AIR INTELLIGENCE INFORMATION REPORT		
SUBJECT (UNCLASSIFIED) Unidentified Flying Objects Reporting (Short Title: FLYOBJRPT)		
AREA REPORTED ON Middletown Air Materiel Area	FROM (Agency) Intelligence Office Olmsted Air Force Base, Middletown, Pa.	
DATE OF REPORT 20 August 1952	DATE OF INFORMATION 18 August 1952	EVALUATION
PREPARED BY (Officer) John I. Spiegel, 2d Lt, USAF	SOURCE Civilian Observer	
REFERENCES (Control number, directive, previous report, etc., as applicable) Air Force Letter No. 200-5, 29 Apr 52		
SUMMARY: (Enter concise summary of report. Give significance in final one-sentence paragraph. List inclosures at lower left. Begin text of report on AF Form 112—Part II.)		

Reference TWX 171630Z this Headquarters reporting sighting of unidentified flying objects by Mr. [REDACTED], Penbrook, Penna., on 17 August 1952. Investigation by this Office has revealed that in all probability Mr. [REDACTED] was observing three aircraft.

Mr. [REDACTED] estimates of the altitude of the objects were from "ten feet above the trees to 250 feet", but his contention that the objects disappeared intermittently behind the clouds which are known to have been scattered at 5,000 feet indicates that the objects were much larger and farther from him than he believed.

A number of Air National Guard fighter aircraft are known to have been in or around the area during the time of the observation, and Mr. [REDACTED] admitted that he heard "distant airplanes." Other comments by the observer and his wife, who also witnessed the sighting, very strongly indicate that the objects were aircraft.
