V., [REDACTED] Road, Chesapeake, Virginia. He believes that he was taken into this craft which he recalls as been made of a glass like substance and being transparent. It was manned by several individuals who appeared to be undersized creatures similar to members of the human race, probably not more than four feet tall. They were allegedly wearing regular trouser pants and T-Shirts. [REDACTED] believes that he was transported by this craft for an undetermined distance and returned to his point of take off approximately one hour later.

He stated that he was telephoning from his workshop but had no recollection of being elsewhere between 200 and 0400.
