What did happen in Rendlesham Forest? There have been some quite extraordinary attempts to explain away the events described in Col Hall's report. One comes from science writer Ian Ridpath, whose theory is that the flashing, pulsating lights in the trees were actually the rotating beams from Orford Ness lighthouse six miles away. A timing of the tape, he says, fits the pattern of the lighthouse's circuit. He also claims that the six-mile distance would seem like only a few hundred yards at night, and that men were moving about in the trees, the fixed light would give the impression of moving independently of them.

Col Ridpath put forward this explanation in *Strange But True?* Col Hall was, I felt, very restrained, in his rebuttal. 'The light doesn't move through a forest, doesn't explode, doesn't change shape, doesn't send down beams of light.' He also has added that the Orford Ness Lighthouse had

DECLARATION: I have satisfied myself that the following answer and background note are in accordance with the Government's policy on answering PQs, Departmental Instructions (DCI {To Be Confirmed}), and the Open Government Code (DCI GEN 48/97).

[REDACTED]

BACKGROUND NOTE:

1. Lord Hill-Norton has a long-standing interest in "UFOs", was a member of the (now defunct) House of Lords All-Party "UFO" Study Group, and has written forewords for two books on the subject. He has previously written to Ministers supporting individual "ufologist" causes.

2. The MOD position on "UFO" sightings is that we examine any reports received solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the UK Air Defence Region might have been compromised by hostile or unauthorized foreign military activity. Unless there is evidence of a potential military threat, and to date no "unidentified flying object" sighting has revealed such evidence, we do not attempt to identify the precise nature of each reported incident.

3. The alleged incidents referred to in the 1981 memorandum occurred between 27-29 December 1980 when unusual lights were seen by USAF personnel, including the Deputy Base Commander, outside RAF Woodbridge. A report of the sighting written some two weeks after the events (copy attached) was forwarded to the MOD by the RAF Liaison Officer at RAF Bentwaters. The report was examined by the Department at the time and no evidence of any matter of defence significance was found. This is of course the Department's only interest in such sightings.

4. This incident is regularly quoted by the media and 'ufologists' as evidence of "UFOs" penetrating the UK Air Defence Region. However, all available evidence was examined at the time and nothing of defence concern was judged to have occurred in the location on the nights in question. No additional information has come to light over the last 16 years which calls the original judgement into question.

REDACTION ON ORIGINAL DOCUMENT

[REDACTED]

5. It was then, and continues to be the case that witnesses are not routinely contacted following receipt of a "UFO" report. It would only have been necessary to contact Lt Col Halt (or any other witness) had there been any indication that the sighting was of defence relevance and further information was required.

6. The PQs may have been prompted by the publication of two books, one on "UFOs" and the other on "Alien Abductions" by a former member of Sec(AS), Mr Nicholas Pope. The incident is discussed in Mr Pope's first book. He states that the radiation readings taken by USAF personnel at the site were unusually high. There is, however, no evidence that any analysis of the radiation readings reported at the site was undertaken at the time. It can only be assumed now that in view of the assessment made at the time by the relevant air defence experts that the UK air defence region had not been compromised, no analysis of the reported readings was judged necessary.

[REDACTED]

approached the Defence Radiological Protection Service in 1994 for their views. Their advice was that the readings were higher than normal but that there could be a number of explanations for this.

[REDACTED]

The Defence Science and Technology Laboratory (Dstl) is the custodian of the files created by what was the Defence Radiological Protection Service (DRPS) and later became known as the Defence Evaluation and Research Agency Radiation Protection Services. Dstl have searched the files for the period mentioned and can confirm that there are no records of the type requested.

The above finding is not unexpected, as DRPS received many ah-hoc radiation-related enquiries. These enquiries covered a wide range of topics and the nature of any records maintained related to their apparent significance to DRPS's role, which was to provide radiation-related health and safety advice to Ministry of Defence civilians and the UK Armed Forces. In this context, and given the nature of Mr Pope's enquiry and the lack of health risk associated with the doserates mentioned, it is not surprising that there are no records of what seems to have been a purely informal telephone conversation. Conversely, when it became apparent that this topic was attracting public interest, records of related correspondence were kept and an example from 1998 which summarises the DRPS position is attached for your information.

It is hoped this is helpful.

[REDACTED]

Dstl search report:

1. Records/documents related to this type of incident are usually recorded in the pack for unusual occurrences (pack no. 175/015). Searching this pack between the period 1991 – 1994 yielded no documents related to the radiation monitoring incident at RAF Bentwaters/Woodbridge.
2. A further search for files related to RAF Bentwaters/Woodbridge over this period has been conducted, but no such files exist.
3. A DRPS health physicist, [REDACTED] was contacted by Nick Pope (who for the period 1991 – 1994 was Sec(AS) 2a with responsibility for conducting UFO investigations). There are no DRPS files relating to this meeting, the only evidence being a note (figure 1) written by Nick Pope on 15/04/1994[1]², which has been commented on in the public domain by ufologists[2]. [REDACTED] confirms he considered the conversation as a privileged conversation the significance of which required no formal record.
3. [REDACTED] has previously commented on this conversation with [REDACTED] (ref: 150/17/11511/DRPS) on several occasions in 1996 and 1998 where he has reiterated his view on the conversation he had with Nick Pope in 1994.

Dear Mr [REDACTED]

References:

- A. Letter dated 19 Aug 1998
- B. 150/17/5817/DRPS dated 27 Sept 1996
- C. 150/17/5767/DRPS dated 19 Sept 1996

Thank you for your letter of 19 August (ref A). You will recall from our previous correspondence (Refs B and C) that in my original discussions with Mr Pope I did indeed state that the readings were around 10 times normal background levels, provided that the instrument was appropriate for measuring background radiation (at the time of our discussions he could not state what the instrument was), calibrated and being used/interpreted correctly.

I share the NRPB view that the use of a high-range survey instrument to measure (accurately) environmental levels of radiation is somewhat questionable and this must throw some doubt on the validity of the data reported.

I hope this is of use to you.

Thank you for your Freedom of Information request asking for details of UFO sightings over Biddenden in Kent.

The Ministry of Defence (MoD) has no record of receiving a UFO sighting over Biddenden in 2008. Details for UFO sightings reported to the MoD for the period 1997-2007 are available on our website www.mod.uk by searching the Publication Scheme section for the phrase "UFO Reports".

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 07-10-2008-064556-001

Expiry: 24 Jul 08

The Applicant has made the following request for information:

Copies of photographs for 1995,

Case for release of information

Files containing this information are due for release in the next 12 months and therefore exemption s.22 (Information intended for future publication) applies

A PIT is included in the response letter.

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to the above exemption

Grade/Rank: **B2** Name: **Section 40**

Authorisation Reference Number: DAS-FOI 08/05..... **Section 40**

Date: **7/10/08**

Section 40

From: Section 40

Sent: 07 October 2008 13:46

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 07-10-2008-064556-001

Dear Section 40

Thank you for your Freedom of information request of 6 October 2008 asking for copies of any UFO photographs for the year 1995.

Files covering this period will be transferring to The National Archives as part of a programme to transfer some 160 files covering 1978-2007. It is not possible to state when the files will actually be transferred, but it is expected it will be within the next six months. Therefore, under exemption s.22 (Information Intended for Future Publication) the MoD is not obliged to provide you with the information you requested.

This is not the end of the matter, of course; section 22 is a qualified exemption, meaning that the MOD must assess the balance of public interest in release of the information.

Whilst there is undoubtedly public interest in this information being released to the public as it will enable them to have a more informed view of the MoD's role in the UFO phenomena, there is no overriding reason why the public should have the information immediately. It is part of effective administration of government that the publication of information is planned and managed within the department responsible. Copies of UFO photographs will be of great interest to researchers and writers and, by placing the information requested in The National Archives, all interested parties will have access to the same information at the same time, which ensures no one has any particular advantage over their competitors.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Dear Section 40

Thank you for your Freedom of Information request of 6 October 2008 asking for any documents the Ministry of Defence (MoD) has pertaining to "Operation Blackbird", which the MoD allegedly helped with. I understand this was an attempt to film the creation of a crop circle.

Other than documents relating to correspondence on the subject from members of the public such as yourself, the MoD has no documents pertaining to this matter and can find no record of the military having assisted in any such event.

I hope this is helpful. If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 02-10-2008-172521-003

Expiry: 30 Oct 08

The Applicant has made the following request for information:

Details of UFO sightings over Bromley 2003 onwards

Number of UFO sightings and locations

Case for release of information

Details for 2003-07 are available on the MoD website.

Details for 2008 will be published in Jan 2009 and therefore should be withheld under exemption s.22 (Information Intended for Future Publication)

A PIT is included in the response.

Authorisation

I hereby give authorisation to release the aforementioned information subject to the above exemption

Grade/Rank: **B2** Name: **Section 40**

Authorisation Reference Number: DAS-FOI 08/05..... **Section 40** ..

Date: **6/10/08**

Section 40

From: Section 40

Sent: 06 October 2008 11:51

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 02-10-2008-172521-003

Dear Section 40

Thank you for your Freedom of Information request of 2 October 2008 asking for details of UFO sighting reports in the London Borough of Bromley in the last five years. You also asked for the number of UFO sightings each year and their location. Your request has been passed to this Department as we are the focal point within the Ministry of Defence for correspondence relating to UFOs.

Firstly, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The Ministry of Defence Information website has a database which contains information on UFO sighting reports from the year 1997 up to 2007. This can be accessed via the internet at: <http://www.mod.uk/DefenceInternet/FreedomofInformation/PublicationScheme>, by searching under "UFO Reports". Reports for the year 2008 will be published in the same place in January 2009 and therefore, as provided by exemption s.22 (Information intended for future publication) of the Freedom of Information Act 2000, the MoD are not obliged to comply with this part of your request.

This is not the end of the matter however, of course; exemption 22 is a qualified exemption, meaning that the MoD must assess the balance of the public interest in release of the information which is outlined below.

Whilst there is undoubtedly public interest in details of sightings being released to the public, there is no overriding reason why the public should have that information immediately. It is part of the effective administration of government that the publication of information is planned and managed within the department responsible. Details of UFO sightings are of great interest to researchers and writers. By placing the information on the MoD website in January, all interested parties receive the information at the same time, which ensures no one has any particular advantage over their competitors.

You may also wish to be aware that the MOD has already released a great deal of information about UFOs which is available for public viewing. MOD files were routinely destroyed until 1967, when they were generally preserved for The National Archives. A few have survived before 1967 and these together with records up to 1987 are now available for public viewing. The National Archives can be contacted at Ruskin Avenue, Richmond, Kew, Surrey TW9 4DU, or telephone 0208 876 3444. The National Archives also have a website giving information about the records they hold and how to access them. This can be found on the internet at:

06/10/2008

<http://www.nationalarchives.gov.uk>.

I hope this is helpful. If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 06-10-2008-070657-001

Expiry: 31 Oct 08

The Applicant has made the following request for information:

Details of unexplained or explained very flashes of light from the sky since 2000 reported by military, civil servants or the public.

Case for release of information

Assuming this is a UFO question, answering will entail checking 18 sighting report files, 30 correspondence files and 4 PQ files which will far exceed the £600 limit set for answering PQs.

1 file = 1 hour

42 files = 42 hours

42 @ £25 = £1050

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to the above exemption

6 October 2008

Dear **Section 40**

Thank you for your Freedom of Information request of 3 October 2008 asking for any information, reports or sightings from the public, military or civil servants of unexplained, and explained, very quick flashes of light from the sky or space since 2000. Your question is very broad, but has been passed to this branch to answer as we have responsibility for UFO matters within the MoD and we are the most likely repository of the information you request.

Answering your request would far exceed the permitted £600 limit set for compliance with the Freedom of Information Act and, as provided by Section 12 of the Act, the Ministry of Defence is not obliged to comply with your request. Your request covers a number of different topics. If you could limit your request to one specific item, I may be able to help. I would also advise you to limit the scope of your request to a specific and shorter time period such as two years.

