UFO Report dtd 16 Feb 67

UNIDENTIFIED FLYING OBJECTS REPORT (UFOB)

FORM:	FILE:	TIME:	2
-------	-------	-------	---

1. Description of the object(s):

a. Shape ROUND

b. Size compared to known object SIZE OF BASKETBALL

c. Color Reddish Silver

d. Number

e. Formation, if more than one

f. Any discernible features or details NO NOISE

g. Tail, trail, or exhaust, including size of same compared to size of object(s) NO

h. Describe sound, if heard NIL

i. Other pertinent or unusual features ILLUMINATED THE WHOLE HOUSE IN HILINA NY (NAME WAS NOT AVAILABLE)

2. Description of course of object(s): DUE WEST

a. What first called the attention of the observer to the object(s)?

b. Angle of elevation and azimuth of the object(s) when first observed

c. Angle of elevation and azimuth of the object(s) upon disappearance

d. Description of flight path and maneuvers of object(s) MOVING FROM MALONE & CANTON AREA TO WATERTOWN

e. Manner of disappearance of object(s) one drooper followed it for 10 miles

f. Length of time in sight about 10 min. and lost sight of it when it disappeared below the horizon

3. Number of observations: 1st report [redacted] - WATERTOWN - 2nd report by Sgt. Downing [redacted] OF CANTON

a. Ground-visual, ground-electronic, air-visual, air-electronic. (If electronic, specify type of radar)

[redacted] IN MALONE [redacted] IN CANTON [redacted] IN MASSADA

b. Statement of optical aids (telescopes, binoculars, etc., and description thereof)

NIL

c. If sighting is made while airborne, give type aircraft, identification number, altitude, heading, speed, and home station

N/A

4. Time and date of sightings:

a. Date-time-date group of sighting START DROOPER CALLED 49515 @ 0055Z JAN 64

b. Light conditions: Night, day, dawn, dusk NIGHT

5. Location of observer. Exact latitude and longitude of observer(s), Geopos. position, or position with reference to a known landmark

HILINA NY (ILLUMINATED THE WHOLE HOUSE)

6. Identifying information of all observers:

a. Civilian - Name, age, mailing address, occupation.

[redacted]

6. Unitary - Name, grade, organization, duty station, and estimate of reliability

7. Weather and winds-aloft conditions at time and place of sightings

a. Observer's account of weather conditions

b. Report from nearest AMS or U.S. Weather Bureau Office of wind direction and velocity in degrees and knots at:

Surface:	280 / 22K.	20,000'	280/50
5,000'	280 / 55	30,000'	260/95
10,000'	270 / 45	50,000'	260/50
15,000'	280/45	80,000'	270/35

c. Ceiling 32000 OVERCAST

d. Visibility 3 SW

e. Amount of Cloud Cover 9/10

f. Thunderstorms in area and quadrant location

8. Any other unusual activity or condition, meteorological, astronomical, or otherwise, which might account for the sighting.

9. Interception or identification action taken called 655 Base Ops (INW PANAMA)
NO VISUAL TEST AIR CRAFT WERE FLYING.

10. Location of any air traffic in the area at the time of sighting

11. Information concerning officer preparing UO3 reports:

a. Name and position title SGT SEARS D.R. (SWDT)

b. Comments and preliminary analysis of preparing officer:

No similar traffic was on airway only no local ATC no fix as can be determined in that area. was unable to get any other information.

12. Existence of physical evidence, such as materials and photographs

13. Action taken:

Report received by (Name & Grade):

2111 hours SGT (RCAF)

Date/Time (Zulu):

17/0310

MEMO for the Record: 21 Feb 67

Contact with Sgt. Jackmon, Westover AFB (ext 2316) provided the following additional information. Loring AFB, Maine was using the low level training route Clever Chap shortly before the observation. Aircraft from Loring AFB made 4 releases at 2230, 2300, 2330, and 0000Z. They should be completely out of the area approximately 30 minutes later. There were also high flying aircraft in the area at 0045Z, but Sgt. Jackmon did not feel that they could have been easily observed. He did not think that the policeman could have seen the aircraft that had a bomb release at 0000Z unless the time of observation was about 2350Z.
