Major Robert E. Kennedy, USAF,
Air Adjutant General,
Air Technical Intelligence Center,
Wright-Patterson Air Force Base, Ohio.

Dear Major Kennedy:

I am in receipt of your letter of September 18, with questionnaire enclosed relative to the recent unidentified aerial phenomena.

Permit me to say that I did not see the phenomena. The ladies involved, Mr[redacted]e, Mrs[redacted] Mrs.[redacted], and Mrs.[redacted] telephoned this radio station and reported the occurrence. I immediately took the chief engineer and called on the ladies for an interview.

So earnest were they in their reports, and so apparently convinced that what they had seen was not jet planes, etc., that I deemed it proper to telephone the nearest base, Robins Air Force Base, Macon, Georgia.

The next day I was interviewed by two officers from Robins. That is the extent of my activities, and regret that I can be of no further service.

I accompanied the two officers to the street and directed them how to find the ladies.

Sincerely yours,

Sarah Orr Williams