That having been said, details of UFO sightings reported to the MoD for the period 1997-2007 are available via our website www.mod.uk by searching under "UFO reports" and this may provide you with much of the information you request.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Yours sincerely

26 September 2008

Dear **Section 40**

Thank you for your Freedom of Information request of 26 September 2008 asking for the title and details of the unit or team within the Ministry of Defence (MoD) that deals with UFO sightings. Additionally you wanted to know what they did.

The MoD examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MoD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

Many members of the public believe the MoD has a whole department or branch that deals with UFOs, and, I suspect, have the impression of a large organisation within the MoD dedicated to research into UFO matters and extra-terrestrials. Actually, there are only two posts within the MoD (including mine) that are dedicated to UFO matters. Both posts (DAS-FOI and DAS-FOI1) are part of the Directorate of Air Staff (DAS), that deals with a wide range of air defence matters, of which UFOs is a minor part. DAS-FOI is at D Grade, which is the most junior management grade within the MoD, whilst DAS-FOI1 is at E1 Grade, which is at clerical level. Although the overwhelming majority of the UFO work in these two posts involves (and has for decades) answering correspondence from the public or recording sightings reported to the MoD, we do on occasion investigate reports. This usually involves liaising with air defence specialists (e.g. radar specialists) on perhaps half a dozen reports per year. These will generally be sightings made by aircrew, members of the armed forces or the police. We do not do field investigations. The notion that the MoD has ever maintained a dedicated team of UFO investigators along the lines of *The X-Files* is, I am afraid, a fiction. Both posts also have a responsibility for advising other DAS staff on Freedom of Information matters - hence the *FOI* in the post titles.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MoD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Yours sincerely,

Section 40

The Constitution Unit, a research body at University College London, is carrying out an independent evaluative study of the Freedom of Information Act 2000 in co-operation with a number of public authorities, including the Ministry of Defence. An important part of the evaluation process is gathering the experiences and opinions of FOI requesters like you. Any information you provide will only be seen by the Constitution Unit and will be handled in accordance with its privacy policy explained in the survey. The Ministry of Defence will only see the published results: no individual responses will be visible to us and your participation will have no effect on your future dealings with the Ministry.

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 26-09-2008-094212-001

Dear Section 40

Thank you for your follow up e-mail of 23 September 2008 asking for details from the Operations Record Book of 2 Squadron, RAF Laarbruch, concerning an alleged UFO sighting by RAF Tornado aircraft on 5 November 1990. For administrative purposes it is being treated as a new request and has a separate reference number.

At this time, 2 Squadron were stationed in Germany as part of their normal duties and the flying programme for the Squadron in November comprised Op Granby (1st Gulf War) run up and normal flying training exercises. There is no record of any particular event occurring on 5 November 1990, nor of anything around that date.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Hi Section 40

Thanks for your prompt reply to my Freedom Of Information request.

Concerning the question about Operations Record Book entry for 2 Squadron RAF Laarbruch, I am specifically interested in the alleged UFO sighting involving UK RAF Tornados on 5 November, 1990 somewhere near Ypenburg. It transpires that this was probably re-entry of a satellite rocket component. The reason for my enquiry is to see whether any mention or details were recorded in the ORBs for that evening of any object sighted, also I am interested to learn why the Tornado's were there i.e. what happened shortly before and after? So any specific additional information you can supply that answers the above would be useful?

Sincerely

Attachments: Section 40

Dear Section 40

Thank you for your Freedom of Information request of 3 September 2008 asking for details of the two Ministry of Defence (MoD) posts specifically tasked with dealing with UFO matters.

There are currently two posts within the MoD that are dedicated to UFO matters. My own (DAS-FOI) is at D Grade, which is the most junior management level within the Ministry and the second (DAS-FOI1) is at E1 grade which is at non managerial level. Whilst it would be inappropriate to provide individual salary details, the pay range for D grade posts is £19,315-£26,626 and for E1 grade posts £14,271-£23,534. They also attract standard London weightings for the grade. Both these posts are part of a branch based in MoD Main Building in London called the Directorate of Air Staff (DAS). This branch deals with a wide range of air defence related matters of which UFOs is a minor part. Although the overwhelming majority of the UFO work in these two posts involves (and has for decades) answering correspondence from the public or recording sightings reported to the MoD, we do on occasion investigate reports. This usually involves liaising with air defence experts (such as radar specialists) on, perhaps, half a dozen reports per year. These will generally be sightings made by aircrew, members of the armed forces or the police. I think I should make it clear that we do not do field investigations. The notion that the MoD has ever maintained a dedicated team of UFO investigators along the lines of *The X-Files* is, I am afraid, a fiction. Additionally, we answer Freedom of information (FOI) requests such as yours from the public and have responsibility for answering parliamentary correspondence. Both posts also have responsibility for providing advice to other staff within DAS on FOI matters.

The two posts require general office skills, with a preference for strong drafting abilities. When either of them becomes vacant, they are filled by internal competition. There is no requirement for any particular educational qualification beyond those normally required to gain entrance to the civil service. Specifically, there is no requirement for scientific qualifications or for any previous knowledge of, or interest in, UFO matters. Individuals occupying these posts are required to act in accordance with MoD policy on this subject and keep an open mind on UFO matters.

As requested, I enclose copies of correspondence over the last two years regarding these posts. You will note that some personal information such as names, addresses, telephone numbers etc has been withheld as it is not relevant to the information you requested.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has

23/09/2008

been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Subject: Internet-Authorised: FOI REQUEST 26-02-2007-141448-004 - REPLACEMENT FOR [REDACTED]

Dear [REDACTED]

Thank you for your e-mail request of 26 February 2007 asking for copies of Freedom of Information request 21-09-2006-111822-004 together with the response and any subsequent related follow-on requests by the same author. Additionally, you raised a number of questions relating to the recruitment of a replacement for [REDACTED] as DAS-FOI.

The first part of your request will be dealt with by colleagues in DIS, whilst I will address the second part, dealing with the recruitment of a replacement for [REDACTED]

The post was originally advertised in October-November 2006. There were two applicants but they were considered to be unsuitable by a sift panel. The post was then re-advertised in November-December when there were a further four applicants. Interviews were conducted on 11 January following the Christmas break, and I was informed I was the successful candidate on 19th January 2007. I formally took up the post on 5 February 2007, although as I was already undertaking many of [REDACTED] duties whilst her replacement was found, for all practical purposes, I was her replacement from 19th January 2007.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within two calendar months of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>."

Subject: Release-authorised: EMPLOYMENT WITH UFO BRANCH - T003474

Dear [REDACTED]

Thank you for your e-mail to Secretary of State for Defence, Des Browne, asking for details of how to apply for positions in the MoD's *UFO department*. It has been passed to this office to deal with as we have responsibility for answering questions relating to UFOs.

Firstly, I think it would be helpful if I gave you some background about the MoD role in UFO matters. Despite what many people think, the Ministry of Defence (MoD) does not have any expertise or role in respect of 'UFO/flying saucer' matters or the question of the existence or otherwise of extraterrestrial lifeforms, about which it remains totally open-minded. I should add that to date the MoD knows of no evidence which substantiates the existence of these alleged phenomena. The MoD examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MoD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The term UFO "department" is actually rather misleading. I suspect it gives the impression of a large organisation within the MoD dedicated to research into UFO matters and extra-terrestrials. In fact, there are two posts within the MoD that are dedicated to UFO matters. One (DAS-FOI) is at D Grade, which is the most junior management level within the Ministry and the second (DAS-FOI1) is at E1 grade which is at non managerial level. Both these posts are part of a branch based in London called the Directorate of Air Staff. This branch deals with a wide range of air defence related matters of which UFOs is a minor part. Although the overwhelming majority of the UFO work in these two posts involves (and has for decades) answering correspondence from the public or recording sightings reported to the MoD, we do on occasion investigate reports. This usually involves liaising with air defence experts (such as radar specialists) on perhaps half a dozen reports per year. These will generally be sightings made by aircrew, members of the armed forces or the police. I think I should make it clear that we do not do field investigations.

The two posts require general office skills, with a preference for strong drafting abilities. When either of them becomes vacant, they are filled by internal competition. If you wanted to take up one of these posts, you would therefore first need to join the MoD, and then once you had established yourself, apply for the posts as and when they become vacant.

If you were interested in pursuing a career within the MoD, please let me know and I will put you in contact with the relevant recruitment branch or section.

I hope this is helpful.

To: [REDACTED]

Subject: Release-authorised: EMPLOYMENT ON UFO RESEARCH

Dear [REDACTED]

Thank you for your e-mail of 19 March 2008 asking for help in your desire for a job with the MoD related to UFO research and enquiries.

There are two posts within the MoD that are directly related to UFO matters. Both these posts, which are civilian rather than military, are within the Directorate of Air Staff (DAS) and form part of its secretariat function. This means that their primary role is the answering of correspondence from both the public and parliament. The two posts dealing with UFO matters are tasked with answering correspondence, and since 2005, Freedom of Information requests. Additionally, they are tasked with recording UFO sightings reported to the MoD, details of which are placed on the MoD internet site at the end of the year. Very occasionally, they receive a UFO sighting report that they believe may justify further follow up and they will liaise with air defence experts. I would estimate that 95% of both jobs are UFO related, with the remainder being related to administering and providing guidance to colleagues within DAS on Freedom of Information matters.

However, despite what many members of the ufology community believe, the MoD examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen may have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no UFO report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

Staff who fill these two posts are recruited from within the MoD amongst its normal administrative staff and despite rumours to the contrary, these posts are not Top Secret and do not require security clearance beyond the norm for civil servants in the MoD. Therefore, if you were interested in undertaking this work, you would need to join the Ministry of Defence and, once you had established yourself, apply for one of them as and when they became vacant.

I hope this is helpful.

Yours sincerely,

Dear [REDACTED]

Thank you for your Freedom of Information request of 24 October asking information relating to the advertisement of the vacant post in DAS responsible for dealing with FOI and UFO inquiries.

I attach a copy of the advertisement for the post that has appeared internally within the MoD (it has not been advertised externally) which provides a description of the post. The contact telephone number at the foot of the advert has been redacted as it does not form a substantive part of the information you requested.

I also attach the core competences covering the general skills required of staff at various grades, including the D grade, which is the grade the post is advertised at. The Band D grade is the most junior of the MoD managerial grades.

This post has been advertised on the MoD internal intranet which has effectively done away with the need for paperwork. There is no internal correspondence as such surrounding the advertising of this post.

If this information does not address your requirements or you wish to complain about any aspect of the handling of this request, then you should contact the undersigned in the first instance. Should you remain dissatisfied, then you may apply for an internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB.

If you are still unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

You should note that at the moment, the post remains vacant. I am covering the post whilst a replacement is found.

Yours sincerely,

[REDACTED]

Job Title: Secretariat & Private Office
Salary Administration Plan: Broad Banding D
Location: Main Building
Reference: 324863
Salary Grade: D

Eligibility:

Staff who hold the substantive grade of this post, or hold promotion passport/ticket to Band D may apply for this post. **IMPORTANT NOTE:** If you apply at a stage when you are ineligible your application will not be considered. Should the requisition proceed to a stage in which you become eligible and still wish to be considered you should submit an offline application to the PSC.

Post Security:

This post is Non Reserved Security Clearance: Security Check

Job Description:

The Directorate of Air Staff is responsible for providing support to the Chief and Assistant Chief of the Air Staff and Ministers in all central policy, political and parliamentary aspects of non-operational RAF activity both at home and overseas. As the Freedom of Information Focal Point you will be responsible for monitoring all FOI requests received by the Air Staff in London. You will provide guidance to staff on the release of information and the use of exemptions of the Freedom of Information Act 2000 and liaise as necessary with other FOI Focal Points and DG Information staff. You will also be the MOD Focal Point for correspondence with the general public and MPs about unidentified flying objects (UFOs), including researching and writing responses to FOI requests. You will have responsibility for one E1. It would be desirable for the successful applicant to have an FOI Practitioner qualification and an ECDL qualification.

