11. BRIEF SUMMARY AND ANALYSIS

Observer stated that he was setting along the lake, when this object came about 2-3 feet above the ground. He stated two men got out along side of the object and just looked around. Since 12 May the individual has seen and reported numerous objects. Quite often he has reported contact with extraterrestrial life.

Investigation revealed that witness is unreliable. Contact with several individuals in witness's' home town revealed that witness is unstable.

34. Date you completed this questionnaire: 5 (Day) June (Month) 1962 (Year)

35. Information which you feel pertinent and which is not adequately covered in the specific points of the questionnaire or a narrative explanation of your sighting.

I was driving on Hwy 4 miles west of Town
Fox I was on a curve by a small lake about a mile
to the north end of the lake I saw three
objects come from behind the trees.
I first noticed a man was standing behind
the steering control on the object. It was hitting
on it as if it was to get it moving. It had
a hood over his head and face and a cape
type garment on. He had a helmet on
with a visor. The visor was dark
so I was not able to see his eyes. He
had a suit on that was silver in color
with a cape. He had gloves on.
The object was about 20 feet off the ground
and was round in shape. It had
a silver top and bottom with a band
around the middle. It was about
30 feet in diameter. It had
a dome on top. The dome had
a window on the front. The window
was dark so I was not able to see
the man inside. The object
hovered for about 20 minutes and
then took off straight up
at a very high rate of speed.

DRAFT PROPOSED REPLY

Mr. [redacted]

1. Reference your recent observation of an unidentified flying object. We have attempted to determine what you observed; however, to date we have been unable to locate the exact stimulus. You did mention that the aliens left behind a box of angel hair. We asked for the opportunity to review some of the material; however, none was received. We have not received any additional reports from the Graysville, Indiana area on 19 May 1967.

2. In the future, if you should observe another UFO, contact the nearest Air Force installation, which is Bakalar AFB, near Columbus, Indiana. They are in a much better position to conduct an on-the-spot investigation. The UFO investigator at Bakalar AFB is Major Richard J. Smart, 434th Troop Carrier Wing, Bakalar AFB, Indiana 47201, area code 812, 372-2501 extension 202.

Mr. [redacted]
Base Operations Officer
Bakalar Air Force Base
Columbus, Indiana

Dear John,

Per the telephone request of Major Tippy on 19 July 1967, I have made an informal investigation of the background of Mr. [redacted] Street, Sullivan, Indiana.

Mr. [redacted] is about forty years old, unmarried and resides with his mother, a widow. He is intermittently employed at various unskilled jobs and is frequently intoxicated.

I have contacted (1) a former employer, (2) the local police department, (3) a local service station operator who has frequent contacts with Mr. Borders, and (4) Mr. [redacted] uncle, who is a respected local businessman.

Mr. [redacted] is an Air Force veteran and receives a disability pension. All persons contacted including his uncle, reported him to be an unstable and unpredictable individual of questionable veracity.

About two years ago he was the prime suspect in an attempted armed robbery but was not indicated due to a lack of more than circumstantial evidence.

In view of the foregoing, I did not contact Mr. Borders directly as it did not appear his credibility was reliable.

Sincerely,

Joe T. Pound

Reference your recent observation of an unidentified flying object. The information which we have received is not sufficient for a scientific evaluation. Request you complete the attached FTD Form 164 and return it in the envelope provided. In addition, there was mentioni in the report that the "aliens" left behind a box of "angel hair." The Air Force would appreciate the opportunity to review some of this material, if possible. A portion of the material can be returned with the completed questionnaire. Thank you for reporting your observation to the Air Force.
