- I WAS PILOT AND HAD THREE PASSENGERS. I WAS UNCERTAIN REGARDING REPORTING THE OBJECT - THEN HEARD SOMEONE ELSE ON SAME FREQUENCY REPORT WHAT APPEARED TO BE AN EXPLOSION AND THEN HEARD A REQUEST TO PARTLY REPORTING IF THEY COULD GIVE A LOCATION. THEREFORE, I TOLD NEW YORK CENTER I'D SEEN SOMETHING AND IT WAS ABOUT 30 DEGREES TO THE RIGHT OF MY COURSE AND, IF THE OTHER AIRCRAFT COULD GIVE A FIX, MAYBE THE OBJECT COULD BE FIXED.

IT IS MY THOUGHT THAT IT MIGHT BE THE RE-ENTRY OF SOME OBJECT BACK INTO OUR ATMOSPHERE THAT GOT UNUSUALLY LOW.