Competences:

Working together, Communicating and Influencing, Analysing and Using Evidence, Improvement and Change, Leadership and Developing People.

Transfer Terms and Allowances:

Tour Length: Minimum 2 years This post is Full-Time but suitable for part-time/job-share Transfer Terms: Permanent

Interview Details:

Interviews for this job will take place Wednesday 14th December 06 in Main Building, London. For further information regarding this post please contact [REDACTED] DAS ADSec [REDACTED]

REDACTED ON ORIGINAL

Equality and Diversity:

The MoD is an Equal Opportunities employer and seeks to reflect the diverse community it serves. Applications are welcome from anyone who meets the stated requirements.

Please apply before: 04/12/2006

1. Working Together

Outcome – People work together in a productive, open and supportive way.			
Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You promote diversity and fairness for everyone. You are open, honest and polite in dealing with other people. You answer questions openly and listen to the views and opinions of others.	You seek information, knowledge and experience of vital issues, readily sharing and learning from others and encouraging others to do the same.	You build an effective team, drawing on the diversity of others.	You build a high-performing team by exploiting the diversity within it.
You are aware of, and carry out, your responsibilities in line with legislation and Departmental policies (for example, anti-discrimination, Security, Freedom of Information, Health and Safety).	You take account of the contributions, background and experience of others and are aware of how the team works together.		
You understand your own role and that of others in the team, and work together to achieve team goals.			
You willingly accept responsibility for your own work while keeping other people informed of progress and possible problems.	You willingly accept responsibility for delivering your own results and those of the team, keeping others informed of progress and possible problems.		
You appreciate shared team goals and work with others to achieve Departmental aims.		You understand and can explain shared team goals and how you help others to achieve Departmental aims.	You understand organisational priorities, goals and communicate shared team/individual objectives aligned with them.
	You encourage an environment where team members take responsibility for team results as well as their own results.	You create a supportive environment in which team members take responsibility for team results as well as their own individual results.	
Ineffective indicators			
- You are not aware of the needs and values of others. - You work alone, rarely involving others, which frustrates the overall group or team aims. - You do not co-operate with other people.		- You leave staff and colleagues to struggle. - You blame others for your mistakes. - You do no more than the minimum amount of work. - You constantly check up on your team as you do not trust them to deliver.	

1. Working Together

2. Leadership and Developing People

**Outcomes – People are motivated to achieve success and to inspire others to do so.
People develop the necessary skills and experience to perform well and continuously improve.**

Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You are committed to continuously developing your skills and those of other people. You recognise your own limitations and learn from experience and feedback.			
You understand your role and how what you do links to the business plan.	You take time to get clear understanding what they need to do and how this links to the business plan through setting SMART objectives.		You set and communicate a controlling vision for the team, linking individual contributions to the business plan through setting SMART objectives.
You set an example by working efficiently with as little supervision as possible.	You are aware of your own leadership style.	You are aware of and can adapt your leadership style to the situation.	
You take opportunities to develop yourself by learning from others and taking on new challenges.	You recognise other people's strengths and weaknesses, delegating effectively to provide suitable development opportunities. You coach/mentor other people, encouraging them to develop broader skills.		You recognise people's potential delegating effectively to provide development opportunities. You coach/mentor other people encouraging them to develop broader skills.
You acknowledge good performance by others. You act promptly and positively to deal with inappropriate behaviour.	You recognise and reward good individual and team performance, and celebrate success. You act promptly and positively to deal with poor performance and inappropriate behaviour.		
You ask for feedback and respond constructively to criticism.	You monitor people's progress and provide encouragement and constructive feedback without oppressing blame. You ask for and act on feedback, and respond constructively to criticism.		
You put forward ideas and contribute to business decisions.	You anticipate risks and reverse risks in making decisions. You delegate responsibility to the right level and allow others autonomy, and you know when to intervene.		You create an environment which gives people the freedom to contribute and deliver. You delegate responsibility to the right level, balancing challenge with support and knowing when to intervene.
	You show how and when to engage with others, respect the expertise of others, and help people to grow.		
Ineffective indicators			
- You are aloof and arrogant. You intimidate colleagues and staff. - You constantly change rules or conditions. - You do not accept people's differences. - You keep work that should be done by your team.		- You are not aware of what the team is doing. - You do not consider your development needs or those of other people. - You take sole credit for achieving results. - You do not meet your obligations with the performance management process.	

2. Leadership and Developing People

3. Communicating and Influencing

Outcome – People share the right information to support agreed courses of action.			
Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You provide balanced, impartial advice, presenting information and dealing with people impartially. You use the most appropriate method, language and style of communication for the situation and people involved.			
You check your own and other people's information for accuracy and consistency.			
You listen, clarifying to check mutual understanding. You take account of other people's views when deciding what action to take.			
You present a case confidently and persuasively.		You present a case confidently and persuasively, using the best methods for presenting to the relevant audience (including public, parliamentary and media relations).	
You speak and write clearly and accurately, and check that people understand your message.	You speak and write clearly in a well-structured and concise way, checking that your message is understood.	You speak and write in a well-structured, clear and concise way. You draft accurately and concisely to persuade and inform, checking that your message is understood.	You speak and write in a well-structured, clear and concise way. You draft quickly, accurately and concisely under pressure to persuade and inform, checking that your message is understood.
You develop good working relationships, and recognise breakdowns in communication.	You develop good working relationships, and take positive steps to deal with conflict or breakdowns in communication.	You promote good working relationships, and respond quickly to deal with conflict or breakdowns in communication.	You promote good working relationships, dealing, where possible, with communication breakdowns before they arise, defusing tense situations.
You negotiate with colleagues to agree day-to-day activities.	You carry out day-to-day negotiations to agree what action to take.	You negotiate effectively to achieve agreed courses of action with stakeholders, maintaining their buy-in.	
You stick to the point in discussions or meetings.	You intervene in meetings and discussions when relevant and at the right time.	You lead meetings or discussions effectively to achieve clear results and make telling contributions to move business forward.	
			You prepare co-ordinated advice for Ministers which they can rely on without question.
Ineffective indicators			
- You talk down to other people. - You do not listen. - You do not make yourself understood.		- You do not make adjustments for other people's needs. - You ignore all challenges or criticism and react with hostility.	

3. Communicating and Influencing

4. Analysing and Using Evidence

Outcome – People make informed decisions based on clear analysis of relevant evidence and information.			
Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You identify and use some sources of evidence when making decisions.	You identify the sources of evidence and experts that are needed to make decisions.	You identify and use key sources of evidence and relevant experts when evaluating evidence to support a claim.	You exploit key sources of evidence, and engage with relevant experts when using evidence to support a claim.
You are able to adapt to changing priorities.	You are able to work with changing evidence and uncertainty.	You adapt easily to changing evidence and uncertainty.	You are comfortable with uncertainty. You predict possible outcomes and changes, and act as a result.
You are aware of the limits of your own authority when making decisions.	You make decisions at the right time, within the limits of your own authority. You identify the main parts of, and solutions to, a problem.	You make decisions at the right time, based on best available evidence and analysis, within the limits of your own authority.	You seek the facts but when choosing, you make timely difficult decisions based on limited information.
	You check sources of evidence to make sure they are valid and accurate.	You know which evidence is valid and relevant and can make sense of a range of material to get at the underlying issue and see the links between complex factors.	
	You analyse evidence to support the development of policies, projects and programmes.	You use evidence to evaluate policies, projects and programmes, seeing where the risks lie and thinking through whole life implications.	
You can collect and summarise information and data relating to your area of work.		You work confidently with information and data, and understand commonly used methods for summarising data.	
Ineffective indicators			
- You base decisions on rumours, not facts. - You work only from your own point of view or make assumptions about issues.		- You fail to make connections between wider issues, people or organisations. - You accept all evidence without question.	

5. Managing Customers and Suppliers

Outcomes – People develop productive relationships with customers and suppliers that give value for money.			
Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You understand the need to get best value for money, being aware of and applying relevant commercial policies and processes.		You get best value for money using relevant commercial policies and processes.	
You have a strong focus on customers and suppliers.		You plan with a strong focus on customers and suppliers and know how to shape business processes and priorities around the customer.	
You know who your customers and suppliers are and build good working relationships with them.		You establish relationships that will get the best out of each party and optimise the distribution of risk.	
You identify ways to improve customer service.		You maintain improved performance throughout the way business is done with a clear distinction between requirement and delivery.	
You understand customers' and suppliers' needs and manage expectations by explaining what is and is not possible.	You understand customers' and suppliers' needs and explore practical solutions with them to manage expectations by explaining what is and is not possible.	You understand customers' and suppliers' needs in terms of performance, risk and cost. You plan for and manage risks that may arise and negotiate trade-offs when necessary to affect delivery.	
	You work effectively with different organisations to achieve common goals.		You take a wide view, successfully identifying common goals with organisations that have different interests.
Ineffective indicators			
- You do not try to identify customers and suppliers. - You make promises that cannot be met.		- You don't look beyond existing services. - You are uncooperative and unhelpful.	

6. Improvement and Change

Outcomes – People are committed to improving the business, turning visions for change into reality and adapting well to change.			
Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You make suggestions for improving working practices.	You improve relevant practices and make them work on your terms.	You improve practices, suggesting new or more effective methods.	You challenge accepted assumptions, developing and putting into practice imaginative proposals to successfully encourage new and more effective methods.
You understand the need for change.	You understand the need for change and encourage and support other people to become involved in the process.	You communicate the purpose of and need for change, encouraging other people to participate and take part in the process.	You understand and communicate the reason for change and act as a role model in encouraging others.
You respond quickly, flexibly and positively to change, using it as an opportunity to learn, develop and practise new skills. You put into practice new ways of working and exploit new technology.			
		You understand how business change relates to system change.	You understand how business change relates to system change and can shape a change programme accordingly.
		You assess the effect of options for other people, supporting them in adapting to different ways of working.	You gain other people's commitment to change and know how to prepare people for different ways of working.
		You recognise the effect change has on stakeholders and deal with issues promptly.	You recognise the effect change has on stakeholders and deal with issues promptly. You manage links with other change programmes.
		You can identify the benefits of a change.	You know how to identify and treat different kinds of people.
			You see where or how need to replace the information as the environment changes.
Ineffective indicators			
- You propose change for the sake of change. - You ignore new ideas and proposals without considering them. - You use rules as an excuse to prevent change. - You will not risk exposure of uncertainty.		- You cannot justify change. - You stick to outdated methods and are not willing to change. - You do not learn from previous experiences. - You always see difficulties, not possibilities.	

6. Improvement and Change

7. Planning and Managing Resources to Deliver Business Results

Outcome – People plan effectively and make best use of resources to deliver business results.

Effective indicators

Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You understand how the MOD is structured, where you fit in, and your role in delivering business results.	You understand and can explain the structure and functions of the MOD, and your own and other people's roles in delivering business results.	You understand and can explain the structure of government, parliamentary and ministerial procedures and processes, and how these influence business.	You understand and can explain the Department's business mission and how you and others contribute to delivering its business (including financial) results.
You are aware of parliamentary and ministerial procedures and processes and how these influence business.		You understand and can explain the structure of government, parliamentary and ministerial procedures and processes, and how these influence business.	
You use resources appropriately and follow appropriate business rules.		You lead by example in following expenditure and managing business relationships and risks, promoting and enforcing business rules including scrutiny and controls to ensure propriety.	
You understand the need to ask for the advice of others when making decisions.	You know when to engage with other Ministers, senior officials, Finance or Commercial, when making business decisions.		You understand how to engage with functional business units such as Finance or Commercial and know when to provide them with requests for expenditure and information.
You understand business data about your own area of work.	You understand and interpret business (including financial) data relevant to your own area of work.	You understand and interpret business (including financial) data to inform decisions.	You work confidently with business (including financial) data when making decisions. You interpret and make risks to business and where appropriate, investment proposals.
	You gather and present evidence to support bids for resources.		You ensure persons delivering against the business plan, negotiating the resources needed to deliver business results and inform key decisions.
You look for best value from resources (people, money, assets and time).	You review spending against budget and seek best value from resources (people, money, assets and time).		You seek best value from resources (people, money, assets and time), including the use of resources to results and forecasting and managing expenditure accurately.
You use processes, information and appropriate tools to deliver business results.	You make best use of business processes, information and tools to deliver results, including seeking and acting on feedback to improve business performance and processes.		You manage business processes, information and tools effectively to deliver results and know how to use business process reviews to improve business delivery.
Ineffective indicators			
- You focus on process at the expense of results. - You ignore people's needs. - You misuse resources. - You fail to deliver business results.			

7. Planning and Managing Resources to Deliver Business Results

8. Programme and Project Management

Outcome – People use Programme and Project Management techniques and tools to do business faster, cheaper and better.			
Effective indicators			
Band E – Skill Zones 1 to 3	Band D – Skill Zone 4	Band C	Band B
You prioritise and manage your own work using your own time technology and resources effectively.	You plan ahead, setting realistic targets.	You create clear and achievable plans.	You translate complex aims into clear and manageable plans.
You review progress to improve performance.		You review progress to improve performance (understanding the purpose and use of analysis processes such as the critical path or the Gantt chart).	
You are aware of programme and project management techniques, including risk management.	You understand basic programme and project management techniques including risk management.	You understand and use programme and project management techniques, including risk management.	You understand and use programme and project management techniques, including risk management. You can manage a programme or project across all the same time.
You understand your role in delivering a programme or project.	You understand how you contribute to delivering programme benefits and developing business cases.	You understand and contribute to defining and delivering programme benefits and developing business cases.	
You are aware of the need to involve stakeholders.	You understand the need to involve key stakeholders.	You identify and engage with stakeholders, keeping them informed. You regularly ask for and act on their feedback.	You plan and deliver strong relationships with stakeholders making sure the organisation is a respected customer and supplier.
You recognise the effects of decisions on other people.	You make basic links between issues and recognise the effects of decisions on other areas.	You identify and manage the main links and dependencies between issues.	You identify and manage all links and dependencies between complex issues.
You work with programme and project management experts, and in acquisition projects, procurement and commercial experts.			
Ineffective indicators			
- Your plans are not structured or realistic. - You fail to keep stakeholders informed. - You fail to consider risks.		- You do not monitor and review progress. - Your approach lacks a clear management plan.

Subject: Freedom of Information request

24 October 2006

Dear Sir/Madam

I wish to make a request under the FOI for the following information:

- ✓ a) a copy of any current advertisement (internal MoD or external, in whatever format) for the vacant post at DAS which is responsible for dealing with FOI and UFO inquiries.
- ✓ b) with reference to (a) a copy of the job description, list of responsibilities, qualifications required for this post
- ✓ c) any information relating to the Civil Service grade relevant to the vacant post
- ✓ d) any internal correspondence relating to the current vacancy not covered by exemptions to the FOIA.

Please could you supply any substantive information as hard copy to the address given above, please use my email address if you require any further information in handling this request.

I look forward to hearing from you,

[REDACTED]

txtinforequest: Dear Sir/Madam,

I understand that within the MoD two staff are specifically tasked, among other things, with dealing with UFO-related inquiries. I wish to find out where these two staff are based, what their job descriptions are and what their duties entail. (If possible I would like to see copies of the official job descriptions) I also wish to find out their annual levels of remuneration as well as what qualifications and skills are required for the posts. Also, are candidates for the positions required to keep an open mind on the subject of UFOs in line with the MoD's general position? I would also like to see copies of correspondence relating to these posts from the past two years. (2007 and 2008)

I realise that you are regularly inundated with inquiries relating to this particular subject and your help and patience are greatly appreciated.

Many thanks and best wishes,

Dear **Section 40**

I am writing concerning your Freedom of Information request asking how many UFO sighting reports from the London Borough of Redbridge have been investigated by the MOD in the last five years. Your request has been passed to this Department as we are the focal point within the Ministry of Defence for correspondence relating to UFOs.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

With regards to there being any sighting reports investigated from the London Borough of Redbridge, I have checked our records and we have not received any reports from that area in the last five years.

I hope this is helpful. If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Yours sincerely

The Constitution Unit, a research body at University College London, is carrying out an independent evaluative study of the Freedom of Information Act 2000 in co-operation with a number of public authorities, including the Ministry of Defence. An important part of the evaluation process is gathering the experiences and opinions of FOI requesters like you. Any information you provide will only be seen by the Constitution Unit and will be handled in accordance with its privacy policy explained in the survey. The Ministry of Defence will only see the published results: no individual responses will be visible to us and your participation will have no effect on your future dealings with the Ministry.

If you would like to take part in this study, please visit the following link to be taken directly to the survey: <http://tinyurl.com/6prff8>. Or, if you prefer, contact Ben Worthy at b.worthy@ucl.ac.uk or on 020 7679 4974 to ask more about the study.

If you have filled this survey out before, we invite you to fill it out again in light of the recent response to your request.

Dear **Section 40**

I am writing concerning your Freedom of Information request asking how to access all reported UFO sightings from 1980-1983. Your request has been passed to this Department as we are the focal point within the Ministry of Defence for correspondence relating to UFOs.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

With regard to your request of asking for access to all reported UFO sightings from 1980-1983, you can find the information in The National Archives. The National Archives can be contacted at Ruskin Avenue, Richmond, Kew, Surrey TW9 4DU or telephone, 020 8876 3444. The National Archives also have a website giving information about the records they hold and how to access them. This can be found on the internet at: <http://www.nationalarchives.gov.uk>. Therefore, as provided by exemption s.21 (Information reasonably accessible to the applicant by other means), the MOD is not obliged to comply with your request.

I hope this is helpful. If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an

internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 09-09-2008-104135-001

Expiry: 30 Sep 08

The Applicant has made the following request for information:

Copies of Ops record book for 2 Sqn Nov 1990.

Details of MoD papers on various UFO sightings 1997-2003

Case for release of information

Other than names, addresses telephone numbers and other such details which are not relevant to the information requested, there is no reason to withhold information on the UFO sightings.

Requested clarification of information required from Ops Record Book.

Authorisation

I hereby give authorisation to release the aforementioned information subject to the above exemption

Grade/Rank: **B2** Name: **Section 40**

Authorisation Reference Number: DAS-FOI 08/05..... **Section 40**

Section 40

From: **Section 40**
Sent: 23 September 2008 10:18
To: **Section 40**
Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 03-09-2008-104135-001
Attachments: **Section 40**.pdf

Dear **Section 40**

Thank you for your Freedom of Information request of 2 September 2008 asking for copies of the Operations Record Book for 2 Squadron, RAF Laarbruch. Additionally, you asked for copies of documentation regarding a number of UFO sightings between 1997 and November 2003.

I regret that, as 2 Squadron were not on operational duty during November 1990, the Operations Record Book entry for this month is not date specific but is merely a summary of Squadron activities. The Freedom of Information Act entitles individuals to have access to information not documentation per se. As the 2 Squadron Operations Record Book for November 1990 contains information which is likely to be irrelevant to you, I should be grateful if you would specify what information you are seeking from this document.

I enclose copies of documentation held on the sightings you mentioned. Some personal information such as names, addresses, occupations, telephone or room numbers has been withheld as it is not relevant to the information requested.

You also asked whether the MoD would be interested in learning of any mundane explanations for the sightings. Given the length of time since the sightings occurred, we consider the sightings closed and I must therefore refuse your very kind offer.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Dear [REDACTED]

I am writing with reference to your report of a sighting of an 'unidentified flying object' on 12 August 2002. The report was passed to this office by RAF Fylingdales as we are the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat, and to date no 'UFO' report has revealed such evidence, MOD does not attempt to identify the precise nature of each reported sighting. We believe it is possible that rational explanations, such as aircraft lights or natural phenomena, could be found for them, but it is not the function of the MOD to provide this kind of aerial identification service. We could not justify expenditure of public funds on investigations which go beyond our specific defence remit.

With regard to your particular observation, I have looked back through our sighting report files and can confirm that we received no other reports of 'UFO' sightings for 12 August from anywhere in the United Kingdom. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised air activity.

Yours sincerely

Sighting Of Unidentified Flying Object

Humberside Police Incident Log Number 70 of 17/10/02 timed at 0239hrs Thursday 17/10/02 refers

At 0239 hrs on Thursday 17th October 2002 a member of the public contacted Humberside Police to report seeing a UFO. The adult male caller wished to remain anonymous but it is believed he lives in Hull (eastern area of the City). Whilst making the report the caller stated he could see two lit objects in the sky - one over the the Eastern Cemetary, Preston Road, Hull and the other one over B.P. Saltend. He stated the objects appeared to be 'communicating' with each other. He described one of the objects as having a blue light in the middle, a white light and two green lights with a red light going around the top. The object was spinning around and hovering. The caller was looking through binoculars.

Local Police Officers were alerted and sighted what they believed to be the object being reported by the caller. The below report is from two Police Officers rather than from the initial caller who was reluctant to become involved. Other officers also saw the 'object'.

- a) Police Officers involved - PC [REDACTED] and PC [REDACTED]
- b) 0254 hrs 17/10/02 - duration of approx 45 minutes
- c) Appeared as the size of a 'normal' bright star but of different colours - blue, green, red and white
- d) Viewed from various locations in the Hedon area (east of Hull) from a police vehicle
- e) Viewed with naked eye
- f) First viewed by officers to be in the sky over B.P. Chemicals Plant at Saltend near Hull and then in the Thorgumbald area.
- g) Angular elevation of approx 45 degrees
- h) Distance from observers is difficult to estimate (but not near to them)

REDACTION ON ORIGINAL DOCUMENT

- i) The object appeared to move fast and then stop - it stopped and started on a couple of occasions and repeatedly changed its colour/shape, fading and also becoming brighter at times
- j) Meteorological conditions - weather fine and dry with no cloud initially and no other objects nearby to obstruct the view.
- k) A chemical plant is nearby and also the River Humber with industrial/chemical plants on the south bank at Killingholme/Immingham
- l) The Humberside Police Helicopter attended the area and perceived the object to be a star or satellite and the colour changes being an optical effect due to possible gasses emitted from the nearby industrial plants. It has to be said however that the above officers were not convinced of this explanation.

This report is submitted for your information and attention. If further details or clarification are required please contact the Humberside Police Northern Command Centre

DAS Sec 3

CREDIBLE WITNESS 'UFO' REPORT - 17 NOV 03

Reference:

A. D/Sec(AS)/64/2 dated 17 Nov 03.

At Reference, you asked whether the report submitted by Sgt [REDACTED] from New Scotland Yard, through Plt Off [REDACTED] at CRC Neatishead, regarding "20-30 red flashing lights in the sky accompanied by a whirring noise" at 0225hrs on 17 Nov 03 at Bromley in Kent, represented anything of air defence interest. CRC Neatishead have reviewed the radar tapes for the time period specified and other than routine air traffic in the area, nothing additional was detected in the area despite good radar coverage. Therefore, I can now confirm that the incident does not represent anything of air defence interest.

Signed on CHOIS

Follow-up UFO Report - 170612z Nov 03

UFO report relayed to STCDO from the Duty Surveillance Officer Fg Off [REDACTED] at RAF Neatishead who had received the report from F/Sgt [REDACTED] at Swanick Mil ext [REDACTED] Fg Off [REDACTED] has also passed this report to MOD Sec (AS) 2a and to CAOC 9 - Flt Lt Al [REDACTED]

F/Sgt [REDACTED] had received the report from Sgt [REDACTED] of New Scotland Yard Ref. No CAD 625 contact Tel No [REDACTED]

'At 2.25am 17 Nov 03 2 adults and 1 child in Bromley, Kent saw 20-30 red flashing lights in the sky accompanied by a whirring noise and they recorded the occurrence on video tape. The family called the police who confirmed the sighting. The policeman using a lamppost as a marker concluded the lights were zigzagging / turning across the sky at a speeds faster than any man-made aircraft.

A crew of a police helicopter airborne at the time also confirmed the lights but they thought they might be lights of aircraft on the approach in to LHR. However Swanick Mil declared that there were no aircraft in the approach pattern at that time all aircraft on their radar were at high level.'

Case Number: 16-01-2006-090714-001

Dear [REDACTED]

I am writing regarding your request for information concerning an alleged recovery of an unknown object that crash landed near Caldbeck in Cumbria on 4 March 1954. Your request has been treated in accordance with the Freedom of Information Act 2000. I have been asked to reply because this department is the focal point within the Ministry of Defence for correspondence concerning unidentified flying objects.

It was generally the case that before 1967 all "UFO" files were destroyed after five years, as there was insufficient public interest in the subject to merit their permanent retention. Since 1967, following an increase in public interest in this subject "UFO" report files are now routinely preserved. Any files from the 1950s and early 1960s which did survive are available for examination by members of the public at The National Archives, Ruskin Avenue, Kew, Richmond, Surrey, TW9 4DU.

Details of what information is available (including an on line catalogue) and how to access information at The National Archives can be found on their website at www.nationalarchives.gov.uk. I have viewed the catalogue on your behalf and have been unable to locate any UFO files specifically for 1954. It is therefore likely that if there was any information about this event contained in these early files it has not survived the earlier destruction policy.

I have also made some enquiries regarding RAF aircraft accidents and can confirm that there were no RAF crashes in Cumbria on this date.

I hope this is helpful. If this information does not address your requirements or you wish to complain about any aspect of the handling of this request, then you should contact the undersigned in the first instance. Should you remain dissatisfied, then you may apply for an internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB.

If you are still unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the MOD internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Yours sincerely,

**Section 40****From:** **Section 40****Sent:** 18 September 2008 14:28**To:** 'request-3095-4b8fe574@whatdotheyknow.com'**Subject:** Release-authorised: FREEDOM OF INFORMATION REQUEST 18-09-2008-101325-002Dear **Section 40**

Thank you for your Freedom of Information request of 18 September 2008 asking for information regarding the recovery of an object that crashed near Caldbeck in Cumbria on 4 March 1954.

Given the length of time since the alleged incident, (over half a century) the Ministry of Defence no longer holds "UFO" files for the year in question. Before 1967 all "UFO" files were destroyed after five years, as there was insufficient public interest in the subject to merit their permanent retention. However since 1967, following an increase in public interest in this subject, "UFO" report files are now routinely preserved. Files for 1967 to 1984, and any files prior to 1967 which did survive, are now available for examination at The National Archives, Ruskin Avenue, Kew, Richmond, Surrey, TW9 4DU, Telephone: 0208 876 3444. Details of how to access these records and The National Archives on line catalogue can be found on their website at <http://www.nationalarchives.gov.uk>.

You may also wish to know that in answer to a previous enquiry on the same subject, we were able to determine that we had no record of any RAF aircraft crashing in Cumbria on that date.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Is info-access-office@mod.uk the wrong address for Freedom of
Information requests to Ministry of Defence? If so please let us
know by emailing team@whatdotheyknow.com - we'll make sure future
ones go to the right place.

**Section 40****From:** **Section 40****Sent:** 08 September 2008 14:41**To:** **Section 40****Subject:** Release-authorized: FREEDOM OF INFORMATION REQUEST 08-09-2008-140010-018Dear **Section 40**

Thank you for your Freedom of Information request of 14 August 2008 asking for the number of UFO reports made over North Yorkshire during the period August 2007-August 2008. Additionally, you asked whether any had been made by members of the North Yorkshire Police Force or members of the county, district or city councils within the area.

Three reports were made during this time on 11th, 12th and 14th July 2008. All three reports were made by the same individual. They did not give their occupation.

You may be interested to know that details of UFO sightings for the period 1997-07 can be found on our website www.mod.uk by searching under UFO reports. Details of reports for 2008 will be published in January 2009.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Yours sincerely,

14th August 2008

Dear Sir/Madam,

I'm making a request using the Freedom of Information Act to find out many reported UFO sighting there have been in North Yorkshire in the last 12 months (August 2007 to August 2008).

Specifically we're interested if any of these sighting have been made by members of the North Yorkshire Police Force or members of the county, city or district councils within the area?

If this is the case, we request details of how many members of each organization has reported a sighting and on what dates.

Please send the records through, address to myself, to the address stated at to top of this letter.

Your Sincerely,

Section 40

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 05-09-2008-065646-001

Expiry: 3 Oct 08

The Applicant has made the following request for information:

Information on Peter Horsey and Janus

Information on Rendlesham

Unreleased UFO cases

Copies of Rendlesham File and Cosford docs previously published on MoD website.

Case for release of information

The accurate answering of this request would require the manual checking of some 150 files.

Even by restricting checks to those files most likely to hold the information ie correspondence, PQ's and policy, the costs would be far in excess of the £600 limit;

1 file = 1 hour to read
90 files = 90 hours to read
90 hours @ £25 per hour = £2250

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to cost.

Grade/Rank: **B2** Name: **Section 40**

Section 40

From: Section 40

Sent: 05 September 2008 13:43

To: Section 40

Subject: Release-authorized: FREEDOM OF INFORMATION REQUEST 05-09-2008-092345-002

Dear Section 40

Thank you for your Freedom of Information request of 4 September 2008 asking for details of how the Ministry of Defence (MOD) answers Freedom of Information (FOI) requests. Additionally, you asked for information relating to Peter Horseley and Janus, the Rendlesham incident and any more UFO reports we have refrained from releasing. Finally, you asked for copies of two files removed from the MoD publication scheme earlier this year. I assume that you are referring to the file on Rendlesham and documentation on Cosford. If this is incorrect, please let me know.

This e-mail covers the UFO related elements of your request. The FOI related elements will be dealt with as a separate FOI request by another branch

The cost of fully answering the UFO elements of your request is likely to exceed the permitted £600 limit set for compliance with the Freedom of Information Act and as provided by Section 12 of the Act, the Ministry of Defence is not obliged to comply with your request. However, that having been said, I am able to provide you with copies of the documents removed from the MoD website with minimal cost to the MoD. My preferred option would be to provide you with a CD as this would save a considerable amount of paper and the electronic files are too large for me to e-mail to you. If you are content with this please let me know.

The Rendlesham incident continues to be of interest to the public. The MoD has a considerable amount of correspondence from members of the public such as yourself asking for information or our opinion of the incident and separating it out from other letters on our correspondence files would be a major task, which we would not be prepared to undertake due to cost. However, the information is due for publication at The National Archives as part of the release programme I mentioned in my e-mail of 5 March 2008, which is already underway. Since I am providing you with a copy of the single dedicated file on the subject, this should provide you with relevant, original, information.

Locating information relating to Peter Horseley and Janus would also require a search of a great many files. However, if you would narrow the time period of two years, I will see if I can find anything.

Details of UFO sightings for the period 1997-2007 can be found on the MoD website by searching under "UFO Reports". Details of sightings for the year 2008 will be placed on the website in January 2009.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has

05/09/2008

been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Section 40

Dear **Section 40**

Please find enclosed copies of the Cosford documents and Rendlesham file that had previously been on the MoD website.

They have been slightly amended to bring them in line with current MoD practice and therefore they do not exactly match the documents that had been on the website. However, I do not believe these amendments substantially alter the documents. The Rendlesham file contains a number of documents that had not originally appeared on the website. Some personal information such as names addresses etc has been withheld.

You may be interested to know that the file the Cosford documents are taken from is due for transfer The National Archives as part of our transfer programme.

Yours sincerely

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 03-09-2008-070604-003

Dear Section 40

Thank you for your Freedom of Information request of 2 September 2008 asking for the release of a file previously on the Ministry of Defence (MoD) website with a title along the lines of "working report". Additionally, you also asked for information on the amount of control the UK government has over people's computers and what they can monitor.

It is not altogether clear from your e-mail what document you were looking for on the MoD website. However, there are two that may fit the bill. The first is entitled "*Unidentified Aerial Phenomena (UAP) in the UK Air Defence Region*" and the second "*Unidentified Flying Objects (UFO) Flying Saucer Working Party Report No 7*". Both are still available on the MoD website www.mod.uk by searching under those titles in the Publication Scheme.

Turning to the matter of government control of people's computers, this is a matter for the Home Office to answer. They can be contacted at their website www.homeoffice.gov.uk.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Subject: Release-authorised: FOI written request PS 03-09-2008-070604-003

I have received an FOI request from a member of the public which is shown below. I have removed the individuals name and address for data protection reasons.

The gentleman is asking for copies of UFO material that he had previously downloaded from our website, but is now unable to locate. Whilst his request is not clear, I believe I have a fairly good idea what documents he is talking about and can answer this part of his request quite easily.

I suspect that the inference from the second half of his request, is that the government has hacked into his computer to delete these UFO documents. Since the MoD put the documents on its website in the first place, I think the logic is slightly awry.

I am, however, not in a position to answer his query regarding the amount of control the government has over citizens computers.

Are you able to provide a draft paragraph or two that I can add to my response.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40** [redacted]

Case Number: 06-08-2008-150240-005

Expiry: 2 Sep 08

The Applicant has made the following request for information:

Have MoD received sighting report similar to requesters own sighting

Have there been instances of military aircraft being wrongly identified as UFOs

Case for release of information

The accurate answering of this request would require the manual checking of some 150 files.

Even by restricting checks to those files most likely to hold the information, the costs would be far in excess of the £600 limit;

1 file = 1 hour to read

77 files = 77 hours to read

77 hours @ £25 per hour = £1925

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to the above exemption

Grade/Rank: **B2** Name: **Section 40** [redacted]

Authorisation Reference Number: DAS-FOI 08/05..... **Section 40** [redacted]

Section 40

From: Section 40

Sent: 06 August 2008 15:20

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST

Dear Section 40

Thank you for your e-mail of 4 August 2008 asking whether the MoD had any instances of a UFO sighting similar to the one experienced by yourself. Additionally, you asked whether there had been instances of misidentified military aircraft being taken for UFOs. As you are asking for specific data, your e-mail is being treated as a Freedom of information request.

The MoD holds some 150 files on the subject of UFOs covering the period 1987 to the present day. Accurately answering both parts of your question would involve manually checking them, the cost of which would far exceed the £600 limit set for compliance with the Freedom of Information Act and, as provided by Section 12 of the Act, the Ministry of Defence is not obliged to comply with your request.

That having been said, details of UFO sightings reported to the MoD for the period 1997-2007 are available via our website www.mod.uk by searching under "*UFO reports*" and this may provide you with much of the information you request.

You may also wish to know that MoD files were routinely destroyed after five years until 1967 when they were generally preserved for The National Archives. A few have survived before 1967 and these together with records up to 1987 are now available for public viewing. The National Archives can be contacted at Ruskin Avenue, Richmond, Kew, Surrey TW9 4DU or telephone, 020 8876 3444. The National Archives also have a website giving information about the records they hold and how to access them. This can be found on the internet at: <http://www.nationalarchives.gov.uk>. Further, the MoD has recently started a 3 year programme to transfer files covering the period 1979-2007 to The National Archives where they will be available for viewing on their website. The Ministry of Defence Freedom of Information website also contains some released information on UFOs. This can be accessed the internet at: www.mod.uk, by searching under UFO reports.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

I must however, correct the impression I inadvertently gave you that the MoD in anyway confirms the statistic that 95% of UFO sightings can be adequately explained. We simply do not attempt to explain the vast majority of UFO reports and therefore for the MoD, the figure has no basis in statistical fact. Clearly we are unable to comment on statistics produced by organisations outside the

06/08/2008

MoD.

I am sorry I was unable to be more helpful.

Exl 2 Sep 08

From: Section 40
 Sent: 04 August 2008 20:12
 To: Section 40
 Subject: RE: Unidentified Aerial Phenomena

Dear Section 40

Thank you for your prompt reply and for addressing my questions; specifically the MoD appears to not consider UAPs a threat to national security unless an external 'military' source can be evidenced, your responses were indeed helpful.

You indicated that it would be helpful for me to identify where I got the 95% statistic from, you mentioned that you have heard this statistic in the media and on the Internet and I can confirm that this is indeed where I was drawing the statistics from, as I believed it was common knowledge. I have not been privy to any form of statistical analysis from the MoD themselves and would therefore apologies if my questions led you to believe otherwise. However, you state with a degree of certainty that based on experience this figure would appear to be reasonably accurate so I would ask that of the 5% that may have been investigated by the MoD, is there any instances of similarity between them and my own account and, if so, would there be any evidence of misidentified 'military' craft that appear so unusual as to provoke wild claims but which may have a distinctly terrestrial source?

With regard to my second question, you asked if the sighting mentioned in my initial email was hypothetical. May I take this opportunity to state that this was an actual sighting witnessed by myself and my son in July/August 2005 in East Kilbride, Glasgow, Scotland. I did consider this sighting highly unusual and given the nature of the craft, metallic and able to hover against the wind, I assumed, maybe incorrectly, that it was military in nature although there was absolutely no sound of engines or any other form of propulsion. I was unable to capture any evidence of the craft such as photographs, although I am a reasonably intelligent person I was able to reproduce a model of the craft with 3D modelling software, and should such an image be helpful in identification I can, if required, forward you a copy of the image.

Since the sighting I had conducted my own rudimentary investigation, querying blimp and balloon suppliers in the UK, however in conclusion I was overwhelmingly left with the impression by these businesses that noiseless blimps are not capable of hovering un-tethered in the wind, although only 2 out of 3 of the suppliers I contacted responded to my queries.

Given the above account I'm not sure as to whether I should consider the incident a threat, and given that the MoD may not be able to control the behaviour of this and other similar types of unknown craft it may be prudent to consider it a threat and it is from this point of view I was initially seeking clarification from the MoD.

Kindest Regards,

Section 40

0

From: Section 40@mod.uk]
 Sent: 04 August 2008 11:36 AM
 To: Section 40
 Subject: Unidentified Aerial Phenomena

Dear Section 40

Thank you for your e-mail of 3 August 2008. You raised a number of issues that I will deal with in order.

Firstly, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace

05/08/2008

might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

It would be helpful if you would identify where the statistic that "*95% of sightings are mundane misidentifications*" came from. Although I have seen this statistic mentioned in the media and on the internet, I am unaware of any MoD survey or statistical analysis that came to this conclusion. It would however, be reasonable to state, albeit based on experience rather than statistical analysis, that something in the region of 95% of UFO sightings reported to the MoD are simply never investigated and therefore no conclusions can be drawn from them.

Turning to your second question regarding (I assume a hypothetical?) sighting of a "*metallic UAP*" some 500ft in the air with associated missing time and memories of strange beings, is that given the above policy, it is not necessarily the MoD's function to investigate the matter or, indeed, to make any conclusion as to whether it was a threat to the individual that saw it.

Finally, you asked what specifically would constitute a threat to UK national security from a UAP. It is not possible to provide you with an all encompassing definition of what constitutes a threat to national security from a UAP. If we were to investigate an incident, it would have to be judged on a case by case basis.

I am sorry I could not be more helpful.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 09-07-2008-092845-001

Expiry: 6 Aug 08

The Applicant has made the following request for information:

Details of UFO sightings over last 12 months or since Dec 06

Case for release of information

The information requested is due for release in January 2009 and therefore should be withheld under exemption s.22 (Information intended for future publication).

PIT is included with response

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to the above exemption

Grade/Rank: B2 Name: **Section 40**

Authorisation Reference Number: DAS-FOI 08/05..... **Section 40**

Date: 6/8/08

Section 40

From: Section 40

Sent: 06 August 2008 09:24

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 09-07-2008-092845-001

Dear Section 40

Thank you for your Freedom of Information request of 8 July 2008 asking for details of all UFO reports in the past 12 months or since December 2006.

Firstly, it may be helpful if I explain that the Ministry of Defence has no expertise or role in respect of 'UFO/flying saucer' matters or to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. The MOD examines any reports of sightings solely to establish whether what was seen might have some defence significance. The MOD's only concern therefore, is to establish whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

Details of UFO sightings reported to the MoD for the period 1997-2007 are available for viewing on the MoD website at www.mod.uk by searching under *UFO Reports*. Reports for the year 2008 will be published in the same place in January 2009 and therefore, as provided by exemption s.22 (Information intended for future publication) of the Freedom of Information Act 2000, the MoD are not obliged to comply with this part of your request.

This is not the end of the matter however, of course; exemption 22 is a qualified exemption, meaning that the MoD must assess the balance of the public interest in release of the information which is outlined below.

Whilst there is undoubtedly public interest in details of sightings being released to the public, there is no overriding reason why the public should have that information immediately. It is part of the effective administration of government that the publication of information is planned and managed within the department responsible. Details of UFO sightings are of great interest to researchers and writers. By placing the information on the MoD website in January 2009, all interested parties receive the information at the same time, which ensures no one has any particular advantage over their competitors.

However, you may be interested to know that so far this year, the MoD has received some 150 reports of UFOs.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

06/08/2008

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

The reports have already been released to the Observer, but the press office have failed to hand these on to my paper despite them already being in the public domain.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 30-07-2008-114223-003

Expiry: 28 Aug 08

The Applicant has made the following request for information:

1. Details of UFO sightings over Co Tyrone 1958-2008
2. Is there a department and experts dealing with UFOs

Case for release of information

The cost of checking files for sighting reports likely to exceed £600

A full search would require checking all files. A search of the files most likely to contain the information would still involve half the MoD files on the subject.

1 file = 1 hour to read

77 files = 77 hours to read

77 hrs @ £25 = £1925

However, MoD position on UFOs can be released.

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to the above exemption

Sent: 31 July 2008 15:10

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 30-07-2008-114223-003

Dear Section 40

Thank you for your Freedom of Information request of 29 July 2008 asking for details of UFO sightings in Co Tyrone for the period 1958-2008. Additionally, you asked whether the MoD had a specific department or set of experts on UFOs.

The MoD holds some 150 files on the subject of UFOs covering the period 1987 to the present day. Accurately answering your question regarding UFO sightings would involve manually checking them, the cost of which would far exceed the £600 limit set for compliance with the Freedom of Information Act and, as provided by Section 12 of the Act, the Ministry of Defence is not obliged to comply with your request.

That having been said, details of UFO sightings reported to the MoD for the period 1997-2007 are available via our website www.mod.uk by searching under "*UFO reports*" and this may provide you with much of the information you request.

You may also wish to know that MoD files were routinely destroyed after five years until 1967 when they were generally preserved for The National Archives. A few have survived before 1967 and these together with records up to 1987 are now available for public viewing. The National Archives can be contacted at Ruskin Avenue, Richmond, Kew, Surrey TW9 4DU or telephone, 020 8876 3444. The National Archives also have a website giving information about the records they hold and how to access them. This can be found on the internet at: <http://www.nationalarchives.gov.uk>. Further, the MoD has recently started a 3 year programme to transfer files covering the period 1979-2007 to The National Archives where they will be available for viewing on their website. The Ministry of Defence Freedom of Information website also contains some released information on UFOs. This can be accessed the internet at: www.mod.uk, by searching under UFO reports.

The Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

To describe the MoD as having a department that deals with UFOs is rather misleading as I suspect it gives the impression of a large organisation within the MoD dedicated to research into UFO matters and extra-terrestrials. There are only two posts within the MoD (including mine) that are dedicated to UFO matters. Although the overwhelming majority of the UFO work in these two posts involves (and has for decades) answering correspondence from the public or recording sightings reported to the MoD, we do on occasion investigate reports. This usually involves liaising with air defence specialists (e.g. radar specialists) on perhaps half a dozen reports per year. These will generally be

31/07/2008

sightings made by aircrew, members of the armed forces or the police. We do not do field investigations.

You have asked if the MoD has experts on UFO matters. We have a great many specialists on air defence and scientific matters who can be consulted if we decide to investigate a UFO report. However, whilst incumbents of the two posts to which I referred will by default gain a level of knowledge on the subject of UFOs and Ufology, "*UFO expert*" is a term I would wish to avoid. We have no official definition for the term and to use it in any but the loosest manner might be to overstate our position.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

I am sorry I was unable to be more helpful.

AUTHORISATION FOR THE RELEASE OF INFORMATION

Applicant: **Section 40**

Case Number: 24-07-2008-092121-001

Expiry: 22 Aug 08

The Applicant has made the following request for information:

All documentation on Cosford Incident

Case for release of information

File is due for release later this year to TNA. Therefore exemption s.22 applies.

PIT included in response

Authorisation

I hereby give authorisation to withhold the aforementioned information subject to the above exemption

Grade/Rank: B2 Name:..... **Section 40**

Authorisation Reference Number: DAS-FOI 08/05..... **Section 40**

Date:..... 30/7/08

Section 40

From: Section 40

Sent: 30 July 2008 10:12

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 24-07-2008-092121-001

Dear Section 40

Thank you for your Freedom of Information request of 23 July 2008 asking for documents on the sightings over RAF Cosford on 30-31 March 1993.

The MoD file on this matter, D/Sec(AS)/12/7 Part A, is one of the files the MoD will be transferring to The National Archives as part of a programme to transfer some 160 files covering the period 1978-2007. It is not possible to state when the file will actually be transferred, but it is expected it will be within the next 12 months. Therefore, under exemption s.22 (Information Intended for Future Publication) the MoD is not obliged to provide you with the information you requested.

This is not the end of the matter, of course; section 22 is a qualified exemption, meaning that the MOD must assess the balance of public interest in release of the information.

Whilst there is undoubtedly public interest in this file being released to the public as it will enable them to have a more informed view of the MoD's role in this incident, there is no overriding reason why the public should have the information immediately. Indeed it could be argued, that by releasing files in chronological order, the public will be able to follow the role of the MoD in a more logical and orderly fashion, and to view actions in their correct historical perspective.

It is part of effective administration of government that the publication of information is planned and managed within the department responsible. The release of this file will undermine this release process, and delay the release of other files (which other members of the public may be waiting for) as work on them would necessarily have to be put off.

Finally, the release programme itself is complicated and the release of files out of sequence will result in unnecessary confusion for the MoD, The National Archives and, indeed, the public when they are attempting to track files once they are transferred.

It is for these reasons that we do not believe it would be in the public interest to release this file at this moment. That having been said, I can provide you with a great many of the documents that have appeared on the file as they have previously been placed on the MoD internet sight, although for copyright reasons, they have now been withdrawn. If you would like to see these documents, I can arrange for them to be forwarded to you, although it would be helpful if you would indicate whether you require a paper or electronic version.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has

30/07/2008

been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk> <<http://www.informationcommissioner.gov.uk/>>."

I am sorry I could not be of more assistance.

Yours sincerely,

Dear **Section 40**

Thank you for your Freedom of Information request of 26 July 2008 asking for a copy of documents on the Cosford Incident that had previously been available on the MoD website. They are enclosed. You also asked for copies of UFO documents or reports.

Some personal information such as names, addresses, telephone numbers etc has been withheld from the Cosford documents as they are not directly relevant to your request. You will notice that whilst most of the information withheld has been blacked out manually with a marker pen, some has clearly been blacked out electronically. These are amendments to bring the documents into line with current MoD practice and therefore the documents do not exactly match those that appeared on the website. That having been said, I do not believe that these amendments substantially alter the documents.

You may wish to know that the original file that these documents were drawn from is one of 160 due for transfer to The National Archives as part of the three year programme that has recently been featured in the UK media. It is not possible to give a date for when it will be transferred, but I hope it will be before the end of the year.

The MOD has already released a great deal of information about UFOs which is available for public viewing. MOD files were routinely destroyed after five years until 1967 when they were generally preserved for The National Archives. A few have survived before 1967 and these together with records up to 1987 are now available for public viewing. The National Archives can be contacted at Ruskin Avenue, Richmond, Kew, Surrey TW9 4DU or telephone, 020 8876 3444. The National Archives also have a website giving information about the records they hold and how to access them. This can be found on the internet at: <http://www.nationalarchives.gov.uk>. The Ministry of Defence Freedom of Information website also contains some released information on UFOs. This can be accessed the internet at: <http://www.mod.uk/DefenceInternet/FreedomOfInformation/PublicationScheme>, by searching under UFO reports.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall,

SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>."

Yours sincerely,

Section 40

The Constitution Unit, a research body at University College London, is carrying out an independent evaluative study of the Freedom of Information Act 2000 in co-operation with a number of public authorities, including the Ministry of Defence. An important part of the evaluation process is gathering the experiences and opinions of FOI requesters like you. Any information you provide will only be seen by the Constitution Unit and will be handled in accordance with its privacy policy explained in the survey. The Ministry of Defence will only see the published results: no individual responses will be visible to us and your participation will have no effect on your future dealings with the Ministry.

If you would like to take part in this study, please visit the following link to be taken directly to the survey: <http://tinyurl.com/6prff8>. Or, if you prefer, contact Ben Worthy at b.worthy@ucl.ac.uk or on 020 7679 4974 to ask more about the study.

If you have filled this survey out before, we invite you to fill it out again in light of the recent response to your request.

To: Section 40

Subject: Release-authorized: FREEDOM OF INFORMATION REQUEST 15-07-2008-080805-001

Dear Section 40

Thank you for your Freedom of Information request of 14 July 2008 asking to see our files on UFO sightings and paranormal incidents that have been reported to the MoD over the last 12 months.

Firstly, it may be helpful if I explain that the Ministry of Defence has no expertise or role in respect of 'UFO/flying saucer' matters or to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. The MOD examines any reports of sightings solely to establish whether what was seen might have some defence significance. The MOD's only concern therefore, is to establish whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

Details of UFO sightings reported to the MoD for the period 1997-2007 are available for viewing on the MoD website at www.mod.uk by searching under *UFO Reports*. Reports for the year 2008 will be published in the same place in January 2009 and therefore, as provided by exemption s.22 (Information intended for future publication) of the Freedom of Information Act 2000, the MoD are not obliged to comply with this part of your request.

This is not the end of the matter however, of course; exemption 22 is a qualified exemption, meaning that the MoD must assess the balance of the public interest in release of the information which is outlined below.

Whilst there is undoubtedly public interest in details of sightings being released to the public, there is no overriding reason why the public should have that information immediately. It is part of the effective administration of government that the publication of information is planned and managed within the department responsible. Details of UFO sightings are of great interest to researchers and writers. By placing the information on the MoD website in January, all interested parties receive the information at the same time, which ensures no one has any particular advantage over their competitors.

Turning to the matter of paranormal sightings, it would be helpful if you would explain what you mean by the term, as I suspect it means different things to different people. If you can state what exactly you are looking for, I can check our correspondence files to see if we have anything that fits the bill.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the

23/07/2008

Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

Sent: 23 July 2008 12:59

To: Section 40

Subject: Release-authorised: FREEDOM OF INFORMATION REQUEST 09-07-2008-153423-008

Dear Section 40

Thank you for your letter of 6 July 2008 asking for copies of documents mentioning the UFO sightings on 7th June 2008 over Tern Hill barracks and 8th June 2008 involving the a police helicopter. Additionally, you asked for copies of any other UFO reports sent for those dates. Finally, you asked for a copy of current material held by the MoD press office relating to UFOs.

I believe that my previous responses to you on 10, 11 and 17 July 2008 have provided you with the relevant MoD documentation on both the Tern Hill and Cardiff police helicopter incidents.

Turning to your request for material held by the press office, it is as follows:

The MoD examines reports solely to establish whether UK airspace may have been compromised by hostile or unauthorised military activity. Unless there is evidence of a potential threat, there is no attempt to identify the nature of each sighting reported.

If the press office requires more specific information, they will ask for it.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

I hope this is helpful.

Dear Section 40

Thank you for your Freedom of Information request of 22 July asking for any and all information regarding Rudloe Manor. You include any and all information regarding to operations, research and activities carried out there. Additionally you request any and all information regarding Rudloe Manor and its relationship to UFO activity and UFO tracking, logging and research. You request any information you have regarding the US secret project titled LUNA, non-terrestrial officers and an individual named Gary McKinnon, currently facing extradition to the US.

Answering your request would far exceed the permitted £600 limit set for compliance with the Freedom of Information Act and, as provided by Section 12 of the Act, the Ministry of Defence is not obliged to comply with your request. Your request covers a number of different topics. If you could limit your request to one specific item, I may be able to help. I would also advise you to limit the scope of your request to a specific and shorter time period such as two years.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

Subject: FREEDOM OF INFORMATION REQUEST - COSFORD DOCUMENTS

Dear Section 40

Thank you for your Freedom of Information request of 18 July 2008 asking for copies of documents on the Cosford Incident.

I am afraid that I am unable to e-mail you the documents you have asked for (they are too big), but I can provide you with them on disk if you would confirm your postal address.

Dear **Section 40**

Thank you for your Freedom of Information request of 29 June 2008 asking for all documentation relating any unidentified aircraft for 7-8 June 2008. Additionally, you asked for any material held by Tern Hill on the 7 June sighting and any material sent between this office, the MoD press office and Ministers.

The MoD does not attempt to identify all flying within the UK and as I stated in my e-mail of 27 June 2008, does not record Air Traffic Control itself. Again, I suggest you contact the CAA.

My letter of 10 July has provided you with copies of documents held by Tern Hill on the UFO sighting on 7 June 2008 which was passed to this office in order for us to answer your Freedom of Information request 01-07-2008-131609-002. It also includes press office and Minister's Offices documents on the subject.

I enclose copies of documents relating to UFO reports for 7-8 June 2008. This includes the alleged sighting near Cardiff on 8 June 2008. You may wish to be aware that the MoD has not received a copy of any report on that particular incident. You will note that some personnel information such as names and telephone numbers, have been withheld as they are not directly relevant to your request.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk> <<http://www.informationcommissioner.gov.uk>>."

Yours sincerely,

Section 40

The Constitution Unit, a research body at University College London, is carrying out an independent evaluative study of the Freedom of Information Act 2000 in co-operation with a number of public authorities, including the Ministry of Defence. An important part of the evaluation process is gathering the experiences and opinions of FOI requesters like you. Any information you provide will only be seen by the Constitution Unit and will be handled in accordance with its privacy policy explained in the survey. The Ministry of Defence will only see the published results: no individual responses will be visible to us and your participation will have no effect on your future dealings with the Ministry.

If you would like to take part in this study, please visit the following link to be taken directly to the survey: <http://tinyurl.com/6prff8>. Or, if you prefer, contact Ben Worthy at b.worthy@ucl.ac.uk or on 020 7679 4974 to ask more about the study.

If you have filled this survey out before, we invite you to fill it out again in light of the recent response to your request.

Dear [REDACTED]

I am writing with reference to your report of an 'unidentified flying object', seen on 7 June 2008, the details of which you passed to the MOD by e.mail. This office is the focal point within the Ministry of Defence for correspondence relating to 'UFOs.'

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity.

Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

The MOD does not have any expertise or role in respect of 'UFO/flying saucer' matters to the question of the existence or otherwise of extraterrestrial life forms, about which it remains totally open-minded. I should add that to date, the MOD knows of no evidence which substantiates the existence of these alleged phenomena.

With regard to your particular observation, I can confirm that we received no other reports of 'UFO' sightings for 7 June 2008 from anywhere in the UK. We are satisfied that there is no corroborating evidence to suggest that the United Kingdom's airspace was breached by unauthorised aircraft.

Sorry I could not be any help.

Yours sincerely

Linforequest: Not sure whether this is the correct email address to use, but my partner and I saw a very strange object in the sky over Croydon on 07/06/08 at just before 11pm. We continued to watch it for several minutes before it flew off. It did not behave like a conventional aircraft. I have photos which look disturbingly like objects described in your "UFO" reports. We are intrigued to know what it might be.

Regards

Dear **Section 40**

Thank you for your Freedom of Information requests of 23 June 2008 asking for copies of all files and reports associated with an alleged incident involving a police helicopter and a UFO near Cardiff on 8th June 2008.

Other than being aware of the incident via the media and members of the public such as yourself asking for information on the subject, the MoD has not received any report on the incident and therefore has no file on the matter. I can confirm however, that military radar reported no unusual activity for the time in question.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website,
<http://www.informationcommissioner.gov.uk> <<http://www.informationcommissioner.gov.uk/>>."

Dear **Section 40**

Thank you for your Freedom of Information request of 8 June 2008 asking for details on the Rendlesham Incident. I enclose a copy of our file on the subject in CD format, in line with your e-mail of 12 July 2008.

Some personal information such as names, addresses and telephone numbers has been withheld under exemption s.40 (Personal Information) of the Freedom of Information Act 2000. The file is a compilation file comprised of documents that were removed from their original file and placed on this file. This would account for the non sequential enclosure numbering. Although the file cover states the file was opened on 25 October 1982, it is clear that this was not the case. Sec(AS) was not in being at this time, only being formed in early 1985 and therefore no file with a reference number commencing with D/Sec(AS) could have been in existence in 1982. No record of when the file was created can be found.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>."

Yours sincerely,

Section 40

The Constitution Unit, a research body at University College London, is carrying out an independent evaluative study of the Freedom of Information Act 2000 in co-operation with a number of public authorities, including the Ministry of Defence. An important part of the evaluation process is gathering the experiences and opinions of FOI requesters like you. Any information you provide will only be seen by the Constitution Unit and will be handled in accordance with its privacy policy explained in the survey. The Ministry of Defence will only see the published results: no individual responses will be visible to us and your participation will have no effect on your future dealings with the Ministry.

If you would like to take part in this study, please visit the following link to be taken directly to the survey: <http://tinyurl.com/6prff8>. Or, if you prefer, contact Ben Worthy at b.worthy@ucl.ac.uk or on 020 7679 4974 to ask more about the study.

If you have filled this survey out before, we invite you to fill it out again in light of the recent response to your request.

Dear Sir or Madam,

Thank you for your Freedom of Information request of 8 June 2008 asking for details of the Rendlesham Incident.

The MoD has a file on this matter and I am happy to provide you with a copy. In order to save paper, I would prefer to provide you with a CD if that is acceptable to you. In any event, as the file is too large for me to send by e-mail, I will require your full name and postal address.

Dear **Section 40**

Thank you for your Freedom of Information requests of 23 June 2008 asking for copies of any UFO photographs held by the MoD for the period 1990-2008

Providing you with the information you requested is likely to exceed the permitted £600 limit set for compliance with the Freedom of Information Act and as provided by Section 12 of the Act, the Ministry of Defence is not obliged to comply with your request. If you could narrow the scope of your request, perhaps to one or two years, I may be able to help you.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website,
<http://www.informationcommissioner.gov.uk> <<http://www.informationcommissioner.gov.uk/>> ."

To: 1RIRISH-Trg-Offr [REDACTED]
Subject: UFO SIGHTING 7 JUNE 2008 TERN HILL BARRACKS

Dear Capt. [REDACTED]

The Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

Given the reports of the nearby hotel setting off Chinese Lanterns around the time of the sighting at Tern Hill and the above policy, I do not intend to investigate the matter any further.

I should however, be grateful if you would pass this decision on to the soldier that reported the sighting. I assume he has retained a copy of the video. If not, I shall return my copy to him, otherwise, it will be destroyed.

REDACTION ON ORIGINAL DOCUMENT

[REDACTED]

From: [REDACTED]
Sent: 26 June 2008 14:29
To: [REDACTED]
Subject: TERN HILL SIGHTING 7 JUNE 2008

The Sun has reported a UFO sighting over Ternhill Barracks in Shropshire at about 11pm on 7 June 2008. It appears that a number of soldiers saw lights in the sky and made a video which they have passed to the newspaper. They have not made a formal written report on the matter, although they did inform their superiors.

The MoD in London became involved when the press office was contacted by the newspaper on 24th June. On 25th June I requested a copy of the video from Media Ops at HQ 5 Div where it had been passed by the unit concerned. It shows a number of lights in the sky. As reported in the paper, the lights change colour and appear square, but this looks like the pixels showing up as the photographer zoomed in. They do not appear to be moving very quickly.

The BBC has reported that at the same time as the alleged incident, a local hotel was letting off Chinese lanterns and, apparently, the hotel manager thinks the whole UFO story is "highly hilarious".

I do not intend to investigate any further as I think we have our answer and, as I suspect there might be copyright issues surrounding the video, do not intend to retain a copy on our files.

I will inform the soldiers of my decision through their 2ic.

Subject: release-authorised: UFO sighting at Tern Hill

[REDACTED]

We spoke, but the following is the basic story:

I took a call this morning from the 2IC rear party at 1 Royal Irish at Tern Hill
Capt [REDACTED] on [REDACTED]

A soldier who was part of a fire picket tagging on at the camp on 7 June took video footage with a camera on a mobile phone of what he says were "UFOs" in the sky above the camp – which they have emailed to The Sun – and which The Sun is apparently planning on splashing – probably tomorrow.

I don't have all the details/timings but what I do have is the following:

1. Soldier is Cpl [REDACTED] who the phone belongs to – he was accompanied by Pte [REDACTED] who also witnessed the "UFOs".
2. The footage was taken on 7 June at 23.03hrs – with a 5 megapixel camera on the phone.
3. 2IC rear party says the video images are very good.
4. The 2IC says the images could not have been anything to do with nearby RAF Shawbury.
5. They show lots of multi-coloured dots and zoom in on a cube shaped object which then flattens.
6. The Sun has already interviewed Cpl [REDACTED] – he has explained to them what he saw.
7. There is some suggestion of payment being offered – though I think a discussion about that has still to happen.
8. I have reminded all, the 2IC and Cpl [REDACTED] about their responsibilities ref the DIN on communicating with the media.
9. Cpl [REDACTED] spoke to [REDACTED] an editor at The Sun (?)
10. Cpl [REDACTED] mobile number is [REDACTED]
11. I spoke to the CRO at RAF Shawbury who said he was not aware –

Subject: FREEDOM OF INFORMATION REQUEST 10-07-2008-144623-005

Dear Section 40

Thank you for your Freedom of Information request of 10 July 2008 asking for the number, location, time and date of any UFO sightings in Lincolnshire in 2004-2008.

There has been one sighting in 2008 to date. This was at 17:50 on 23 June 2008 in the Lincoln/Welton area.

Details of sightings for 2004-07 can be found on the MoD website at www.mod.uk by searching in the publication scheme under *UFO Reports*.

If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

10/07/2008

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>.

I hope this is helpful.

Dear **Section 40**

I am writing concerning your Freedom of Information request asking if we could release any information/reports relating to either the 15% of sightings occurring in North Yorkshire and the information/reports on the 33 sightings in and around Selby in 2004.

First, it may be helpful if I explain that the Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorised air activity. Unless there is evidence of a potential threat to the United Kingdom from an external source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

With regards to information/reports relating to UFO sighting in North Yorkshire, the Ministry of Defence Freedom of Information website has a database which contains information on UFO sighting reports from the year 1997 up to 2007. This can be accessed via the internet at:
<http://www.mod.uk/DefenceInternet/FreedomofInformation/PublicationScheme>,
by searching under 'UFO' Reports.

Finally, you may also wish to know that the MOD has already released a great deal of information about UFOs available for public viewing. MOD files were routinely destroyed until 1967, when they were generally preserved for The National Archives. A few have survived before 1967 and these together with records up to 1987 are now available for public viewing. The National Archives can be contacted at Ruskin Avenue, Richmond, Kew, Surrey TW9 4DU, or telephone, 0208 876 3444. The National Archives also have a website giving information about the records they hold and how to access them. This can be found on the internet at:
<http://www.nationalarchives.gov.uk>.

I hope this is helpful. If you are unhappy with this response or you wish to complain about any aspect of the handling of this request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail InfoXD@mod.uk). Please note that any request for an internal review must be made within 40 days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may wish to take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate your case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website, <http://www.informationcommissioner.gov.uk>

Yours sincerely

The Constitution Unit, a research body at University College London, is carrying out an independent evaluative study of the Freedom of Information Act 2000 in co-operation with a number of public authorities, including the Ministry of Defence. An important part of the evaluation process is gathering the experiences and opinions of FOI requesters like you. Any information you provide will only be seen by the Constitution Unit and will be handled in accordance with its privacy policy explained in the survey. The Ministry of Defence will only see the published results: no individual responses will be visible to us and your participation will have no effect on your future dealings with the Ministry.

If you would like to take part in this study, please visit the following link to be taken directly to the survey: <http://tinyurl.com/6prff8>. Or, if you prefer, contact Ben Worthy at b.worthy@ucl.ac.uk or on 020 7679 4974 to ask more about the study.

If you have filled this survey out before, we invite you to fill it out again in light of the recent response to your request.

Dear Section 40

Thank you for your Freedom of Information request of 26 June 2008 asking for all documentation relating to the alleged UFO sighting at Tern Hill on 7 June 2008. Additionally, you have asked for a copy of the video taken at the time and for any reports made by military personnel at Tern Hill on the night in question.

I enclose documents that relate to the reported sighting. You will note that some personnel information such as names and telephone numbers, have been withheld as they are not directly relevant to your request. No written (or electronic) reports were actually made so I am unable to assist with this part of your request.

A copy of the video is provided as requested. You should be aware that the MoD does not hold the copyright for this video and should you intend to publish or reproduce it, you should first seek legal advice.

If you are unhappy with this response or you wish to complain about any aspect of the handling of your request, then you should contact me in the first instance. If informal resolution is not possible and you are still dissatisfied then you may apply for an independent internal review by contacting the Director of Information Exploitation, 6th Floor, MOD Main Building, Whitehall, SW1A 2HB (e-mail Info-XD@mod.uk). Please note that any request for an internal review must be made within 40 working days of the date on which the attempt to reach informal resolution has come to an end.

If you remain unhappy following an internal review, you may take your complaint to the Information Commissioner under the provisions of Section 50 of the Freedom of Information Act. Please note that the Information Commissioner will not investigate the case until the internal review process has been completed. Further details of the role and powers of the Information Commissioner can be found on the Commissioner's website,
<http://www.informationcommissioner.gov.uk> <<http://www.informationcommissioner.gov.uk/>>."

I am sorry I could not be of more assistance.

Mrs [REDACTED]
Subject: release-authorised: UFO sighting at Tern Hill

[REDACTED]
We spoke, but the following is the basic story:

I took a call this morning from the 2IC rear party at 1 Royal Irish at Tern Hill
Capt [REDACTED] on [REDACTED]

A soldier who was part of a fire picket tagging on at the camp on 7 June took video footage with a camera on a mobile phone of what he says were "UFOs" in the sky above the camp – which they have emailed to The Sun – and which The Sun is apparently planning on splashing – probably tomorrow.

I don't have all the details/timings but what I do have is the following:

1. Soldier is Cpl [REDACTED] who the phone belongs to – he was accompanied by Pte [REDACTED] who also witnessed the "UFOs".
2. The footage was taken on 7 June at 23.03hrs – with a 5 megapixel camera on the phone.
3. 2IC rear party says the video images are very good.
4. The 2IC says the images could not have been anything to do with nearby RAF Shawbury.
5. They show lots of multi-coloured dots and zoom in on a cube shaped object which then flattens.
6. The Sun has already interviewed Cpl [REDACTED] – he has explained to them what he saw.
7. There is some suggestion of payment being offered – though I think a discussion about that has still to happen.
8. I have reminded all, the 2IC and Cpl [REDACTED] about their responsibilities ref the DIN on communicating with the media.
9. Cpl [REDACTED] spoke to [REDACTED] an editor at The Sun (?)
10. Cpl [REDACTED] mobile number is [REDACTED]
11. I spoke to the CRO at RAF Shawbury who said he was not aware –

Subject: UFO SIGHTING 7 JUNE 2008 TERN HILL BARRACKS

Dear Capt. [REDACTED]

The Ministry of Defence examines any reports of 'unidentified flying objects' it receives solely to establish whether what was seen might have some defence significance; namely, whether there is any evidence that the United Kingdom's airspace might have been compromised by hostile or unauthorized foreign military activity.

Unless there is evidence of a potential threat to the United Kingdom from an external military source, and to date no 'UFO' report has revealed such evidence, we do not attempt to identify the precise nature of each sighting reported to us. We believe that rational explanations, such as aircraft lights or natural phenomena, could be found for them if resources were diverted for this purpose, but it is not the function of the MOD to provide this kind of aerial identification service. It would be an inappropriate use of defence resources if we were to do so.

Given the reports of the nearby hotel setting off Chinese Lanterns around the time of the sighting at Tern Hill and the above policy, I do not intend to investigate the matter any further.

I should however, be grateful if you would pass this decision on to the soldier that reported the sighting. I assume he has retained a copy of the video. If not, I shall return my copy to him, otherwise, it will be destroyed.

[REDACTED]

From: [REDACTED]
Sent: 26 June 2008 14:29
To: [REDACTED]
Subject: TERN HILL SIGHTING 7 JUNE 2008

The Sun has reported a UFO sighting over Ternhill Barracks in Shropshire at about 11pm on 7 June 2008. It appears that a number of soldiers saw lights in the sky and made a video which they have passed to the newspaper. They have not made a formal written report on the matter, although they did inform their superiors.

The MoD in London became involved when the press office was contacted by the newspaper on 24th June. On 25th June I requested a copy of the video from Media Ops at HQ 5 Div where it had been passed by the unit concerned. It shows a number of lights in the sky. As reported in the paper, the lights change colour and appear square, but this looks like the pixels showing up as the photographer zoomed in. They do not appear to be moving very quickly.

The BBC has reported that at the same time as the alleged incident, a local hotel was letting off Chinese lanterns and, apparently, the hotel manager thinks the whole UFO story is "highly hilarious".

I do not intend to investigate any further as I think we have our answer and, as I suspect there might be copyright issues surrounding the video, do not intend to retain a copy on our files.

I will inform the soldiers of my decision through their 2ic.

Dear Sir/Madam,

This is a Freedom of Information Act request. I would like to request copies of all documentation either written or electronic relating to the alleged UFO sighting by Corporal Section 40 and colleagues over Tern Hill barracks near Market Drayton in Shropshire on June 7th 2008.

I understand that Corporal Section 40 reported the incidents in question to his commanding officers. I would therefore like to request a copy of this report either written or electronic and any other reports submitted by any other military personnel at Tern Hill barracks on the night in question (June 7th 2008).

I would also respectfully like to request a copy of the video film footage taken by Corporal Section 40 and any other such footage that may have been taken by other military personnel at the times.

Yours sincerely,
